

SUBJECT INDEX

Workers Vanguard—5 January to 28 December 1979 (Issues Nos. 222-246)

GUIDE TO THE SUBJECT INDEX

- This subject index covers issues of *Workers Vanguard* published during 1979, beginning with issue No. 222 (5 January) and ending with issue No. 246 (28 December). During this time, *WV* was published biweekly.
- The fullest listing is by SUBJECT. Subject headings are arranged alphabetically. Entries are listed chronologically with two exceptions: all entries comprising a series are listed together immediately following the first entry of the series; corrections immediately follow the relevant entry. An asterisk (*) after the page location of an entry indicates that a correction follows.
- Entries are listed under subject heads. In some cases, subject heads are broken down into subcategories. These subcategories are listed immediately after the initial subject head and preceded by a dot (•). The numbers following each entry headline give the issue number, date and page number(s) for the article. Thus:
Save Dodge Main!, #233, 8 June (12, 11)
means the headline of the article, Issue No. 233, 8 June 1979, pages 12 and 11.
- No entry is listed twice; refer to cross references for guidance in locating the subject head for particular articles. Cross references are of two types: those following the word "see" deal centrally with the subject head; those following the words "see also" are related articles. Subject heads in cross references are separated by a semi-colon, while subcategories of subject heads are separated by a comma. Thus:
Unemployment—See **Auto Workers: General, Chrysler Bankruptcy; Labor.**
means that articles on unemployment can be found by going to the subject head **AUTO WORKERS** and looking under the subcategories **General** and **Chrysler Bankruptcy** and by going to the subject head **LABOR**.
- Individuals mentioned in articles are usually not listed separately unless the article is primarily about the given person.
- Entries relating to foreign countries are listed under geographical headings and not necessarily under any other subject heading. Unless listed separately for some unusual reason, all foreign political organizations are listed under appropriate countries, while U.S. political organizations are listed under their organizational names.
- Specific defense cases (e.g. Assata Shakur) will be found under **CIVIL LIBERTIES: Cases.**
- Abbreviations used in entries are:
C: Correction
L: Letter
R: Review
S: Series
Sup: Supplement
