By C. W. BRIGGS

NEW YORK—Harry Haywood, veteran fighter for Negro liberation and the cause of the entire working class, was unanimously elected general secretary of the League for Negro Rights at a meeting of the National Executive Board on Wednesday night at 119 W. 19th St.

Richard H. Moore tendered his resignation as general secretary on account of ill health, however, he will continue to be a member of the League.

Harry Haywood named as editor of the New York Workers' News.

While editor of the News in Chicago last year, Haywood explained that for the first time the Negro worker found himself in the midst of a movement in which his individuality was recognized and his mass existence was laid bare. The Negro worker, he said, was eager to take his stand along with other sections of the working class in the fight for a better world.

Haywood was a member of the executive committee of the American Communist Party.

"Will Make My Career Work for You," Senator Wagner

WASHINGTON, D. C.—April 15—In an attempt to enact the provisions of the Wagner Act, Senator Henry Cabot Lodge, Jr., has introduced a bill to enact the provisions of the Wagner Act in the House of Representatives.

The bill, known as the "Lodge Bill," is a measure to establish a federal labor union registration commission.

The Lodge Bill would provide for the establishment of a registration commission, which would have the power to register labor unions and to require them to file annual reports.

The bill would also prohibit the formation of new labor unions without the approval of the registration commission.

A conference of labor leaders, including Harry Haywood, met yesterday to discuss the Lodge Bill and to consider how to counteract its provisions.
