FABILLI FIRED!

VICTORY! FABILLI HAS BEEN FIRED!

Is it because he finally slammed the door on some "important" member of management? If so, it was only the excuse -- it was the workers who really got rid of him!

The HEARTBEAT called for his firing! Why? Because the workers had had enough. Fabilli had insulted, demeaned and treated worker after worker like dirt when they had to come to him to correct the errors in the paycheck they had earned. It was time for all of us to stand together in opposition to this dog, and management couldn't ignore it.

Fabilli may only be a pawn of management, but he is one less rotten pawn that we will have to deal with. We called for his firing -- and we won!

The HEARTBEAT has, once again, led in the demands being put forth by our fellow workers and the struggles that we are facing daily. This is why we say - if you want to know what's happening at Metro -- read the HEARTBEAT!

(And if you want to know "what in the world's going on?" -- read the PEOPLE'S TRIBUNE, the political paper of the CLP!)

⇒ BUSING ⇐

Busing becomes a reality this Monday. But the dreams of all our people - the dreams and struggle for peaceful integration has not yet been realized.

For decades the working class has fought for its own unity. Busing has been used as a method to achieve this unity. And this we support - busing for peaceful integration, equal and quality education. Yet, what can we expect, when the very same people who forced us into segregation, (the judges, the government, the state apparatus) are those who draw up our busing plans. They have taken our just and noble aspirations and perverted them - used them to further divide us. DeMascio's plan (the same judge who will rule on our strike benefits case 15 days from now - more on this later) does not achieve our goals for cross district busing into the suburbs or nationalized education (equal funding for all schools). Rather, his plan sets

the conditions for fascist led gangs, like Mothers Alert Detroit, to violently attack the busing plan - attack national minorities and thus, attack the very heart of our working class.

Brothers and sisters, we will not be diverted from our goals. We will ride the buses this week. Protect our children and deal in kind with anyone who tries to harm our most precious future. We will not stop the struggle for peaceful integration because DeMascio has distorted it. We will strive to unite all nationalities for equal and quality education. And we will take up decades of these struggles Monday (as we have done at Metro - "men and women, black and white unite!") and continue it. Any fascist who tries to attack our unity, our future and our children will be dealt with in kind!
