HUNTED DOWN THIS POLICEMAN BOMBER!

MURDERED IN COLD BLOOD – MRS MAURA MEEHAN

IRELAND UNFREE SHALL NEVER BE AT PEACE
ENEMIES OF THE IRISH PEOPLE SUPPORT WILSON’S SHAM PROPOSALS FOR IRELAND

The British Labour Party welcomed Wilson’s proposals for a so-called “united Ireland.” This underlines that Wilson’s party do not represent the interests of the working people. In his speech to the House of Commons Wilson praised the agitator troops and said they should not be withdrawn but “peace” is restored in northern Ireland, but at the people there will never give up the fight for a free country, this means that as far as Wilson’s proposals go the Army would never be withdrawn. The leaders of the British parties in the Belfast sculptured these proposals, which amount to putting all the problems of the majority of the people of Ireland in Ireland, because history and justice is on their side. Wilson hopes his “united Ireland” will do workmanship to the ruling class, wealth and its social welfare and education systems in Ireland. Britain being hoodwinked into believing the majority of the people of Ireland. With each passing day the people have many problems to bear and are churned out every hour by the ruling class lie machine of newspapers, television and radio. Workers and oppressed peoples across the globe are finally behind the struggle of the people against the British imperialism.

THE AGGRESSOR FAILS

During the past year the aggressor beast has hurled its diminishing might against the people of Ireland. The British ruling class lie machine is the people, particularly those fighting in the north-east occupied area.

THE ENEMY CLEANS

With every passing day the enemy, gets more demoralised, more aware that its unjust cause can never triumph. Its propaganda lies are wearing thin. No longer can the liars say majority of the people of Ireland being hoodwinked into believing the distortions and sheer fabrications churned out every hour by the ruling class lie machine of newspapers, television and radio. Workers and oppressed peoples across the globe are finally behind the struggle of the people against the British imperialism.

AN EXCELLENT SITUATION

The situation in Ireland is excellent for the people and terrible for their enemy. The people have many problems to overcome but these will be resolved because history and justice is on their side. The enemy has a different sort of problem, for it is a solid fact that the gas, the bullet and the concentration camps have failed, failed totally to still the risen people, particularly those fighting in the north-east occupied area.

WRENCH THE CHAIN ASSUMER

There are difficult times ahead. The aggressor will try to peacefully give up his Irish profits haven. He cannot be talked into submission. There has been more “truce” in Ireland during the last eight centuries. He understands, fears and bows to only one instrument, the instrument of an armed liberation struggle. When the hour arrives that the masses of the people are armed with revolutionary consciousness and gains there will be no chain they cannot wrench assender.

A COMMON ENEMY

Every worker here in Britain must have it rammed into his mind that a mortal blow has been dealt to imperialism in Ireland is in his greatest interest, for he has the same enemy as his battling fellow-countryman, the British ruling class which lives off both their backs.

FREEDOM—A HISTORIC INEVITABILITY

In Ireland they have had freedom. This is a historic inevitability. The breaking of the colonial connection with Britain, the astonishing once and for all time of the manacles of imperialist bondage, this the greatest of goals must be supported by all Irishmen, women and child here in Britain who must be politically educated to see the truth. The cause of the heroic people of Ireland is our cause, their fight our fight, the exploited peoples of both actions are class brothers and sisters against a common foe and we must prepare to spill our blood with theirs in the times ahead.

The Struggle in Ireland

BRITISH IMPERIALISM IS LOOSING IN IRELAND

British imperialism is loosening its colonial wars against the Irish people. With each passing day the people become more steelclad, more determined than ever before to never to yield to their enemy.

EX-SOLDIER EXPOSES BRITISH PRESS EXPOSES BRITISH

"This is one I took showing army Intelligence sifting through photographs in order to prepare 'wanted' lists to be handed on to British army raiding squads."

The following exposure of British imperialism’s "big brother" spy tactics is made all the more important by the fact that the information and photographs have been provided by a man who until a short time ago was a 2nd corporal, acting sergeant attached to Army Intelligence as a spy photographer in north-east occupied Ireland. The material came to this paper unsolicited and from the private resources of the man concerned, who has now left the British agressor army in disgust. His identity is not being revealed for obvious reasons, though he stated that he is prepared to testify publicly as to the validity.

QUESTION: What were you doing in north-east occupied Ireland?

ANSWER: Until a few months back I was that is a dangerous game, the situation in the British army. My specific job was that of a spy photographer attached to Military Intelligence…

QUESTION: What did your work involve and how were the photographs you took used?

