

Amendment to Democratic centralism document*

Barbara W.

The women's caucus must also conform to democratic centralism. If a women's caucus meeting is open to contacts and or friends, all members of the IS must carry the line. The women's caucus, is of course, free to have members only meetings, where the line of the organization is debated and discussed.

NOTE

This amendment was moved and passed at the May EC. It was inadvertently omitted from the minutes.
