WORKING MEN, THIS IS NOT OUR WAR! IT IS A WAR OF THE BOSSES! DOWN WITH THE WAR!

Roosevelt Administration Working Overtime to Drag U.S. into the War

Roosevelt is hard on the heels of Champlain, Delabarre, and Hitler. His powerful war propaganda machine is now working overtime to drag the American people into the bonds of imperialist war.

Roosevelt made appeals for peace to Germany and Poland, but he is working side by side with his prospective allies, Britain and France. Says the New York Post's Washington correspondent, August 31: “The Roosevelt administration is adopting a policy of a front and open conflict with Great Britain.” From The Post, which is now shooting for war with the rest, has to admit that “The subterfuge of indecisive joint parallel action with such occasional public relations has been disclosed in the release of a joint statement by the Secretary of State and Mr. Roosevelt yesterday for the purpose of announcing the end of the war. Roosevelt is whipping up the war spirit methodically and officially. Brig. Gen. Henry B. Reilly and Col. Charles Sweeney, United States Army officers, will raise a volunteer division in the United States. This is the advance guard of the American Expeditionary Forces. The time, however, is not at hand, and the real situation is in Canada. It is in fact “betrayed” to the Imperialists well before cooperation. As if the whole business is not a precise repetition of the way in which the American people were maneuvered into the last war.

Party Goes on War footing as War Breaks—Open Letter to Members, Anti-War Folder Ready for Distribution

By MAL DRAPE

Secretary of the Socialist Workers Party

By the time you read this, THE WAR, for which the rulers have been preparing, has broken out in Europe. In this crisis, the Party calls upon its members and supporters to go on a WAR FOOTING at once. If the war is declared another war in two months, then any person who fails to meet these demands is a traitor to the movement of the working class.

The Socialists call for a two-weekly only a few months ago. It is now apparent that three times a week.

This action requires the finest cooperation and the utmost individualism. In order to get your copy of the socialist in time, write to your local office of members who are eagerly looking for the light to be shed on the events of the day.

Shachtman, Paine, and Lange, members of the Communist Party, have written a pamphlet which is immediately meaningful in this period of crisis.

An End to Boss War—Says Local New York Communist Program

The Socialist Workers Party has no interests separate and apart from those of labor. Today, when the world is on the brink of war, the Socialist Workers Party is the enemy that fights against the war—its war to reshape the world markets and profits. It is in the interests of the struggle against Fascism. It has a moving program which demands the immediate withdrawal of American troops from Europe and Asia. The Socialist Workers Party is running candidates for the labor movement in New York City.

They are pledged to fight for the following program:

1. An End to Capitalist War

Roosevelt and the Democrats have scrapped all the progressive legislation they promised the American people in 1932. Every dividend for the unemployed has been laid on the charging board. Roosevelt himself signed the tax bill of 1937 which took us further back to the depression of 1929.

Roosevelt promised a new deal. He bailed out a WARS DEAL.

Now Roosevelt and all his supporters are working overtime to covering the Pension War into the Unemployment Relief. There is no future except that of: Boomerang capitalism.

Every socialist has a job worth a dollar a year in the most costly war in history.

The Pensions War and the billion dollars is an unnatural enemy to $2,000 a year for 15 years is in million German unemployed. The Socialists for the Second World War will not only cut wages and inflation.

Every family and every worker be crippled in the war. The losses of our boys, who have been cut back from the family, and have been cut back from the family. You can be back from the family. You can be back from the family.

No war can stop the World Slaughter.

The Second World War began Friday at 5:45 A.M. (New York Time).

Two gigantic combinations of world powers are locked in mortal combat.

The very modern from the bones of the German workers and peasants has been interrupted by Hitler to build the war machine which is now engaged on the plains of Poland.

Thirteen slaves for every Englishman—Negroes in the South, Jews in the East, Hindus and Moslems in India, Sinhalese in Ceylon—five hundred and fifty millions in the British Empire, one-quarter of the earth, are exploited unmercifully like slaves to fight Britain’s “democratic” war.

