CHINA'S 17TH ANNIVERSARY: AFRO-AMERICANS REPRESENTED

The Chinese Proletarian Cultural Revolution is bringing many progressive changes to the new society. It is establishing a new basis for world revolution. The colossal mass celebration of the 17th Anniversary of the People's Republic of China, comprising one and a half million participants, offers strong proof of the new emphasis on people's struggle and universal solidarity on all anti-imperialist and anti-racist fronts. For the first time in its 17 year history, some foreign freedom fighters were also invited to speak to the mammoth Anniversary rally.

Chairman Mao looks on as Afro-American addresses 17th Anniversary Rally
SPEECH OF ROBERT F. WILLIAMS:

Comrades, Revolutionaries and Friends:

In the name of all the revolutionary American people, and especially in the name of the brutally oppressed and victimized Afro-American freedom fighters, I salute our glorious Chinese brothers and the mighty Chinese People's Republic on this historical 17th Anniversary. To salute our glorious Chinese brothers and the mighty Chinese People's Republic is to pay tribute to its great architect, liberator, helman and universal leader and teacher, whose thought is transforming the whole world. On this great National Day, revolutionaries throughout the world realize more than ever how much we are indebted to the architect of people's warfare, the immortal leader and teacher, Chairman Mao Tse-tung.

This mighty assemblage here today is a vivid testimony of the people's determination to make and sustain revolution. It is symbolic of the growing unity and solidarity of the struggle peoples of the world. It reflects the fraternal ties of we who labor and struggle in a common front against a common enemy, U.S. imperialism. On this glorious 17th Anniversary, I am convinced that from People's China shall flow the spirit and inspiration that shall inspire patriots everywhere to resolutely struggle to build a People's World.

Only in a People's Republic would a refugee from racist "free world" tyranny, grandson of chattel slaves robbed from Africa, one imprisoned on his own native soil for sitting on a public seat reserved for "white people only," one fanatically and violently pursued by the fascist U.S. Government for demanding human rights, social justice and stressing the right of armed self-defense, be extended the honor of representing his oppressed people as I am accorded here today. We brutally oppressed Afro-Americans, the nearly exterminated American Indians, Puerto Ricans, Mexican Americans and other oppressed U.S. minorities know the true nature of the savage yankee. We know what he truly means when he so piously and hypocritically proposes to bring peace and democracy to Vietnam and the world. He is a jingoist, a cold-blooded murderer and plunderer who respects the rights of colored peoples less than those of common street dogs. We revolutionary Afro-Americans know the true nature of the peace he offers and we prefer the rigor and sacrifices of redemptive people's struggle.

We call upon our oppressed people to further intensify the battle and to coordinate their revolutionary activity with the liberation forces of Asia, Latin America, Africa and the justice and peace loving peoples of all races throughout the world. We do not seek peace and fraternity with the devil and a favored lackey status in his hell. Instead we seek his resolute and total destruction and the glorious heritage of a People's World. Contrary to what some cynics would have us believe, our vicious enemy is not invincible. Chairman Mao has said, he is "a paper tiger" and our people have come to realize this incontrovertible truth.

And the thunder of BLACK POWER echoes throughout the land, while U.S. imperialist tyrants, armed with horrible death weapons, tremble from the terrifying shock of a confrontation with wretched and angry masses, armed with a common household match and a bottle of gasoline.

Only sinister machinations to lull our already much too drowsy sleep. They represent, at the most, petty tokenistic concessions to further goad the niggeristic egos of the black bourgeois meaningless bills mislead some foreigners into believing that the Government is opposed to racial discrimination and that it is a friend of colored people.

Those of our people who have dozed off to sleep, feeling a whitey had developed a great love for black Americans and take a time to relax and enjoy heavenly integration, had better come down off cloud 9 before the thunderstorm rolls in. The racism aint dead. It has merely been taking time out to sit in a butcher's knife. Those of our people who insist on turning cheek and loving brutish whitey, foolishly thinking that they cannot overcome through the power of nonviolence and love, may end up down with the devil and die.

KILL, BABY, KILL

Brutal oppression is a terrible thing. Only the most de-timid and brainwashed of the human species can be counted generation after generation to react to dehumanizing violence and nonviolence and love. A people brutally oppressed and de-courage and will to rebel against such intolerable tyranny grant ratification of the system under which they suffer. If a conceit not implemented, it is no good. If a law is not enforced, it is a farce. If a government does not govern equally and justly, it is no govern useless things are no good they are to be cast off with all red deliberate speed else things of value become debased with the litter.

