ALL OUT TODAY FOR UNEMPLOYMENT RELIEF!

ROTTEN OLD BOAT BLOWS UP; 37 DEAD

Observation Withdrawn from Excursion Route Carried Workers

INSPECTORS APPROVED IT Workers Not Allowed to Use Regular Ferry

NEW YORK—The forty year old wooden craft Observation, withdrawn from excursion service and used to transport workers on Rikers Island penitentiary job, blew up in the East River yesterday morning, killing at least 37 workers and injuring an unknown number.

Police under the personal supervision of Commissioner Mulrooney, immediately closed the area and herded injured and uninjured to hospitals and station houses.

The J. P. Carlin contracting company had chartered the boat. The regular boat service to the island was not allowed for the company's workers who were thus herded onto the dangerous Observation.

The boiler inspector approved the boilers at the time of the last inspection on April 28th. The boat was of wooden construction and had been in use as an excursion yacht before being retired as unsafe for excursionists and put into service on the construction job. The slightest ramming would sink her. Boats built for sea-service by the grafting shipping board in the world war of similar construction have all been retired from service for safety reasons years ago.

A truck driver narrowly escaped death as a spear fragment pierced his cab just after he had stepped out of it. It had been blown over a block by the explosion.

One worker's body was hurled 130 feet through the window of a power plant on 134th St. Another body was blown through a roof of a building and the mangled corpse twisted in the beams.

Thirty seven bodies have been recovered at time of going to press. More are expected to be found by the grappling crews. Workers who saw the tragedy reported that many workers unharmed by the explosion or the steam scalding that followed it, were drowned in the undertow caused by the almost immediate sinking of the ship, unable to swim out.

Failure of Local 52 Iron Workers Union officials to force the company to abandon use of the Observation after complaints by members is partially responsible for the deaths. The union officials, pressed by the rank and file, condemned the ship on paper and did not make the company withdraw it from use.

PATTERSON HITS MURDER OF 38 "Death Trap Ships and Tenements Must Go!"

NEW YORK—Frank Markey, president of Local 52 Ironworkers Union and the capitalist administration of New York City were held responsible in a statement issued today by William L. Patterson, Communist candidate for Mayor, for the disaster on the East River yesterday, when the steamer Observation blew up, causing the death of 38 building trades workers and injuries to 100.

"Recently," Patterson stated, "rank and file members of Local 52, Ironworkers Union, who were forced to use that boat disclosed that it was an old, wooden vessel unsafe for service. Although Mr. Markey knew that the Observation was unsafe, while children are forced to attend schools that endanger the lives of the children."

"The safety of workers is of no account to the bosses who economize by using obsolete machinery and inadequate safety devices, regardless of the suffering such economy may bring to the workers," Patterson charged. The explosion of the Observation is only one of the numerous tragedies in which workers have lost their lives because of the greed of the bosses supported by their political lackeys.

Patterson cited the firstfruits in Harlem where Negro workers are workers to pay high rents to live in tenements which are unsafe, while children are forced to attend schools that endanger the lives of the children.

Foster and Ford Appeal from Campaign Front to Workers to Save "Daily"

Thousands of workers are flocking to our election meetings. At no time have the workers been so eager, so hungry to listen to our message of struggle against hunger and war.

Could our meetings be so successful without the DAILY? Is there a better collective organizer and agitator in the election campaign than the Daily? Mention the Daily Worker at an election meeting in the remotest corner of the country and the toilers are answering with thunderous cheers. The workers like the DAILY. The workers feel that they cannot do without the DAILY.

Comrades, workers, it is with the greatest alarm that we have learned of the danger of suspension. The further existence of the DAILY is our collective responsibility. Are we doing everything possible to save the DAILY?

The Daily is the spark that develops the flames of struggle. The toilers cannot live as of old. The radicalized workers are fighting. They are preparing for greater and sharper

battles. The workers, all toilers, in their struggle for their very lives, look to the Daily for guidance, for leadership and organization.

Our enemies, the Fishes and Doaks, do not dare to suspend the Daily Worker, fearing the mass protest of the workers. Shall our Daily be allowed to go out of existence because of the lack of funds? Every worker is confronted with the question.

The suspension of the Daily Worker would be the greatest blow to our election campaign. Our enemies would rejoice. The workers can be roused to the support of the Daily. The workers WILL save the Daily. Bring our

message of need to the workers. THEY WILL RESPOND!

Comrades, don't allow the spark to go out! Long live the DAILY WORKER, the only daily English speaking revolutionary workers' paper in the U.S.A!