ANSWER: First and foremost it was

This is the last issue of the "IRELAND LIBERATION PRESS" before its incorporation into the new “VOICE OF THE PEOPLE”. Perhaps this serves the people of Ireland, Britain and the world is explained on the back page. Several thousand copies of this newspaper were sold. A combination of political principles, hard work by all involved and true living-up to their ideals, this working class achievement possible in the face of all sorts of attacks and blandishments wide from police attacks to inadequate financial means.

With this combination at work in the future, the "VOICE OF THE PEOPLE" to be made as "THE IRISH LIBERATION PRESS" has always been made, that will be a battle cry for a million Irishmen and women, setting themselves from strength to strength and with it the struggle of the people against the exploitation of man by man.
at inducing terror and the sheet of photographs of the "wanted" stuck to the inside panel of their vehicle. Here is the inside story of how these terrorists in khaki came to have those photographs in front of them as they ventured out on the kill in north-east occupied Ireland.

**SPECIAL AIR SERVICES REGIMENT**

Units of the Special Air Services Regiment (a part of the imperialist British Army) have been on active service in northern Ireland since March 1971. The S.A.S. are specially trained in keeping down anti-imperialist movements and in interrogating techniques, with people's enemy Lord Hailey has denied that units of the S.A.S are in northern Ireland, even though the S.A.S. is being secretly used against anti-imperialist struggles in Aden and the Trech Elis. However, the working people in N. Ireland are showing the representatives of British imperialism (its Army and S.A.S.) exactly what it thinks of them, and whatever little tactics the British oppressors may use they will never keep down the working masses.

**MORE OUT OF WORK IN THE SOUTH**

Over 70,000 workers are jobless in the south. Indications are that the situation will worsen in 1972 following 53 factory closings in 1971. Many of these involved important industries such as textiles. Capitalist financiers add the increase to the already economising situation in Britain. Is the north, too, the unemployment situation is worsening. The jobless total has risen to 8.5 per cent, the highest for 10 years. Many people suggest that the real figures are more like 16-11 per cent and that the bosses class is cooking the facts.

**MAUDLING ADMITS IMPERIAL VICTORY UNLIKELY**

Maudling, currently responsible for administering the brutal repression of the heroic Irish people, has been forced to make an important admission. In the first issue of the Irish Press, Maudling has said the Irish people are unlikely to be defeated. This exposes the imperialists lies that the patriots are a small segment of the population. It again shows that the true terrorists are the 14,000 British aggressor troops whose function is to smash the just struggle of the Irish people on behalf of the exploiting class.

**WILSON "IMPRESSED"**

That reactionary scab and rolling-class lackey Wilson said on leaving the north in November he had been impressed by the "wisdom and sense of the General Officer Commanding". What he meant is he had been impressed by the way the aggressors are oppressing the people by murder and terror.

**DOUBLE OPPRESSION OF IRISH PENSIONERS**

A group of middle-class intellectuals at a seminar held in Cork during mid-November, 1971, admitted that Irish old-age pensioners get a worse deal from their government than old folk in other European capitalist countries. Social Security benefits are even less and harder to come by for Irish pensioners than for pensioners in other countries. Only under a Socialist system will old people be able to live full and decent lives, without going with sub-standard and poor food, and almost freezing to death in winter, which is the fate of many old-age pensioners who live in a capitalist country.

**ANOTHER CASE OF THE ENDLESS OPPRESSION OF THE PEOPLE**

The case of the 3 patriots who were charged in the north on the basis of a forged card provided of course by Army Intelligence, goes to show that the nation-wide campaign of the Irish people to liberate themselves from British and imperialist domination must be carried through in every single town, every village and hamlet in Ireland.

**MAUDLING'S UNHUMANITY AND INHUMANITY**

December. The troops were ordered out to guard the courtroom while the hearing was in progress. The court knew that Mrs. O'Hare, the local people's lackey, would say all manner of things against the patriots. She got life for gun-shot wounds, in return outright to get bail.

**THE BATTLE OF THE PEOPLE**

The battle of the people is being fought with every weapon at our disposal, and the people have shown that they will never be defeated. We are a people united in struggle and will never be defeated. It is up to the Irish people to fight back with all their might and force the British oppressors to withdraw from our country.

**ARMY INTELLIGENCE SPYING METHODS**

Throughout the police stations and barracks in northern Ireland and Britain, many have been captured by the British aggressor troops. The British army has been forced to make an important admission. The first issue of the Irish Press, Maudling has said the Irish people are unlikely to be defeated. This exposes the imperialists lies that the patriots are a small segment of the population.