Even when a white man's illegal and immoral right to exploit and dehumanize is threatened, he rants and rages that he will try to his imperialist commitment to white supremacy "even if vi to ashes in our mouths." He rattles his rockets and H-bombs and at each time his universal lordship is questioned. He grabs and rushes to war like greased lightning every time a stone is justified anger. But oh, baby, just let a brother try to defend or sister from a brutal clubbing by whitey cop, then we know whitey calls a case of senseless, extremist violence on the person responsible hoodlums.

We could try to reason with Charlie a thousand years and never concede the fact that colored people have the right to any form of violence no sanctioned and supervised by the man of the earth. Charlie's kept nigras, the Uncle Toms, their mummies in hell's brothels just to be the errand responsible pimps in the boss's ghetto slave camps. In this situation reason is dead. Those who peacefully submit are either brutal oppressor and the ever suffering oppressed. The most TRY THE NEW SENSATION, BLACK POWER COCKTAILS. MIX Gasoline, a little burnt thick motor oil and a dash of petroleum j litter. Shake well before serving.

9—THE CRUSADER
On this glorious 17th Anniversary of the Chinese People’s Republic, the reliable base area of the world’s peoples’ struggle, we take great pride in the technical and scientific achievements of the glorious Chinese people which explode the U.S. Imperialists’ Hitlerite racial myth of the inferiority of non-Anglo-Saxon peoples. We are more confident than ever of the final triumph of our cause. In this mighty year of the Great Chinese Proletarian Cultural Revolution, racist and imperialist America sees her last big hope for world domination slipping fast away. We revolutionaries of the whole world shall intensify our revolutionary struggles, confident that our Chinese brothers and sisters in the Red Guard, armed with Mao Tse-tung’s thought, are at their battle stations in a mighty base area of world revolution, being waged for the heritage of a People’s World.

LONG LIVE THE PEOPLE’S REPUBLIC OF CHINA!
LONG LIVE MAO TSE-TUNG’S THOUGHT!
LONG LIVE CHAIRMAN MAO TSE-TUNG!
LONG LIVE THE SOLIDARITY OF THE REVOLUTIONARIES OF THE WORLD!

MESSAGE FROM MAMMOTH PEKING AUGUST 8TH RALLY

Today ten thousand people of all circles in Peking, the capital of China, are holding this rally in solemn commemoration of the third anniversary of the publication of the Statement Supporting the American Negroes in Their Just Struggle Against Racial Discrimination. The Statement issued by Chairman Mao three years ago shines forth in the heritage of a People’s World.

The rally expresses high tribute and resolute support to the heroic American Negro brothers who are engaged in the struggle against racial discrimination! It extends heartfelt regards to the American Negro brothers who have been persecuted in the struggle! It expresses boundless indignation and strong protest against U.S. imperialism which is ruthlessly persecuting and sanguinarily suppressing the American Negro people!

The Statement issued by Chairman Mao three years ago shines forth with the brilliance of Marxism-Leninism and Mao Tse-tung’s thought. Chairman Mao’s Statement has a far-reaching political influence and great historic significance. It is a great call to fight against U.S. imperialist racial discrimination, and has immensely inspired the fighting will of the American Negro people! The rally reaffirms the firmest and warmest support of the 700 million Chinese people for Chairman Mao’s Statement.

The development of the American Negroes’ struggle in the past three years has proved that the theses in Chairman Mao’s Statement are very wise and entirely correct and represent the incontrovertible truth. In the past three years the American Negroes’ struggles against racial discrimination have swept the length and breadth of the United States like a prairie fire. Since the beginning of this summer, a series of Negro people’s armed struggles against tyranny have again broken out in Chicago and other big cities of the United States. The American Negroes’ struggle has begun to take the road of using revolutionary means.

LONG LIVE THE PEOPLE’S REPUBLIC OF CHINA!
LONG LIVE MAO TSE-TUNG’S THOUGHT!
LONG LIVE CHAIRMAN MAO TSE-TUNG!
LONG LIVE THE SOLIDARITY OF THE REVOLUTIONARIES OF THE WORLD!

CHINA: GLORIOUS RED GUARDS DASH REACTIONARIES EVERYWHERE!

Only a short while ago the conquest craze, brazenly spoke of “building bridges” to Peking and “more accommodating leadership”! Today ten thousand people from all corners of the world, from all walks of life, from all circles, are holding this rally in solemn commemoration of the third anniversary of the publication of the Statement Supporting the American Negroes in Their Just Struggle Against Racial Discrimination by U.S. Imperialism, a statement by President of the Committee of Revolutionary and More Accommodating Leadership. The Statement will be read all over the world.

