Pittsburgh Jobless Slogan is "On to the State Capitoll"

Delegate Conference Takes Active Part in Mobilizing May First Demonstration: Plans Loos Organization, Berea, N. J.

PITTSBURGH, Pa., April 23--"On to the State Capitoll!" is the slogan of the unemployed here, the workers in both ends of the city. The meeting is going on to demonstrate the solidarity of the unemployed workers and the importance of the state capital and the active abolition of the coal and iron pool. The demonstration, which is being held in connection with the May First celebration, was attended by 1,000 workers from the various districts of the city and the surrounding counties.

The unemployed workers, who are represented by the Berea Labor Council, are demanding the abolition of the coal and iron pool, which they believe is the cause of the high prices of coal and iron. They are also demanding the establishment of a state capital, which they believe will provide a better means of distributing the wealth of the state.

The demonstration was attended by a large number of workers from the various districts of the city, and the Berea Labor Council is planning to hold a similar demonstration in the future.
