WORSE THAN IGNORANCE

MAYOR ROBERT F. WAGNER in his press confer-
ence yesterday called upon the city to practice an ignorance of
public affairs or, what is worse, contempt for a large
body of New Yorkers. When the Mayor was reminded that
he had been the principal of Judge Herbert T. De-
lany and Justine Wise Polier would expire on Aug. 31
and Sept. 13, respectively, he pronounced he would not
counter the obvious advice in his press conference the other
Labor Day. He said he intended reappointing Judge Polier, but he had
not realized "it was so late." Just how the Mayor could have been so
careless of the advice of his political elders, he could not
explain.

The charge was an insult was the May-
or's explanation of why he had not reached a decision on
Judge Delany's reappointment.

I've been going over his (Delany's) qualifications," Mayor Wagner said. And he added, supposedly, "I will
have an announcement after Labor Day." He

The latest implosion of the anti-Mayan
force reference to Judge Delany. For he cannot be so
ignorant as to not know of Judge Delany's record; the
"qualifications" speak for themselves. He may have
that Judge Delany is supported unily by all organs of
New York City news media.

Does the Mayor's feigned ignorance seek to hide the
fact that he thinks it safe to sacrifice Judge Delany at this
time as part of Tammyn Hall's spoils?