LONG LIVE THE PEOPLE’S REPUBLIC OF CHINA!
LONG LIVE MAO TSE-TUNG’S THOUGHT!
LONG LIVE CHAIRMAN MAO TSE-TUNG!
LONG LIVE THE SOLIDARITY OF THE REVOLUTIONARIES OF THE WORLD!
violence against counter-revolutionary violence. This marks a new stage in the struggle of the American Negro people.

The American Negro people's class consciousness has been constantly raised through the practice of their struggle over the past few years. They are more and more clearly directing the spearhead of their struggle against the reactionary U.S. ruling clique which comprises a handful of persons. The American Negroes' struggle has been ever more closely linked up with the American people's movement against Vietnam. This constitutes a powerful support to the Vietnamese people's struggle against U.S. aggression and for national salvation as well as to the anti-U.S. struggle of the people of the whole world.

Imperialism and all reactionaries are paper tigers. U.S. imperialism has been heavily besieged by the people of the world. It is sitting on a volcano which may erupt at any time. The reactionary U.S. ruling clique is in morbid fear of the American Negroes' struggle against tyranny. This fully reveals the intrinsic weakness of U.S. imperialism.

The American Negroes' struggle is by no means isolated. They will forever receive boundless sympathy and resolute support from the 700 million Chinese people and will certainly receive sympathy and support from all peace-loving peoples of the world. We are deeply convinced that the American Negro people will definitely win the great victory of complete emancipation, so long as they further close their ranks, unite with all oppressed peoples and nations and wage a tit-for-tat struggle against the reactionary foreign and domestic policies of U.S. imperialism.

U.S. imperialism is bound to be defeated!
The American Negro people are bound to win!
out of racist America since the Boston Tea Party is the cry: BABY, BURN. It is a good starter for more than just fires. It is a call for liberation is a serious undertaking. There is no room for self-pity. There can be no concern for the welfare of the enemy. Our enemy has no concern for human life. Our savage enemy that raises its bloody hand against the best elements of humanity, that is the enemy that has no qualms about destroying our greatest possession, leading must become mutual. Those weeping Toms, who cry property damage, are more concerned about the bosses ill-gotten gains than about the flesh and soul of black people. They call themselves friends of black people, but they are no more than mercenaries leading our people to death valley. They maintain that for the enemy and his property while saving our people. The enemy has no concern for human life that is not bound in a white cage. The enemy has no concern about the destruction of enemy property. The possession on earth is the human life. Our savage enemy that raises its bloody hand against the best elements of humanity. It is a cold blooded and savage tyrant, concealing its ugly face in a mask of deception and chicanery. It can rest assured that like all wicked tyrannies its sins shall find it out. For all men and all nations in every time and clime judgment overtakes and retribution falls without compunction.

WHOSE RIGHT TO TRAVEL?

Those who entertain hopes that run counter clockwise to the logic of cause and effect, those who hope for a drastic and humane change on the part of brutal and devilish America to be no concern about the destruction of enemy property. The possession on earth is the human life. Our savage enemy that raises its bloody hand against the best elements of humanity. For all men and all nations in every time and clime judgment overtakes and retribution falls without compunction.

Despite the determination of tyrannical power to survive and dominate, historical storms gather and sweep its seemingly impregnable bastions of deception and chicanery. It can rest assured that like all wicked tyrannies its sins shall find it out. For all men and all nations in every time and clime judgment overtakes and retribution falls without compunction.

The nearer imperialist America comes to her doom the more ferocious she becomes. Those who are residing under indictment, are proudly hailing that they have won a great victory in winning the right to vote of so-called American bourgeois democracy. With newly issued in hand, and B.E. in their hearts, they are slyly extolling the U.S. white supremacy society.

Is it not an uncommon occurrence for patients afflicted with acute chronic illnesses to display a tendency toward rally and recovery after the final crisis? Many are the times when anxious loved ones, inexperienced in the sometimes elusive and deceptive nature of death, misconstrue a final muster of energy as a great leap towards recovery when it is actually a desperate leap into the arms of death. Let no one be deceived by imperialist and racist America's appearance of sound health and growing power. The United States, as it is known today, is in a dilemma. It is on its death bed, however, it still has not reached its zenith of the last great surge of power, which means that it is still quite capable of reeking great havoc on mankind before its reign of terror is done with forever.