(Signed) Wm. Z. FOSTER JAMES W. FORD

W. Z. FOSTER

JAMES W. FORD

Workers, your Daily is sinking! Since Wednesday only \$1,569.12 has been raised. We must have at least \$7,500 by Thursday to keep our Daily Worker alive.

Make collections at all affairs and gatherings, at all picnics, during the week-end. Canvass your neighborhoods, your friends! And rush all funds to the Daily Worker, 50 East 13th St., New York City. Bring donations and collections in person to the District Daily Worker office, 35 East 12th St., fifth floor, which will be open until 10:30 p. m. today and tomorrow.

DEMANDS OF THE RELIEF MARCHERS

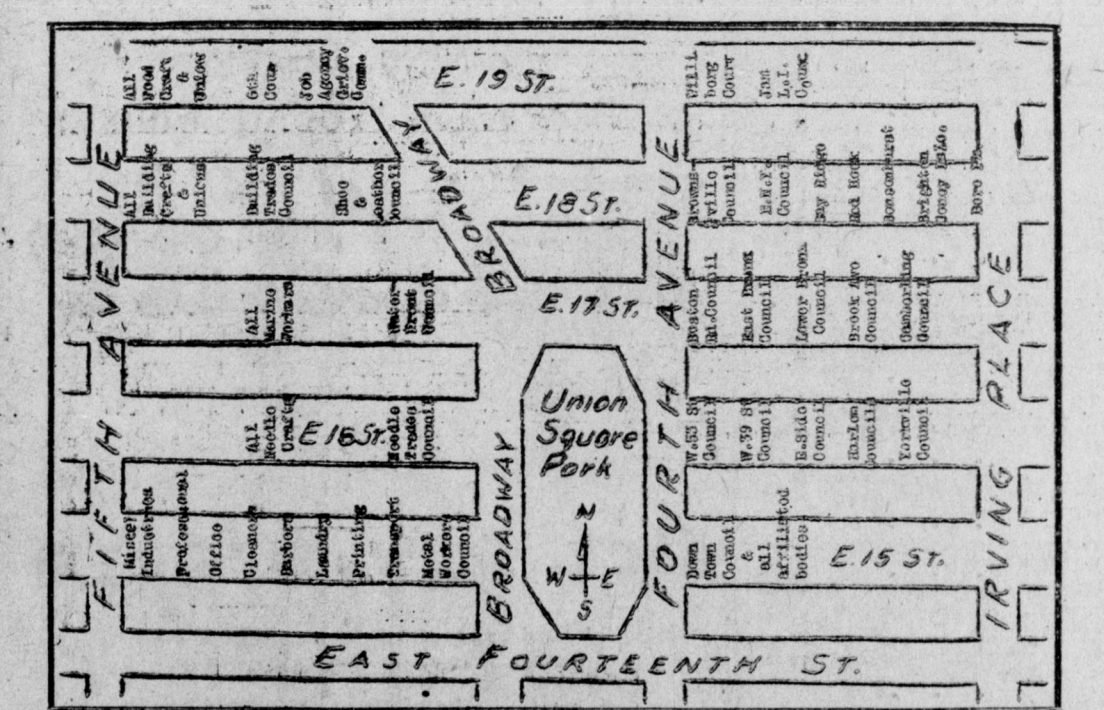

To Be Presented Today to City Government

- The chief demands to be presented in today's relief march are:
1. Immediate cash relief of \$10 a week minimum for each family of two, and \$3 additional for each dependent.
2. One dollar a day cash relief for single and young unemployed workers.
3. Stopping of all evictions, of unemployed; repeal of the eviction law.
4. Abolition of private job shark agencies; opening of free city employment agencies under workers' control.
5. Appropriation by the City of \$100,000,000 for winter relief.
6. Stopping of all discrimination against Negro and foreign workers in relief distribution.
7. Endorsement by the City government of Unemployment Insurance to be paid by the government and employers as well as immediate full cash payment of the Bonus to war veterans.

Industrial Union Asks Needle Workers Rally To The Relief March

NEW YORK—The Needle Trades Workers Industrial Union stated yesterday: "The needle workers, who have fought for better shop conditions, who were the first to establish an unemployment insurance fund in their trade, must fight for relief of all unemployed. Employed and unemployed needle workers to 16th Street, near Union Square, your assembly point for the Relief March today. All active workers, report at the office of the Union at 8 a. m., to organize captains and committees."

