We, members of the Communist Youth Movement of Belgium, raised with revolutionary enthusiasm at the endlessly victorious unfolding of the Great Proletarian Cultural Revolution, firmly united under the great red flag of Marxism-Leninism and the thought of Mao Tse-tung,

call on all the comrades of our three organizations to defend with intransigence our Party, its line, its Central Committee openly attacked by a small fraction of false revolutionaries.

We, members of the Communist Youth Movement of Belgium, warmly greet the Chinese Red Guard and all the authentic revolutionary rebels who rose up in their millions, under the leadership of the proletarian headquarters led by President Mao Tse-tung, to make red China an impregnable bastion of the world proletarian revolution.

For more than a year, despite the attacks and slanders of a small fraction of false revolutionaries, despite the silence and the distortions imposed on the press of our Party, we have intransigently defended the just line of the Central Committee of our Party and our National Office which was to support the Great Proletarian Cultural Revolution and the great revolutionization movement which is taking place in Albania.

We denounce Jacques Grippa, René Raindorf and Stéphane Struelens who tried to substitute their line for that of the Central Committee.

We denounce Jacques Grippa who imposed silence on our press for months and who, under the false pretext of thinking with his own brain, did not defend red China when the imperialists and the revisionists attacked it furiously.

We denounce Jacques Grippa, who tried to oppose Albania to China, by remaining silent on China and by speaking abundantly of Albania (particularly in *La Voix du Peuple* in May 1967), trying to draw up the great revolutionary movement taking place in Albania against the Great Proletarian Cultural Revolution.

We denounce Jacques Grippa, René Raindorf and Stéphane Struelens, these false revolutionaries, who tried to make believe that our Albanian comrades had the same position as Jacques Grippa while our Albanian comrades unequivocally supported the Great Proletarian Cultural Revolution.

We denounce Jacques Grippa and René Raindorf who have always supported sometimes hypocritically, sometimes openly the revisionist line of Liu Chao-chi.

We denounce Jacques Grippa, René Raindorf and Stéphane Struelens, a small fraction within the Central Committee, which practices the same line, which uses the same methods as the Chinese Khrushchev.

We denounce Jacques Grippa who distorted the role of the People's Liberation Army in *La Voix du Peuple* on August 4, 1967.

We denounce Jacques Grippa who affirmed that there was no longer a single text that could be published in Beijing Information since January 1, 1967.

We denounce Jacques Grippa who from his office pontificates, spreads his "worries", slanders, attacks the GRCP and we oppose the image of this frightened bureaucrat in front of a great revolutionary mass movement, the figure of Karl Marx warmly greeting the Commune of Paris and the figure of Lenin warmly greeting the Soviets.

We denounce Jacques Grippa and René Raindorf who fiercely defending "To be a good Communist" by Liu Chao-chi.

We denounce Jacques Grippa and René Raindorf who want to revise the thought of Mao Tse-tung (notably among several fundamental texts, the New Democracy).

We denounce Jacques Grippa and René Raindorf who clearly said that by attacking Liou Chao-chi we were attacking the Chinese Communist Party and who presented comrade Mao Tse-tung as a "weakened" comrade paralyzed by his "entourage"!

We denounce Jacques Grippa and René Raindorf who tried to oppose an alleged proletarian line represented by Liu Chao-chi against an alleged peasant line represented by Mao Tse-tung.

We denounce these bogus revolutionaries who made fractional remarks on China for months, who wanted on August 12, 1967 to impose their fractional point of view on an assembly of Party cadres.

We denounce Jacques Grippa, who after the Assembly of cadres went to Albania slandered the Chinese Comrades with the Albanian comrades and broke his back against the unshakable Marxist-Leninist unity of the Chinese and Albanian comrades.

We denounce these false revolutionaries who in the name of the "Independent Party" are trying to undermine the unity of the international communist movement based on Marxism-Leninism and the thought of Mao Tse-tung.

We denounce these false revolutionaries who in *La Voix du Peuple*, misrepresented the 18th Anniversary of the Chinese Revolution, placed under the sign of the victorious development of the RCP and who in particular did not dare to publish the first part of the speech of Comrade Lin Piao .

We denounce these false revolutionaries who attacked the Belgium-China Association in public and in a particularly scandalous manner and a comrade from the Party loyal to Internationalism and to solidarity with the PR of China.

We denounce these false revolutionaries who speak of the "revolutionary principles of the Cultural Revolution" to oppose them to the cultural revolution and suggest that this great revolution would be a counter-revolution or even a new Budapest.

We, members of the Belgian Communist Youth Movement, clearly state that the attitude towards the GRCP is increasingly becoming the line of demarcation between real and false revolutionaries.

With the intimate conviction of thinking with our own brain, with also a deep feeling of proletarian internationalism we make ours the resolution of the 11th plenary session of the 8th Congress of the CC of the Chinese Communist Party.

“Comrade Mao Tse-tung is the greatest Marxist-Leninist of our time. He continued, safeguarded and developed Marxism-Leninism in a brilliant, creative and integral way; he took Marxism-Leninism to a whole new phase. The thought of Mao Tse-tung is Marxism-Leninism of the time when imperialism is going to its total collapse and when socialism is marching towards victory all over the world. ”

We resolutely support the declaration of Comrade Mehmet Shehu, made in Tsingtao on October 7, 1967.

