On Trudeau’s Policies Of National Betrayal

MARCH 3rd “VISIT” IS A PROVOCATION!

On Wednesday, March 3rd, Pierre Trudeau, a servile lackey of United States imperialism, is to “visit” Toronto to continue the feverish preparations of the Canadian comprador bourgeoisie to unleash a reactionary civil war against the people of Quebec.

The national liberation struggle in Quebec is at a very high level. The fascist War Measures Act - Public Order Act and the wholesale persecution of patriotic workers, students, professional people and national minorities have left the Anglo-Canadian colonists totally divorced from the people behind a shield of police, troops and guns. Among the Quebec people it has become crystal clear that anarchism and individual acts of desperation will not light the path to national liberation. Patriotic young people are rallying to the revolutionary banner of the working class and people against the Quebec national liberation struggles. This is what Trudeau will be up to, publicly in the $50.00-a-plate “dinner” and behind the scenes in closed door conferences with local big bourgeoisie.

These last-ditch plans have already failed. The facts eloquently show that the Canadian people will rise up to support the just struggle of the Quebec people by concretely organizing against our common enemy, U.S. imperialism and the Canadian compradors here in Canada. One nation that oppresses and subjugates another can never be free. Thus, various sections of the Canadian people are now on the move. They are brewing a mighty revolutionary storm which will attack the U.S. Imperialists and their lackeys right in their lair. Anti-imperialism is on the move. They are brewing a mighty revolutionary storm which will attack the U.S. Imperialists and their lackeys right in their lair.

They are brewing a mighty revolutionary storm which will attack the U.S. Imperialists and their lackeys right in their lair. Anti-imperialism is the main trend in Canada today. This trend is so strong and deep that the Canadian compradors are resorting to widespread arrests of revolutionary anti-imperialists and communists in Canada and they openly admit they are re-organizing the repressive state apparatus to deal with the “new situation” in Canada. This “new situation” is not the quailing songs of national betrayal but the developing revolution of the Canadian working class and people against Yankee imperialism, economic, political and cultural subjugation of our nation. We hail this “new situation”. The progressive sections of Toronto are awaiting the “visit” of this traitor, Trudeau.

UNPRECEDENTED SELL-OUT OF CANADIAN LAND AND LABOUR TO UNITED STATES MONOPOLIES ESCALATES IN 1968 - FURTHER OPPRESSION OF THE CANADIAN PEOPLE AND FURTHER RISE OF ANTI-IMPERIALIST SENTIMENT

Since the 1968 “election” there has been on the part of the Canadian comprador, ruling class 1) an unprecedented escalation of the sell-out of Canadian land and labour to United States monopoly capital and the intensification of the exploitation of the Canadian and Quebec people, 2) an unprecedented increase in fascist laws against the working class, the immigrants and national minority workers and the Canadian Indian people, and 3) overt fascist aggression has been engineered against the national liberation struggle of the Quebec people.

To date there has been over $60 billion invested in Canada by foreign corporations, over $40 billion of this is United States monopoly capital. The take-over of Canada and Quebec by U.S. imperialism has sharply escalated since 1968:

This U.S. imperialist control of Canada’s economics, politics and culture; the plunder of Canadian national resources, causes extreme hardship and oppression for the Canadian people. AN UMBRELLA AGAINST U.S. IMPERIALISM AND ALL ITS FIFTH COLUMN IS RAPIDLY DEVELOPING THROUGHOUT CANADA. All the collaboration of the Canadian compradors with their U.S. masters is being attacked and all their schemes are becoming the targets of justified condemnation by many sections of the Canadian people.

