**NEW YORK TIMES**

**SATUREDAY, OCTOBER 15, 1934**

This question runs in your air. You know you are deeply concerned, but you do not know just what the overall picture is. There is no reason to think that your opposition is weak. It is true that your opposition is numerous and strong. But if you are not careful, you will lose this fight. You must not allow your opponents to gain any advantage.

The L.H.B. brings to a new power, but the political situation is still very difficult. The working class must be prepared to fight. The workers and peasants must unite to form a new political party that can represent their interests.

We have, however, got to be very careful in our work. We must be sure to maintain a real and solid party, and we must not allow our opponents to split us.

The Fascists are trying to form a new party around the base of the Catholic Church. They are trying to get the workers and peasants to support them.

Consequently, we urge you to give all the support that you can to the workers and peasants who are fighting for the new political party. We must fight for the new party with all our strength.

The L.H.B. will be brought into the fight. The new party will be formed in the L.H.B.