“Today there are three attitudes in the world towards the GRCP. The first is an attitude of open hostility, which is that of imperialism, modern revisionism and reactionaries of all countries. The second is to openly support the GRCP, that of the Party of Labour of Albania and also of all authentic revolutionaries around the world. The third is the attitude of those who claim to be revolutionary but who are in fact bogus revolutionaries: they do not dare to stand on the revolutionary position to support the GRCP ”

We denounce Jacques Grippa, René Raindorf and Stéphane Struelens as being precisely fake revolutionaries.

We salute faithful in this to the line of our Party and of the MJC and in particular to the editorial of *La Voix du Peuple* of September 16, 1966 and to the Resolution of the National Office of September 24, 1966, comrade Mao Tse-tung, as being the Lenin of our time and the thought of Mao Tse-tung as being the Marxism-Leninism of the present period.

We salute the successive, ever victorious development of the RCMP.

We particularly welcome the formation of revolutionary committees based on the triple alliance, the impetuous movement of the grand alliance, the thorough denunciation of Liu Chao Chi the Chinese Khrushchev carried out for months through a broad revolutionary criticism of the Chinese masses.

We denounce Jacques Grippa, René Raindorf and Stéphane Struelens, these false revolutionaries who have been trying for months to oppose Leninism to the thought of Mao Tse-tung.

We will tear off the "theoretical knowledge" from these "academic authorities" and we will arm all the comrades of the MJC with Leninism and the thought of Mao Tse-tung.

We stand firmly on the line of the National Office of the MJC and in particular the proposal that the National Office made on August 2, 67 to the CC of our Party to study immediately the quotes of Lenin and the quotes of Mao Tse- tung.

We denounce the conscious and systematic denaturation of Leninism undertaken by Jacques Grippa.

We denounce in particular the distortions concerning the role of the masses guided by the Party, the voluntary forgetting of the fundamental role of the Soviets, collective leadership within the Party, the just relationship of the leaders with the masses, democratic centralism, the practice of criticism and self-criticism and Party spirit.

We denounce the constant, flagrant violations of Leninism and of the thought of Mao Tse-tung practiced by the fraction of false revolutionaries within our Party.

We denounce Jacques Grippa and René Raindorf who, with the complicity of Stéphane Struelens, alone control all the activity of the Party and have replaced the Central Committee and its Political Bureau.

We denounce Jacques Grippa and René Raindorf who suppressed the Political Control Commission and the Financial Control Commission and who have alone in their hands, without control of the BP or CC the finances of the Party.

We denounce Jacques Grippa who made the Voice of the People by an act before a notary his personal property.

We denounce the caste practices of Grippa similar to those of Liu Chao-chi and aimed at constituting an apparatus where he can, at his will, impose servile submission in the name of the Party spirit.

The situation is very serious.

We denounce the multiple intrigues of Jacques Grippa and René Raindorf which substitute for the unfair promotion of cadres in the Party with methods aimed at favoring Party members, in particular by granting privileges. These methods have the effect of undermining the unity of the Party.

We denounce these false revolutionaries who constantly boast of the “Party rebuilt for 4 years” “the 1st in Western Europe”, which is fundamentally right, but who, on the basis of this truth, want on the one hand to lead the Marxists- Leninists in their wands and who on the other hand refuse to examine the real situation of our Party, our real links with the masses and the real functioning of the Party.

Comrades of the JC Party and Movement.

Let us all revolt together against a fraction of liquidators now exposed by our Albanian comrades, by our Chinese comrades, by the majority of our Central Committee, and by many members of the Party and the MJC

Let us firmly unite on the basis of Marxism-Leninism and the thought of Mao Tse-tung.

Let us develop a vast movement of struggle, revolutionary criticism and reform.

Let us initiate fear each of us a deep self-criticism in the spirit where the National Office asked for it both at its session of July 1, 1967, and at the day of the executives of July 16, 1967.

Let's apply the 5 characteristics of our press correctly!

Let us thwart the manoeuvres of the false revolutionaries who strike a large number to protect a small minority who pit the members of the Party and the MJC against the members of the Party and the MJC

Let's apply correctly the 4 lessons of the fight against the Trifaux-Hauwaert group!

Let us thwart the manoeuvres of those who want to oppose communist students to young communists, permanent to non-permanent, intellectuals to workers, leaders to members of the Party.

Let us thwart the manoeuvres of the false revolutionaries, and in particular of Jacques Grippa, who doubted the dazibao of comrade Mao Tse-tung "Fire on the headquarters of the bourgeoisie." "

Let us learn step by step to really know the situation of the working masses of the working class. Let us be more concerned with the living conditions of the people.

Let us lead a deep and patient class work for the demands of work, for democratic freedoms, to drive out the occupier of our soil, its Shape, its bases, to leave NATO, to conquer federalism and national independence, to sweep the successive governments of national betrayal and its 4 traditional Parties, to affirm our total solidarity with the peoples of the oppressed nations and in particular with the heroic Vietnamese people.

Let us strengthen the united world front of peoples against American imperialism and modern revisionism.

Let us resolutely support the constantly victorious development of the GRCP line of demarcation between the true and the false revolutionaries.

Let us resolutely support the great movement of revolutionization which is surging impetuously in Socialist Albania.

Long live the indestructible unity of the movement of the JC and the heroic Chinese Red Guard.

Long live the indestructible unity of our MJC movement with the Union of Young Workers in Albania.

Long live the Chinese Communist Party led by the proletarian headquarters with President Mao Tse-tung at its head.

Long live the Party of Labour of Albania led by comrade Enver Hoxha.

Long live our Communist Party of Belgium.