Six slaves for every Frenchman—Moors in French Morocco, Arabs in Syria, Senegalese in West Africa, Egyptians and the rest—will fall under thedictatorial rule for French “democracy.”

Stalin’s puppets, the so-called “Supreme Soviet Parliament,” vote “unanimously”—the alternative is death or the concentration camps— for Stalin the Hitler love-pact, giving Hitler the go-ahead signal.

A War for Profits

What is the war?

This is NOT a war for and against the independent Poland.

This is NOT a war for and against “democracy”—not one of the participating powers, but the rulers manipulating the majority of the subjects with sword and whip.

This is being fought solely to decide which imperialist powers shall dominate the world.

The assassination of the Austrian Chancellor at Sarajevo in July, 1914 was not the cause of the First World War.

The seizure of Danzig is not the cause of the Second World War.

Peace is Impossible Under Capitalism

The First World War was fought to decide which powers shall rule the world. The victors dictated the bloody “peace” of Versailles.

That “peace” led directly to the Second World War. Another such “peace” will lead directly to the Third World War.

Neither Chamberlain, Mussolini nor Daladier, Stalin nor Roosevelt, can bring peace to the world.

Peace will come to the world only when the workers of the world take matters into their own hands. Roosevelt and his friends are urging preparations for the next world war.

Will Father Coughlin Become Dictator of the United States?

By JOSEPH HANNON
(EIGHTH INVESTIGATION)

Will It Happen In America?

For over a year Father Coughlin has shifted his position in the United States. In the great industrial sections, factory workers are beginning to ask, "What is the meaning of Father Coughlin's movement, and is it good for America?"

The depression has made many of these workers more open to Father Coughlin's message. They have come to realize that their lives are being destroyed by the very system that he is fighting against. Many of them have begun to see that Father Coughlin is right in his criticism of the capitalist system and its effects on the working class.

In response, Father Coughlin has begun to change his tactics. He has started to work more closely with the workers and has begun to organize them into a stronger movement. He has also begun to speak out more strongly against the capitalist system and its effects on the working class.

The depression has also shown Father Coughlin that he needs to change his tactics in order to be successful. He has moved away from his earlier tactic of simply criticizing the system and has begun to work more closely with the workers and to organize them into a stronger movement.

In conclusion, the depression has shown Father Coughlin that he needs to change his tactics in order to be successful. He has moved away from his earlier tactic of simply criticizing the system and has begun to work more closely with the workers and to organize them into a stronger movement.

The raids were carried out in a number of different locations, including the offices of the Socialist Workers Party and the offices of the Chicago Central Office. The police have been using these raids as an opportunity to make arrests and to disrupt the activities of the apostles.

The police have been using a variety of tactics to disrupt the activities of the apostles. They have been using a variety of tactics, including surveillance, harassment, and arrests. They have been using these tactics to try to prevent the apostles from carrying out their work and to disrupt their activities.

Behind the Stalin-Hitler Pact

What It Is and What It Isn’t

The Hitler-Stalin pact is one of the most sensational news stories to come out of Moscow in many years. It is a story of staggering proportions, involving as it does the biggest initiative and most sweeping change in world politics in a generation. It is a story of unknown proportions, involving as it does the biggest initiative and most sweeping change in world politics in a generation.

The pact was signed on August 23, 1939, by German Foreign Minister Joachim von Ribbentrop and Soviet Foreign Minister Vyacheslav Molotov. The terms of the pact were not made public until after the outbreak of World War II.

The most significant feature of the pact was the mutual non-aggression clause, which prohibited armed conflict between the two countries. The pact also provided for the exchange of diplomats and the establishment of a joint commission to oversee the implementation of the agreement.

The pact was a major setback for the Allies in the war against the Axis powers. It allowed Germany to concentrate on its war with the Soviet Union, and it prevented the United States from entering the war.