The savage U.S.A. can don the deceptive garb of lambs. It can pretend to be gentle and humanitarian as a lamb, but it remains a vicious wolf. No one will be apprized of this fact more than its victims and those who are entertaining hopes that run counter clockwise to the logic of cause and effect, those who hope for a drastic and humane change on the part of brutal and devilish America to be no concern about the destruction of enemy property. The possession on earth is the human life. Our savage enemy that raises its bloody hand against the best elements of humanity. No single factor alone can be said to be the cause of racist and imperialist America's incurable illness. There are many. However, some are more pronounced than others. The same maladies that killed the Caesar, Napoleon, Hitler and Tojo regimes affinity wicked, arrogant, racist, imperialist and inane America today. The nearer imperialist America comes to her doom the more ferocious she becomes. Yes, she will become even more aggressive and brutal with her butcher's knife. The Afro-American, due to his proximity to the raging, wounded and doomed beast, will bear the full brunt
The colossal mass celebration of the 17th Anniversary of the Republic of China, comprising one and a half million participants, is strong proof of the new emphasis on people’s struggle for national liberation. Afro-Americans must understand that the U.S. racial conflict is a sector of the world-wide struggle against the world devil. The sworn and proven enemy of the black people of racist America’s pocket-sized colonial ghettos is the common enemy of peace and justice loving people throughout the world. The Afro-American cannot afford to harbor any reservations as to the final solution to the present oppressive status-quo. Four hundred years of relentless racial tyranny and injustice can leave no illusions as to the intransigent nature of the stone hearted brute. The man must go. Afro-Americans must be done with him and stretch out their hands in unity with their struggling brothers throughout the world. There is pressing need for an international liberation front to speed the doom of the world’s devil, U.S. imperialism.

Yes, the dark shadow of an impending crisis falls across racist America. There is a foreboding air of a sick society, preparing a last desperate rally before the imminent end. America’s time has come, the end is in sight and all the sinister and violent machinations, rants and threats, and fierce weapons conceivable by the mind of the devil cannot reverse the inevitable. It is written in the immortal words of time and heralded in the angered thunder that can be silenced by no possible force that: the meek shall reverse the world order, they shall inherit the earth and justice shall reign supreme.

China: glorious red guards dash the evil hopes of reactionaries everywhere

Only a short while ago the conquest crazed warlords of Washington brazenly spoke of “building bridges” to People’s China when a new and “more accommodating leadership comes to power.” The international bandits and plunderers in Washington spoke authoritatively, in seemingly great confidence, of an open shut case wherein a less revolutionary and more accommodating leadership was close at hand. Washington was prematurely gleeful over the thought of a revisionist clique deserting the revolutionary peoples of the world and following the be-
LIE DOWN WITH THE DEVIL AND DIE

Throughout the history of racist America whenever and wherever whitey has said democracy was threatened, the black man, though denied democracy, in dog like loyalty has taken up whitey's standard. Almost 200 years ago, Chrispus Attucks, a black man, the first to fall in the cause of U.S. freedom and independence did Chrispus Attucks die for? What did all of the black men fighting a white man's war, throughout racist America's history, die for? Are black men dying for this very minute in Vietnam? Who is so much as batting an eye, whitey (or should I say Mr. Washington) reference to those who think "niggers" are getting too uppity? People who claim that black men, as well as ofays, are dying in Vietnam for democracy? Now really people, to place the war above your high sounding level is to play 22 million black Americans for suckers. What do they think we are?

In Watts, in Cleveland, Chicago, Detroit, New York, Atlanta, and a zillion other places too numerous to mention, the story is the same. Charlie is out to lay a whammy on black people who seek full human rights. How can a brutish society, harboring and abetting beasts who savagely brutalize more babies for attempting to attend “democratic institutions” in Uncle Tom Ky’s occupied Vietnam, does whitey devil mean when he so hypocritically brays about democracy? Governments, like men, must be judged by deeds, not pious sounding deceptive words and slogans. In racist America, the year 1966, before the eyes of a disbelieving world, almost after a black man first died in a white man’s war for freedom, independence, black babies are maimed and mauled by white men executing the implementation of a so-called civil rights bill. As the same breath whitey filibusters another civil rights bill in white power and a flagrant rejection of the Afro-American’s claims on human rights.

A 200 years truth looms graphically before us. This cold hard fact that the only constant and inalienable right accorded by racist America is the right to die for the white man’s ideological opressors. The white man’s democracy is the right to practice genocide and dehumanization of Afro-Americans. The white man’s democracy is not the right to practice genocide and dehumanization of black people without retribution. The defeat and death of the much vaunted civil rights bill was a blessing in disguise. Such a defeat is tantamount to a recognition that the Afro-American is a fellow human being. With the defeat of the much vaunted civil rights bill, we are able to proceed with our liberation struggles in a more majestic and unifying manner.
