MINORITY THESIS PROPOSES PENETRATION OF THIRD PARTY

BY WILFRED FOSTER

A minority thesis proposes penetration of the third party. There is no reason to believe that there is a third party. Penetration of the third party is the way to get at the majority. This is the opinion of the minority thesis as presented by the LaFollette movement, and organized labor.

The minority thesis holds that the third party is a temporary stage. The minority thesis says that the third party is a temporary stage, and that the majority is the permanent stage. The minority thesis says that the third party is a temporary stage, and that the majority is the permanent stage. The minority thesis says that the third party is a temporary stage, and that the majority is the permanent stage. The minority thesis says that the third party is a temporary stage, and that the majority is the permanent stage.
