Bay Area
Dear Jim,

Enclosed are sub blanks. I am sorry that the subs could not start with the Nov. issue but it is impossible to make tapes up to the time that the paper comes off the press. And we have a new system which makes more work when making new plates but I haven't lost any subs yet so it seems to be fool proof. All of the mistakes that have to be corrected on Rosey's tape, etc. are mistakes that seem to have been living with the YS for months and months. Enough of this.

We have two files of subs; one filed with the original sub blanks and another which is the active file made on 3x5 cards and which corresponds with the plates.

The corrections on the tape sent back to me and also Rose's tape will be corrected for the next issue.

The returns are very poor and only a few places have answered the quota. The areas where Tim has been seem to be the best so far. (The west coast) Keep doing what you have been doing and your ~~and the work~~ area won't be a worry to me. Let's hope I'm still normal by the time of the conference. ~~This is the~~ The only free time I have these days is when I'm sleeping.

See you all in Dec. Oh! by the way I would like to have a complete report on sales of the YS; how many are sold, where and the results, etc.

Comradely,

Barbara