MOBILIZATION POINTS FOR MARCH

NEGRO WORKERS URGED TO MARCH Discriminated Against By Home Bureaus

By SOL HARPER. NEW YORK—Not all the Negro workers in New York City live in Harlem. There are reported to be 60,000 Negro workers living in Brooklyn alone. Tens of thousands of the Negro workers in Brooklyn are forced to live in weather-beaten shacks, for which they pay higher rents than

white workers occupying similar hovels.

In Hell's Kitchen in mid-Manhattan there are 40,000 Negro workers. In this section the Negro workers are forced to live in railroad flats for which they pay proportionately very high rents. In the Bronx, 30,000 Negro workers live in basements and in hovels in the Clarendon and Williamsbridge section; additional thousands of Negro workers live in Jamaica, Long Island. All the unemployed among these workers are viciously discriminated against by the City Home Relief Bureaus. The majority of them are starving along with their families. Thousands must find their food in breadlines and garbage cans. All of them are denied their elementary "democratic" rights and are specially

persecuted in the city courts. Negro workers are given sentences ten times longer than white workers on the same charges, as the cases of Brown, Ford and others within the past ten days show conclusively.

These Negro workers from Harlem, from Hell's Kitchen, from Brooklyn, from every working class section of the city, must unite with their white fellow workers today in the biggest and most determined demonstration for immediate relief New York workers have ever held. Negro workers, take part in the Relief March today to City Hall! Be at Union Square at 10 a. m. sharp! Mass pressure will force the Tammany government headed by McKee to provide relief against your unbearable starvation without discrimination.

RELIEF MARCHERS TO PRESENT DEMANDS AT CITY HALL AT 12 NOON

All Workers Must Be At Union Square At 10 A. M. Sharp

Delegation to Report Back to Marchers With City Government's Answer

NEW YORK—The fight for relief from their unbearable hunger will take a tremendous step forward today when the thousands of workers who have answered the call of the Unemployed Council will assemble at 10 a. m. at Union Square to take part in the Relief March to City Hall—the biggest and most concerted demand for immediate relief ever made by the workers in this city.

PROTEST MCKEE'S VET RELIEF CUT

Delegation to Include Ex-Servicemen

The Workers' Ex-Servicemen's League will have its representatives appear before Mayor McKee this noon with the delegations of unemployed. The workers ex-servicemen states that the Mayor's action in slashing relief of the veterans proves that as in the past it will be the poor, the sick, the hungry, the unemployed who will bear the brunt of "economy." The veterans foresee this and will have among its banners the slogan, "Mayor McKee gets \$25,000 a year. The veteran gets \$00."

Workers of all shades of political opinion cemented into one solid united front, will stream into Union Square today from every workman's section of the world's wealthiest city and from the shop-houses, breadlines and parks, where tens of thousands of them eke out their miserable existence. Negro workers, white workers, native-born and foreign-born, women workers and Young Pioneers, members of the revolutionary unions in the T.U.U.L. and of the A. F. of L. members of the Communist Party and members of no party, will march side by side today in the struggle against starvation at the hands of the bankers and landlords in the richest city in the world.

Will Demand Cash Relief. The workers are marching on City Hall to demand that the government of these bankers and landlords provide the unemployed workers of this city with immediate cash relief, with an end to all evictions, with free milk stations for their starving children. They will present their demands in the only manner that the capitalists and their representatives understand—in united ranks with an unflinching determination to struggle for the right to live.

HERE'S TYPICAL STARVING VET!

Bellevue States Wife Is "Malnourished"

NEW YORK—Lovina Brown, wife of an elevator operator, a war veteran jobless for over two years, was discharged three months ago from Bellevue Hospital, her discharge papers marked "malnutrition." Her brother, McGlinchey, a plasterer has been jobless for 19 months.

Mrs. and Mrs. Brown were evicted from 319 W. 28th St. and lived in Madison Square Park for some time. The three tried continually to get relief. For a time they got an occasional hand out from the Salvation Army bread line at 36th and Tenth Ave. Some months ago, though the two men were cut off, though Lovina Brown gets a dish of miserable slop whenever she is not too weak from hunger to stand in line for an hour.

None From Home Relief. After the woman first came out of the hospital they went to the Home Relief Bureau. The Investigator says, "There's no pity for two hulking men like you," and turned them down, but promised to consider Lovina's case. Aid was refused at the 48th Street quarters of Home Relief, and at the Central Registration Bureau they got no further than filling out endless questionnaires. That was two months ago. McGlinchey went to the Public Welfare Commission and demanded to see Commissioner Taylor. Taylor's flunkies called the police and had him thrown out. He went then to see Mayor Walker and showed the police captain his sister's certificate of malnutrition. "That don't mean nothing," said the police captain at City Hall, and showed him out.

