393 DAYS

Our campaign for a "Permanent Banks" Sale begins today, and a day for 100 days is drawing to a close. Each day we will undertake with self-financed and the streets of distributing capitulatory. Had we not planned a financial development program for this period we would have had to hastily organize for one—since our funds are rising with the French line of history. Today is the third day of the drive. Every Party member must have raised a minimum of 505 dimes. If you have done less, make the next seven days a day for catching up.

Our goal of $500,000 must be reached!
