

# WORKERS AND SOLDIERS

## UNITE

The gung-ho brass in the military and the racist reactionary foremen and company finks in the factories and workshops are both front-men for the capitalist class. Just as the workers have to unite solidly to fight the profit-hungry capitalist bosses, the rank and file GI's are organizing and uniting to fight their bosses. The capitalists who kill 15,000 workers a year (according to Dept. of Labor statistics) in so-called industrial accidents, and who are pushing speed-up and worse working conditions and freezing wages, are the same ones who send thousands of workingclass youth to die in Vietnam. THE CAPITALISTS ARE MASS-MURDERERS! They are ready to kill many more to keep the profits coming in, to keep this whole rotten system going.

The struggles of workers and soldiers must unite against their common enemy AGAINST CAPITALISM AND THE CAPITALIST CLASS! The students and youth have overcome racism and anti-communism and the other poisons dumped on our heads by the mass media. Workers and soldiers must also reject racism and anti-communism and begin building a massive revolutionary movement in the factories and workshops and barracks.

Many GI's are being jailed and otherwise attacked by the capitalists and their agents for refusing to fight in the dirty imperialist and racist war in Vietnam. WORKERS MUST SUPPORT THE HEROIC GI'S BY REFUSING TO PRODUCE WAR MATERIALS, BY A GENERAL STRIKE AGAINST ALL WAR INDUSTRIES. Let the longshoremen in the United States follow the example of their brothers, the longshoremen in Australia, and other countries, WHO HAVE REFUSED TO LOAD U.S. IMPERIALISM'S SHIPMENTS OF DEATH.

SOLDIERS MUST REFUSE TO BE USED AGAINST WORKERS IN ANY WAY. The capitalists are just as ready to use troops for strikebreaking, to crush workers struggles, as they are to send troops against students or the oppressed people in the ghettos. (Remember strike-breaker Rockefellers threat to use National Guardsmen against the Sanitationmen's strike) Many soldiers refused to be sent into Chicago to attack the people demonstrating against the Demagogic Convention. It is well known that under 25% of the National Guard called up during the Detroit Insurrection in 1967 reported for duty--this is why the 101st Airborne was called in to crush this heroic uprising of black, white, and spanish-speaking workers in Detroit. The soldiers in the 101st should also have refused to shoot down their brothers and sisters. These are concrete examples of how workers and soldiers can unite, how they can refuse to be used against each other, how they can STRUGGLE TOGETHER AGAINST THEIR COMMON ENEMY, THE CAPITALIST CLASS AND THE ENTIRE CAPITALIST SYSTEM OF WAR AND WASTE!

WORKERS--STRIKE THE WAR INDUSTRIES!

SOLDIERS--REFUSE TO OCCUPY THE GHETTOS or to FIRE ON THE PEOPLE STRUGGLING FOR LIBERATION!

UNITE THE STRUGGLES IN THE FACTORIES AND THE BARRACKS!  
UNITE FOR REVOLUTION--POWER TO THE PEOPLE!