The three have just heard of the Unemployed Council. They joined yesterday. Brown is joining the Workers' Ex-Servicemen's League.

When the W.E.S.L. delegation went to McKee to demand that the September 10 delegation be received, the new mayor said he doubted whether veterans and their families were really hungry. He demanded concrete facts. Here is a typical one.

800 in One A. F. of L. Local Will March

Carpenters in Local Join in Struggle

NEW YORK—Eight hundred carpenters in Local 290 of the American Federation of Labor have endorsed the gigantic Relief March to City Hall today under the leadership of the Unemployed Council.

The 800 carpenters voted to march with their banners from Union Sq. with the tens of thousands of other workers, organized and unorganized, who will demonstrate at noon in front of City Hall in the biggest and most determined demonstration for immediate relief in the history of the city.

Police Attack Workers Who Demand End of Red Tape in Relief

NEW YORK—Three workers who attempted to break through the red tape at the Home Relief Bureau on Spring and Elizabeth Sts. and present their demand for relief without waiting for hours before even getting one of the four-page questionnaires, were viciously beaten yesterday by Tammany police and arrested.

The workers from 13th and 14th

HOOVER HUNTS "LOST" FRIEND WASHINGTON, D. C., Sept. 9.—Hoover has ordered a nation-wide search for his crony, Col. Raymond Robins, who "disappeared" while on his way to confer with the Hunger and War President. It is claimed that Robins, a dry leader, was kidnapped by a bootlegger ring.

EXPLOSION INJURES FIVE OAKLAND, Cal., Sept. 9.—Five persons were severely burned today, including an explosion in the projection room of the Broadway Theatre here. Three are expected to die.

FORD SPILLS MORE BALLYHOOS NEW YORK—In an article in the Pictorial Review, Henry Ford, automobile king and slave driver, apes Hoover by predicting an era of "un-surpassed prosperity." He peddles his pet theory of forcing the underpaid workers who are still employed to raise their own food in preparation for further wage-cuts.

HURRICANE KILLS TEN NASSAU, Sept. 9.—Ten were killed and about 30 injured, mostly workers who had no substantial shelter, when a hurricane swept Abaco Island Monday. Abaco Island is 200 miles east of Florida.

WHITWASH THIRD DEGREE COFS NEW YORK—Tappen, Zander and Pearsall, three Nassau County policemen who were charged with killing Hyman Stark with the third degree on July 15, were acquitted of manslaughter yesterday.

INCITE AGAINST PIONEERS OSSING, N. Y., Sept. 9.—The Citizen Register, daily of this city, published a violent incitement for fascist attack against the Young Pioneers of America (the Communist children's organization) yesterday.

FAIRM STRIKE IN POLAND WARSAW, Poland, Sept. 9.—That the strike of the Polish farmers for higher prices is succeeded is seen in the growing shortage of vegetables in this city. The highways leading to Warsaw are being closely picketed.

NURSE STARVES IN WOODS BAEVLON, L. I., Sept. 9.—A trained nurse with a war service record was found starving in the woods here, with the leaves of a maple grove for her roof and a pile of old clothing for a bed. She is Miss Mary Brodies, 44 years old. Police arrested her, but later she was turned over temporarily to a nurse's home here.

OFFERS KIDS TO PAY \$35 DEBT MILWAUKEE, Wis., Sept. 9.—Sued by a furniture company from whom he had made purchases on the installment plan, Andrew Wisniewski, an unemployed worker, and father of 11 children, offered two of them to pay off the \$35 debt when brought before Judge Pratt here.

WHY COOLIDGE IS "GREAT" NEW YORK—Fourteen books which helped sharpen his towering intellect are given by former president Calvin Coolidge in the October issue of the Cosmopolitan Magazine. They include "The Road," "The Toys," "Daughter," "Hillier," "Sixth Reader," "Young People's Bible History," "The Green Mountain Boys," and other classics.

HAS FAITH—IN INSURANCE! MELBOURNE, Australia, Sept. 9.—A canny preacher in Victoria has worked out a scheme for insuring a good collection of services. He pays an insurance company \$1.25 a week—so that if rain falls between 8 a. m. and noon he collects \$25. The church service starts at 11 o'clock. Then if a storm breaks before 12 the preacher makes two collections—one from the insurance company and one from the congregation.