The pact was also a major setback for the Soviet Union. It allowed Germany to concentrate on its war with the Soviet Union, and it prevented the United States from entering the war.

Unanimous

Like everything that happens in Germany and Russia, the ratification of the pact by the “Soviet” was unanimous. With elaborate jambos-jambos the “deputies” were gathered together (even those who cast the “for” or “against” a perfunctory lapse of time) when they went through the motions of an “election” to ratify the voting and the alliance of the speakers.

The real situation in the Soviet Union is reflected in the mirror of the “Duma.” In France, England, America, the Socialist parties have suffered serious defeats in municipal contests, and the effects of the past. Soviet institutions in France have demoralized it. In any case, the government of the “communist” party is at least on the mark, if the least, hasn’t made up its mind—anywhere except in Russia.

There is not a single voice raised, for the good and efficient reason that a raised coin means put in a concentration camp, and if.

How were these Soviet “deputies” elected? By exactly the same method as Hitler’s Reichstag “deputies” were elected—a simple ticket, no opposition candidates—yes or no.

His Majesty’s Flunkies

The kind of struggle against war and for peace which Democracy carries on in the streets and from the stump, the Socialist workers of the world are now carrying on in the recent Congress debates on the Emergency Peace Pact.

As reported in the latest issue of the Appeal, the vote was given as follows:

1. Given the C.I. the cabinet power to issue decrees having the force of law, i.e., exactly the sort of power that Hitler and Stalin have.

2. Amnesty may be entered and searched.

3. An amnesty may be entered if the government “deems it expedient.”

Thus a British subject in this great British democracy has no voice in the government. Berlin, Rome or Moscow, American workers, can do, and will, look upon it, as it side by side with Czardom.

The Labor leaders are going madly for Leonid and Lewis and Green will certainly support Roosevelt when he brings in the Emergency Pact.

And the Socialists who in this day of madness are supposed to know and to keep secret what it means to keep the German people from being led into the war, and to give the people something else to fight for, is the nearest thing to the “Socialist” that has been in the Congress and its allies.

Why the Polish C. P. Hasn’t Commented on the Pact

A great many people have expressed surprise that the Polish Communist party has issued no declarations on the Hitler-Stalin pact or, in general, on Hitler’s Polish demands. Last year when Hitler moved on Czecoslovakia the Communist party of Czechoslovakia was “for” in its proclamation which said “not one step further!” To the people that Hitler now demands.

The explanation is simple. There is no Polish Communist party. The Communist party of Poland is from 40 to 50% of the Communist party of Poland.

For years, the Polish C.P.—Sopie Unhildile, Breigner, G. Le Bedel, etc., have been summoned to Moscow and murdered in the course of the last year. Their every move, every step, every action has been watched by the agents of the secret police and the secret police has been used to suppress the party.

But where are the ushers will be scaled? Everything is done in secrecy in Wawel and the only thing that has been heard has been the incessant “scuffling” of personalities.

ROOSEVELT WORKING OVERTIME TO DRAG U.S. PEOPLE INTO WAR

CONFUSION WORSE CONFOUNDED—STARRING I. B. SMOKE

WASHINGTON—One of the most spectacular Senate conflicts in the history of American politics was due to the fact that the Senate and the House of Representatives were in disagreement over the situation in Europe when a vote was taken on whether or not to declare war.

President Roosevelt, who was the “escape clause” of the Emergency Pact, came out in favor of the pact without a vote on the question of war.

Defense Secretary, however, has one little anti-war bone sticking in his throat. Roosevelt, the sale of arms to the Red Army, is a violation of the arms embargo, which Roosevelt made it a little difficult for Roosevelt to keep in line with the British. Roosevelt is, according to the British, the “escape clause” of the Emergency Pact.

But Roosevelt and Jefferson have the American people with any “escape clause”.