Direct assistance to U.S. monopoly plunder takes many forms. In 1968, Ford Motor Company, under the cover of the “auto pact”, was given a $93 million tax subsidy. Out-right grants and low-interest, long-term subsidies to foreign monopolies from the hockey state machine in Ottawa was $140 million between 1965 and 1969 opposed to $75 million to Canadian monopolies. In 1970, when the Canadian dollar was “re-valued” to assist U.S. monopoly capital, imports became cheaper and exports more expensive. This is now throwing tens of thousands of Canadians out of work and American subsidiaries such as General Electric are shifting production back to the United States, causing higher unemployment and ruining many small businesses. Under the banner of “protecting Canadian sovereignty” there are some 804 million acres in the Canada north leased out for foreign oil and gas exploration companies - 98%, I.E. an in-
creditable give away” (Professor L. Johnson in New Canada), 91, 95, of petroleum and coal products is controlled by U.S. monopoly capital. The U.S. Dept. of Commerce also has recently admitted that 94% of U.S. “foreign investment” in Canada is financed from the blood and sweat of the Canadian and Quebec working class.)

As damage to the U.S. grows, greater and greater amounts of goods must be imported. Canada inevitably has become the focus of America’s need and greed.

FASCIST VIOLENCE AND TERROR AGAINST THE PEOPLE TO PROTECT THE PLUNDERERS WILL NEVER STOP THE ANTI-IMPERIALIST REVOLUTION OF THE CANADIAN AND QUEBEC PEOPLE — IT ONLY INCREASES THE RESOLVE TO STRUGGLE AND TO WIN

Various sections of the Canadian and Quebec people are rising in struggle. The most oppressed and exploited sections of Canadian society are 1) the Native Indian immigrant workers, 2) the Canadian working class. The increasing resistance of each section, coupled with the steady advance of the anti-imperialist consciousness of people and the leading role of the Communist Party of Canada (Marxist-Leninist) formed, in March 1970, has greatly shaken the Canadian compradors. In an attempt to stem the tide, they have introduced fascist legislation against all oppressed sections.

ANTI-LABOUR LEGISLATION

The FEDERAL WOODS REPORT calls for closer cooperation between corporations, union aristocrats and the government to make sure mass democratic means are not used by the workers to fight for their rights. Rank and file militancy will be crushed by “over-kill democracy,” by making union leader legally responsible to stop the wild-cats and other militant rank and file action and by increasing the power of the “advisory” boards and other such anti-democratic measures to remove initiative from the hands of the working people. Following these guidelines and the framework for harassing strikes, the provinces have eagerly begun to attack the workers and other various strikes, pickets and other militant actions. Ontario Bill 147 was denounced by a mass demonstration of ten thousand workers at Queen’s Park in Toronto as was the Rand Report of the Ontario government. Bill 2 in Saskatchewan was used already to outlaw strikes. To smash the tugboat strike in B.C., the Bennett regime waved the big stick of Bill 33, passed 33 injunctions and $75,000 worth of fines against the union. In Quebec “special legislation” was used to outlaw the strike of 25,000 construction workers in the Summer of 1970. In the Maritime’s, fishermen were jailed after defying fascist injunctions passed by the Nova Scotia government, sparking off a mass solidarity strike. Lackey Trudeau actively campaigns against the working class and supports these fascist government actions. For this he has been roundly praised by the mouth-piece of the Canadian compradors, the Globe and Mail, for “making a good academic case for the outlawing of strikes in the public sector.”

ROYAL COMMISSION ON “SECURITY”

This report calls for closer cooperation with U.S. imperialism and the repressive and espionage organs, reorganized by the Immigration Department to keep progressive people out and let the fascists in, greater use by the RCMP of deportation, political loyalty tests of all kinds, increased RCMP infiltration into the universities, militarizing the functions for the RCMP to oppose the Canadian people and the suppression of people who fight for the national liberation of the Quebec people and the anti-imperialist revolution of the Canadian people, labeled “violent separatists and communists.” Implementing the recommendations there have been wide-spread political deportations, the most recent of Harsh Chaddha, a University of Alberta student. In Hamilton, Toronto, Ottawa, Winnipeg and Halifax and the reserves. Also groups and organisations have been the targets of this repression - wherever people stand up against U.S. imperialism, for an independent and democratic Canada and for the national liberation struggle of the Quebec people this has been the case. In Toronto alone over 80 people were unjustifiably arrested for demonstrating against U.S. aggression against Cambodia in May 1970.