THE ROYAL STOMACH LONDON—Millions of starving workers will be interested to learn that even King George has his food problems. He finds it hard to get a new chef now that his present chef, Gabriel Tschumi, wants to resign. Not that there aren't many unemployed and starving cooks. But there's nobody like Tschumi for the royal tummy.

THOUSANDS ANSWER CALL FOR FEW JOBS CLEVELAND, Ohio, Sept. 9.—Almost a thousand girls answered an advertisement of the Jay-Cobbs shop here for a few temporary salesgirls. Several of them were injured in the jam that followed the opening of the door to admit them.

COPS START FAKE RELIEF CHECK-UP

Admit Not All Will Be Counted

NEW YORK—Tammany police will start their door-to-door "check-up" of New York's unemployed workers next Monday, Mayor McKee has announced.

McKee's move is preparatory to a cut in relief for the unemployed, unless the mass pressure of the workers prevent it, and will give the police an opportunity to intimidate the jobless and keep them on police files. It is a step short of fingerprinting the more than a million unemployed workers in the city. The claim of the Tammany mayor that he ordered the "registration" in order to help him find out the "true" condition of the New York's unemployed is exploded before the "registration" starts by the announcement of the police department that only 500,000 questionnaires have been printed. By the admission of the City government itself, many months ago, there are one million unemployed workers in the city at that time. A large section of these workers will demonstrate today for relief.

MASS PROTEST FREES CHILDREN

Two Girls Were Held for Demanding Milk

NEW YORK—Sophie Jacobs, age 14, and Helen Marinelck, age 13, who were arrested August 29 for demanding milk from one of the local Home Relief Bureaus were freed at the Children's Court at 132 East 22nd St. by Judge Young and released Friday morning after being held for over two weeks by the officials, "for investigations."

MRS. WRIGHT IN JAIL 4 NIGHTS

Then Czech Gov't Expels Engdahl and Her

BERLIN, Sept. 9.—J. Louis Engdahl and Mrs. Ada Wright, mother of one of the Scottsboro boys, were expelled from Czechoslovakia with an order never to return. Mrs. Wright spent three of four nights in jail under the strict regime. The money given her to buy food was confiscated. Engdahl was arrested twice and expelled as an "undesirable foreigner."

Railroads Announce Total 20 Percent Cut

CHICAGO, Ill., Sept. 9.—The railroad company executives meeting here have announced that they will demand an additional 10 per cent wage cut, a total of 20 per cent counting the cut which went into effect in February this year. The February cut was accepted by the Railroad Brotherhoods who persuaded the men not to strike on the grounds that it was "temporary" and would result in rehiring many of the 700,000 jobless in the industry.

Williamsburg Council Forces City Bureau to Rush Relief Action

NEW YORK—The Williamsburg Unemployed Council yesterday broke through the police lines at the Home Relief Bureau in P. S. 43 and forced the supervisor to grant relief to several needy families. The supervisor at first refused to see the committee of workers who had been elected to present the demands but the mass pressure of the

REX STRIKE 100 PER CENT NOW

Skilled Workers of the AFL Join Walkout

NEW YORK.—All the skilled workers, members of the Carvers Union (A.F.L.) and all workers of all sorts in Rex Products Co. yesterday at noon joined the strike led by the Metal Workers Industrial Union. This strike whose main demand is the withdrawal of the last wage cut is now 100 per cent solid, due to the correct united front tactics of the union, and due to militant picketing, especially by the young workers. Rosenberg, the boss, was forced to shut the shop.

16 Families Evicted At Once in the Bronx; They'll March Today

NEW YORK.—About 2,000 workers gathered at 581-587 Beck St. yesterday to protest the eviction of 16 workers from the house. Police from two precincts prevented the workers from putting the furniture which is lying on the curb back into the tenement. Hundreds of workers under the leadership of the Beck St. Block Committee have pledged to keep a 24-hour-a-day vigil over the furniture. A member of the Young Pioneers who was lying sick in bed when police came to evict her family was taken to the hospital because she told him she was sick and could not move.

Workers Resisting Eviction Attacked By Tammany Police

NEW YORK.—Tammany police yesterday attacked a group of workers mobilized by the 53rd St. Block Committee to put back the furniture of an aged couple who had been evicted a short time before. The police, who had been lying in wait, attacked the workers as they began to carry the furniture back into the house. Workers in the neighborhood helped the workers who were attacked and all were able to withdraw without arrest. The entire neighborhood is being mobilized by the Block Committee to join in a struggle for a free apartment for the aged couple to be paid for by the Home Relief Bureau.

What's On -
