The Weapone That Won FEPC: MARCH ON WASHINGTON

As the historic struggle for Negro rights goes on, every genuine friend of democracy must ask himself: Why do we, North and South, help to perpetuate a system of racial segregation that is not only a sin but a crime? This is the question that has been asked in America for years. And now, more than ever, the answer must be: It is time to end segregation.

The people of the United States have been asked to make a decision. They have been asked to decide whether they will continue to support the policies of the segregationists or whether they will support the policies of the justices.

The decision is not a difficult one. It is not a matter of whether we will support the policies of the segregationists or whether we will support the policies of the justices. The decision is whether we will support the policies of the segregationists or whether we will support the policies of the justices.