PREPARATIONS FOR ARMED TERROR

1) Re-organization of the army to deal with, as Defence Minister MacDonald says, the “urban guerrilla in Canada as well as Quebec”.
2) Re-enforcement of police forces, constructions of new jails, courts under the banner of “public safety”. In Montreal there are 1400 “riot” police out of a force of 4000.
3) Emergency Measures Organisation is being changed from fighting “nuclear attack effects” to “riot control”.
4) Use of courts to charge anti-imperialists and communists under the “Criminal Code” and send them to jail, thus camouflaging the political crimes of the compradors.
5) Outright fascist legislation has been imposed to stifle the national liberation struggle of Quebec. There were the “10-Points” of the Provincial government in 1969 and the “War Measures Act” and the “Public Order Act” in the Fall of 1970.
6) The Federal White Paper on Native Indian plans to smash up their culture and fundamental rights by propping up “Elected Councils” in the reserves which are protected by the RCMP, by making Indian people slaves of “Federal Development Programmes”, and by ruling the termination of inherited rights through abrogation of the Treaties under the hoax of “making the Indians equals before the law,” thus removing all “special privileges”. The compradors are also treacherously pushing for the formation of “Indian Police” as part of so-called “Community control”. Militant Indians like Patrick Sayers who threw a molotov cocktail into the Parliament buildings in Ottawa are jailed and declared “insane”.

TRUDEAU’S CONTEMPT FOR THE QUEBEC PEOPLE

In a speech in November, 1969, at the Liberal Party Policy Conference in Harrisson Hot Springs, Trudeau, the arch-enemy of the people, told the Canadian people in no uncertain terms that monopoly capital will soon impose a pogrom program onto them. He stated: “In the seventies our attention will be directed to eugenics engineering. Our current experiments with faster laying chickens could lead to greater control over human reproduction.” Taking up Trudeau’s proposal, the C.B.C. immediately presented a program to do propaganda for fascist eugenics. As demand in the U.S. grows, greater and greater amounts of goods must be imported. Canada inevitably has become the focus of America’s need and greed.

In 1958 he said the main problem was that the Quebec people “just didn’t like democracy”. In 1969 during his campaign for Prime Minister he told students in Ottawa that the Quebecers speak a “lousy French”. In September 1970 he threatened that people who “riot” can expect “a boot in the tail from the police” and fulfilling this threat he initiated the War Measures Act in full, what he called “dangerous and violent men”, i.e., all those who work for the national liberation of the Quebec people. Recently he has come out with greater arrogance and vile by telling demonstrating Lapalme workers on Parliament Hill that they should “Manger de la merde” (eat shit).
PRO-IMPERIALIST INTRIGUES

Under U.S. lackey Trudeau, the Canadian Compromisers are continuously intriguing in support of imperialism, colonialism, and neo-colonialism. At the 18th Conference of British Commonwealth Prime Ministers held recently in Singapore, for example, Trotskyists and revisionists advocated that the Canadian bourgeoisie expand its foreign policy of the "left" to the extent of the U.S. puppet subcontinental regimes in Indonesia, the Philippines, and Latin American countries. After the conference, Trudeau at the instigation of the U.S. imperialists intensified economic aid to the U.S. puppet Suburbo regime in Indonesia, which fascistically slaughtered over 500,000 patriotic and progressive Indonesian students at the course of U.S.-sponsored coup in the middle of 1967. In January, 1971, the compromiser Canadian Export Development Corp. — which subsidizes U.S. monopolies sells in foreign markets and thus exploits the Asian, African and Latin American people — gave a long-term "loan" to the U.S. monopoly capitalist Collins Radio Co. of Dallas of $15,000,000. This represents 90 per cent of a $65,000,000 contract its Canadian subsidiary had received to build an extensive "communications system" for the U.S. South Korean fascist puppet regime of Chung Hee Park. Such contacts are but the latest of the anti-Canadian firms as Northern Electric, a wholly-owned subsidiary of Bell Canada, itself controlled by U.S. monopoly capital and the biggest financier of fascism in Canada (the Canadian Committee). The fascist South Korean regime has sent 50,000 mercenary troops to Indo-China and harasses peace-loving South Koreans in Canada. All of the "aid and loan" schemes of the Canadian compromisers abroad are organized along these lines. To obscure the U.S. policies of aggression, plunder and exploitation and against the heroic struggle of the Laotian and Indo-Chinese people for national liberation and salvation, Sharp recently called for a meeting of the "neutralist" International Control Commission, which has admitted gathering information for use by U.S. troops in Vietnam. The Canadian compromisers with us believe that imperialism is sensible and usable, and negotiated and pacified out of the most predatory nature. Against this policy of betrayal, the Canadian and Quebec people, and Afro-Asian residents in the two nations, have recently held militant demonstrations with the U.S. imperialists, (2) completely decadent and parasitical in life style and ideology, and thus promoting that in politics, and (3) completely against the broad masses of the Canadian and Quebec working class. Denouncing lackey Trudeau, which has become an everyday affair.

