**Latin-American Revolutions**

By HARRISON GEORGE

THE LATIN-AMERICAN REVOLTS

1. The Latin American countries are the vast undeveloped market of the world's capitalist economies. While they are, in one sense or another, countries of the Third World, they are also the countries where the economic and political forces of imperialism are most clearly at work to exploit the masses of the people.

2. The Latin American countries are the countries where the struggle for national independence is most clearly at work to bring about the liberation of the people.

3. The Latin American countries are the countries where the struggle for social democracy is most clearly at work to bring about the liberation of the people.

**Wodenheads**

We see the Mts, so say the boys.

While we stand like a rock of Gibraltar against the fascist menace, we should not fail to remember that our own country, too, is a target for the imperialist forces. The United States is already engaged in a war of aggression against the Soviet Union, and the danger of a full-scale war is very real.
