CONCERNING "SOCIALIST REVIEW"

SPECIAL APPEAL

Since the first issue of the "Socialist Review" the costs of producing a duplicated magazine have continued to rise with every issue. Due to this constant increase the position today is that to produce a magazine of this size is almost as costly as printing. This, coupled with the fact that the circulation of the paper has risen steadily, has led to the decision that given an extra effort by comrades who support the "S.R", a PRINTED journal can be achieved.

.....

With this as the aim, a fund is being opened to finance printing the paper. All donations, no matter how small, will be received with thanks, and acknowledged by individual receipt.

The ideas of our journal are reaching an ever-increasing circle of people, We feel sure that comrades will agree that this must continue, and would be greatly facilitated by a printed paper, so with this as our goal we make this appeal for cash.

Please send all donations to W.S.Ainsworth, 16 Rowdale Rd, Beeches Estate, Birmingham, 22a.