ANTI-IMPERIALIST, ANTI-FASCIST DEMONSTRATIONS ACROSS CANADA

Everywhere in Canada lackey Trudeau goes, he is angrily met by the broad masses who seek in this idealistic leftist a man who is (1) totally loyal to U.S. imperialism, (2) completely decadent and parasitical in life style and ideology, and thus promoting that in politics, (3) completely against the broad masses of the Canadian and Quebec working class. Denouncing lackey Trudeau, which has become an everyday affair.

- In Vancouver, on July 8, 1969, patriote Quebec people denounced him for his slavish reception of imperialist chieftain and assassin Nixon at Man and His World.
- Over 6,000 enraged small and poor farmers held massive demonstrations July 12-19, 1969, on the Prairies to break Trudeau's "meet the people" campaign and demand him for saying that "they should get off the land altogether" and sell out to U.S. monopolies. In Askewville, 2,000 farmers constructed a staunch steelhead warning against Trudeau of his certain fate if he persists with his policies.
- In Vancouver, on Aug. 8, 1969, lackey Trudeau was absolutely denounced by the broad masses who chased him into a sham $50-a-plate banquet in the Centennial Centre after he physically attacked a young woman who forcerally told him to "flee from Grain, Not Women." A fire was set outside the door locked by the police in fright.
- In Toronto, on Aug. 15, 1969, three young revolutionaries defied RCMP goons to denounce him on Toronto Island.
- In Montreal, Feb. 15, 1970, two brave Quebec patriots squared their faces with tomatoes, turning his lackey smile into a sticky grin.
- In Winnipeg, March 20, 1970, at another 60,000-plate celebration, he was twice resoundingly denounced, outside and inside the Centennial Centre where he thought himself safe from the people's revolutionary wrath.
- On June 11, 1971, he took his hysterical "reality check" out of Toronto and, thinking to escape, was arrested at Toronto; he thought himself safe from the people's revolutionary wrath.
- On June 11, 1971, he took his hysterical "reality check" out of Toronto and, thinking to escape, was scammed at Western Ontario, but the lovely red posters again lined his whole route! On June 19, in Hanover, small farmers issued revolutionally leaflets exposing his service to U.S. monopoly agricultural interests and the next day, in Bermuda, he was denounced by hundreds of small workers for his treacherous policies and told "The Canadian people will hang you!"
- In the fall of 1967, under the leadership of the workers and nationalist leaders, thousands of progressive Canadians held anti-imperialist demonstrations coast to coast to denounce the U.S. imperialist plunder of our land and our people which Trudeau service.
- On Feb. 14, 1971, over two hundred young Canadians led by a young woman with a red flag demonstrated in protest against Trudeau's "visit" to Regina.

What seemed to be a remote possibility is becoming increasingly inevitable. All domination by Trudeau's master is being questioned. Everywhere under economic, political and cultural control by the U.S. imperialists is coming under fire. The people want nothing less than the defeat of U.S. imperialism and the building of socialism under the dictatorship of the proletariat in Canada.

RESOLVE SUPPORT TO THE NATIONAL LIBERATION STRUGGLE OF THE QUEBEC PEOPLE!
