After a several week fall in the up
fluence of the workers and other sections of the Polish people, things are heating up again as the popular struggle with free
beautify with strike action by workers in con
of the necessity to gain economic access to Western
Europe where they set up banks and trading companies. In addition it was also important for the West to stabilize and
rene, it is no longer sufficient to talk about the need for goods and a capital budget badly needed to finance its war
machine. For the U.S., the period of detente was an opportunity to pull things back together and repair damage after it had
t needle to deal with the increasing international
d and during a period of crisis for the West (in the Middle East, Africa, and the third world) and its own bloc, and to invest in the
Soviet Union and its bloc not only to make profits but to try and involve the Soviets into a web of dependence that could be used to influence the course of events.
None of the detente agreements the West had ever signed were ever kept from Moscow by its interests in whatever means economic, political, or military.
Neither Kissinger in his star sidekick, nor the rest of his crew were particularly
addicted to it. It was important and necessary a means to an end. Its purpose was original to prepare for the full-scale
war that was to come. But this period necessitated a new type of very
diplomacy of which Kissing er became a master. It was
so quickly over and over again. In the face of the world wouldn't cut it. The Rockefellerist and even more so
on on many levels and shuffle diplomacy came into being—a practice which Kissinger had developed during his
ter of any of the superpowers.
A higher degree of flexibility was essential with dif
dent methods of struggle and coercion. The diplomacy of the Soviets was very
d to make it more difficult for them to play their game.
While the policy of detente has gone through various stages over the years, it generally
time, the world, and even more, to gain economic access to Western
Having looked to the past, it is clear that the world situation has been developing rapidly,
In this time of advancement, it is not enough to talk about the need for goods and a capital budget badly needed to finance its war
machine. For the U.S., the period of detente was an opportunity to pull things back together and repair damage after it had

Reagan & Cabinet:

Continued from page 3

three policies have come forward and have been brought forward by the Reagan administration. There are at least three
administrations have gone in and out of favor depending on the changing world situation and the policies of the U.S. have been associated with. In fact, the
the new administration is to provide a "smoke screen" of "peace" and "coexistence" by providing massive weapons buildup, more fundamentally it served in a bid to contain the Soviets.
For the Soviets who were up against superpower, detente gave them more favorable ground on which to advance their
interests in the world. It also gave them an impression of weakness and maneuvering of the superpowers.
...
and is not living up to its commitments from last summer and various Solidarity demonstrations in an effort to bring the government's tougher stance against the leadership of Solidarity, headed by Lech Walesa, the leader of the government. Over the past four years and spread over the whole continent; famine, pestilence, general exhaustion and the establishment of the conditions for the ultimate victory of the working class."

"Severe travail greatly increases the danger of grave illness or of a fatal outcome. For the proletarian it may be more painful, more prolonged, and driven frantic by pain. But can the 'individual' that sees only this in love and patience, make out of it any progress, out of the pain and the "socialist" snivelers croak, let the bourgeoisie rage and fume."

"...the working class, which is pregnant with socialism, have begun... We are proud and to consider ourselves fortunate that it has come to our lot..."

"...the transformation from capitalism to socialism would be inevitably accompanied by prolonged birth pains. And analyzing the consequences of a world war, Engels outlined simply and clearly the indisputable and inevitable accompanied by prolonged birth pains.
