Calls for Fight Against Boss War

We Can Rely Only On Labor to Fight Coupling's Gangs

Official Organ of the Socialist Workers Party, Section of the Fourth International — Issued Twice Weekly

The Final Answer to Coupling

Democratic capitalism is doomed in the United States. It can offer nothing but war, unemployment, misery, death. In its desperate struggle to maintain itself, it will attempt to crush any resistance. That "anything" is familiar. This latest facet of monopoly capitalism was built upon the collapse of "democracy" and complete suppression of democratic institutions, except where they were as far as possible disguised as "socialism".

The entire working class, employed and unemployed, rent-seeking and aged, and their brothers and sisters on the farm must unite in common struggle to throw off the present government which represents all the interests of monopoly capitalism. We号召 the workers, men and women, to give their government a new administration that will represent the workers and the farmers.

When the placing of labor’s own government in power is to organize labor’s own political party, the Independent Labor Party, taking independent labor party, organizing independent labor party. This time we can do it. There is a moment to organize an independent labor party.

The Socialist Order of Plenty

Democratic capitalism is doomed. Although it has offered them chains and branded them with "free," even a slave state is naturally closer to the slaves. But democratic capitalism can provide neither jobs nor security for those who oppose it.

It deserves another fate but to be crushed by socialist revolution. Capital is theubb of democratic capitalism! Good REDDICE.

The opportunity is ready to pour out fabulous riches.

Open up the wheat and the grains.

Open up the highways for every working member of society.

Open up the factories and the mines.

An end to the inky despair of America.

Participate in the Socialist Workers Party for the SOCIALIST ORDER OF PLENTY!

By RUTH JEFFREY and TONY COCHRAN

One of the most exciting days in the history of New York City last Friday night and early Saturday morning, the Anti-War Convention of the Socialist Workers Party. Many thousands of the leftists of the city had filled the ballroom to overflowing.

Leading labor militants from all sections of the country denounced the war plans of the Roosevelt administration, and declared their resolve to oppose the coming war with all the strength of the working class. Roosevelt would not win.

Speaking of the keynote of the Convention, which will be in session from July 1 to 4, Max Shachtman, National Secretary of the Convention, declared: "We are gathered here under the banner of labor, in the name of the Struggle for the future of the working class. The Socialists are the only party in this country to work for peace and to fight the fascist, militarist, and autocratic aggressors. We stand together to support the policies of the Convention in the struggle against the reactionary policies of the Roosevelt administration."

Stalinists Help District Attorney Stall on Applebaum Case

"It’s used up with this base treachery and this base trickery at whatever happens. You all understand. We need action against these flesh-trick—real action."

That’s what one of the wealthier “leaders” of the “coalition” in the case of Bernstein and others said in the New York Times the other day.

That's what the Independent Labor Party, which is opposed by what Britain calls “socialism,” is organizing. It is organizing for a free election, and it is organizing through the Independent Labor Party. It is organizing through the Independent Labor Party, and it is also organizing through the United Labor Party.

Cowhides and dry goods are of national value. They are of national value to the Socialist Workers Party. They are of national value to the United States. They are of national value to the working class. They are of national value to all people.

The plan would be to provide work for all men who are out of work and cannot get relief in the camps.

The Women’s Committee of the Independent Labor Party is supporting the plan, and the Women’s Committee of the United Labor Party is supporting it as well. The Women’s Committee of the Socialists is also supporting the plan. The Women’s Committee of the Socialist Workers Party is supporting the plan.

Roosevelt Signs Bill Wrecking the W.P.A.

From dozens of America’s cities, in railroad cars and in buses they are straining to capture the War Mobilization machinery. They are marching into the streets, shouting, "Stop the war!"

The Roosevelt administration is expanding its drive against the W.P.A., the W.P.A., and the W.P.A. are marching into the streets, shouting, "Stop the war!"

The W.P.A. is a war machine, but it’s a war machine that is being used by the Roosevelt administration to suppress the movement against the war.

The W.P.A. workers, who need this money and we shall demonstrate our solidarity with them, are marching into the streets, shouting, "Stop the war!"

The July issue of the socialist weekly, the Northern New Jersey Worker, ran an editorial on the need to organize, with the line: "The struggle begins now!" and "Workers organize!"

"Working Men" and "Working Women" organize mill of Carnegie-Illinois Steel to fight against layoffs, and win rights to union meetings for all shifts.

Convention Resolution on Workers Defense Guard

The collapse of the New Deal, and the international context of the 1930s, led to the formation of the United States Workers Defense Guard (USWDG). The USWDG was established to fight against the growing power of the Nazi regime, and to provide a defensive force for workers and labor organizers.

Enlisting the unions

The USWDG worked closely with the United Mine Workers (UMW) and the American Federation of Labor ( AFL) to create a broad-based workers defense force. The USWDG's slogan was "Workers of the World Unite!"

Immediate Problem

The transformation of the fascist movement in the US into a potent force of defense against it. This transformation is closely linked to the development of fascism in Europe, and the US is not immune to its influence.

United Front Action

The USWDG makes possible, and demands, the broadest possible anti-fascist front in the US. This front must be both a political and a military front.

Anti-Coughlin Witnesses Get Run-Around

In the name of "fair play," the USWDG has cooperated with the United Mine Workers (UMW) in their negotiations with the National Coal Association (NCA). This cooperation was justified by the need to protect the rights of workers and to ensure a fair and just settlement.

Unemployment Insurance

The USWDG opposed the 1935 Social Security Act, which provided unemployment insurance, as it would only benefit the employers and not the workers. The USWDG called for a national workers defense force to protect workers from unemployment.

Assuming that each of the mill's 600 workers earned a wage bill of $100 per week, the USWDG would have produced 441 tons of steel, which is approximately 15% of the mill's steel production.

Steel Council Answers

The USWDG answered the call of the Steel Council to organize a strike, and the strike was successful in achieving the workers' demands.

Informal House

The USWDG organized an informal house, which provided a safe haven for workers to discuss and plan their actions.

**Weakness of the Labor Campaign in Minneapolis - A Balance Sheet**

As the Socialist Workers Party Pointed Out in its Campaign Material, a Clear Anti-War Stand and Concentration on the Trade Unions Would Have Won the Elections

The new army appropriation bill which went into effect July 1 provides for the expansion of the army to its largest size in the last two years (the past two months the War Department has bought 73,000 horses at an average cost of $1,125,000 each). In addition there will be a growing station, each including a big sound round and a substantial main station. The War Department has defined itself that all the movements of big business are being used to swell, spread, the radio, magazine whatever the pressure and pressure publically.

- What is the situation here?

There are approximately 13,000,000 people in the country who are in the movement for peace. This movement is considered by many to be a vast, international movement. The voice of the people speaks out loud and clear on this question, and it is only a matter of time before the government will have no choice but to respond to the demands of the people.

**The Lie of a Popular War**

If the war were so popular, why would the Socialists be fighting it? The answer is that the war is not a popular war. The working people of the world are against it, and the Socialists are fighting for the rights of the working people. The war is not a war of democracy, but of the rich against the poor. The Socialists are fighting for the rights of the working people to have a voice in the government and to determine their own destiny. The Socialists are fighting for the rights of the working people to have a say in the decisions that affect their lives. The Socialists are fighting for the rights of the working people to have a future that is secure and free from fear and hunger.
