

GUIDE TO THE SUBJECT INDEX

• This subject index covers issues of *Workers Vanguard* published during 1983, from issue No. 321 (14 January) through the end-of-the-year issue No. 344 (16 December). During this time, *WV* was published biweekly.

• The fullest listing is by SUBJECT. Subject headings are arranged alphabetically. Entries are listed chronologically with two exceptions: all entries comprising a series are listed together immediately following the first entry of the series; corrections immediately follow the relevant entry. An asterisk (*) after the page location of an entry indicates that a correction follows.

• Entries are listed under subject heads. In some cases, subject heads are broken down into subcategories. These subcategories are listed immediately after the initial subject head and preceded by a dot (•). The numbers following each entry headline give the issue number, date and page number(s) for the article. Thus:

U.S. Hands Off Grenada!, #334, 15 July (12, 10)

means the headline of the article, issue No. 334, 15 July 1983, beginning on page 12 and continuing on page 10.

• No entry is listed twice; refer to cross references for guidance in locating the subject head for particular articles. Cross references are of two types: those following the word "see" deal centrally with the subject head; those following the words "see also" are related articles. Subject heads in cross references are separated by a semi-colon, while subcategories of subject heads are separated by a comma. Thus:

Cold War—See **U.S.: International Relations, Military Action; West Germany.**

means that articles on Cold War can be found by going to the subject head **UNITED STATES** and looking under the subcategories **International Relations** and **Military Action** and by going to the subject head **WEST GERMANY**.

• Individuals mentioned in articles are usually not listed separately unless the article is primarily about the given person.

• Entries relating to foreign countries are listed under geographical headings and not necessarily under any other subject heading. Unless listed separately for some unusual reason, all foreign political organizations are listed under appropriate countries, while U.S. political organizations are listed under their organizational names.

• Specific defense cases (e.g., Dennis Brutus) will be found under **CIVIL LIBERTIES: Cases**. Articles pertaining to the civil liberties of the Spartacist League will be found under **CIVIL LIBERTIES: SL**. Articles which deal with the intersection of American blacks with the U.S. legal system (e.g., the Taylor family defense) are listed under **CIVIL RIGHTS**, while general articles on the black question are listed under **BLACK QUESTION**.

• Articles on world politics or U.S. foreign policy will be found under **U.S.: International Relations**. Articles which deal with acts of war involving the U.S. will be found under **U.S.: Military Action**.

• Abbreviations used in entries are:

C:	Correction	S:	Series
L:	Letter	Sup:	Supplement
R:	Review

TONI RANDELL

8 November 1943—12 February 1982

This volume of *Workers Vanguard* is dedicated to the memory of our comrade Toni Randell, who died of cancer on 12 February 1982. A ten-year cadre of the Spartacist League, she was a founder of the Partisan Defense Committee and member of the Central Control Commission. Toni compiled the index for the first two volumes of *WV*, taking as a general guide Hal Draper's index of *Labor Action* (newspaper of the Independent Socialist League).

In 1980 the indexing of *WV* was resumed by comrades Elizabeth Kendall and Joel Salant, with the assistance of the *WV* comp department. The indexes of the next 12 volumes of *WV* and the first volume of our theoretical journal *Spartacist* were all modeled on comrade Toni's initial work.
