CHEAP LABOR WANTED ON PACIFIC COAST! CAPITAL WILL PAY THE KNIFE FOR SUPREMACY.

Upon the Pacific Coast a demand for labor is being made, under the guise of wages, which is drawing thousands of workers into the toils of a struggle, as a rule, unworthy of a human being. The same struggle has taken place elsewhere, and has been played out on a scale of violence and destruction, which has resulted in the deaths of hundreds of men, and the destruction of property, which has amounted to millions of dollars. Today, in the Pacific Coast, the same struggle is being played out, and the same results are being attained.

It is supposed to be a day of rest from work, and a day of enjoying life. It is believed that the world is renewed on this day, and that all the beauty of the world is brought to life. It is a day of celebration, and of rejoicing.
