

WORKERS VANGUARD

1986 SUBJECT INDEX

3 January to 19 December 1986 (Issues Nos. 394-418)

GUIDE TO THE SUBJECT INDEX

• This subject index covers issues of *Workers Vanguard* published during 1986, from issue No. 394 (3 January) through the end-of-the-year issue No. 418 (19 December). During this time, *WV* was published biweekly.

• The fullest listing is by SUBJECT. Subject headings are arranged alphabetically. Entries are listed chronologically with one exception: corrections immediately follow the relevant entry. An asterisk (*) after the page location of an entry indicates that a correction follows.

• Entries are listed under subject heads. In some cases, subject heads are broken down into subcategories. These subcategories are listed immediately after the initial subject head and preceded by a dot (•). The numbers following each entry headline give the issue number, date and page number(s) for the article. Thus:

Defend Hormel Strikers!, #403, 9 May (12, 9)
means the headline of the article, issue No. 403, 9 May 1986, beginning on page 12 and continuing on page 9.

• No entry is listed twice; refer to cross references for guidance in locating the subject head for particular articles. Cross references are of two types: those following the word "see" deal centrally with the subject head; those following the words "see also" are related articles. Subject heads in cross references are separated by a semi-colon, while subcategories of subject heads are separated by a comma. Thus:

STUDENTS—See **Central America: U.S. Antiwar Protests; Civil Liberties: General, Bermúdez; Fascism.**

means that additional articles on students can be found by going to the subject head **CENTRAL AMERICA** and looking under the subcategory **U.S. Antiwar Protests**; by going to the subject head **CIVIL LIBERTIES** and looking under the subcategories **General** and **Bermúdez**; and by going to the subject head **FASCISM**.

• Individuals mentioned in articles are usually not listed separately unless the article is primarily about the given person.

• Entries relating to foreign countries are listed under geographical headings and not necessarily under any other subject heading. Unless listed separately for some unusual reason, all foreign political organizations are listed under appropriate countries, while U.S. political organizations are listed under their organizational names.

• This year, with the suspension of publication of *Young Spartacus*, the monthly newspaper of the Spartacist League's youth section, *WV* has published two to four pages a month under the *YSp* masthead. These articles are listed in the index by subject with the notation "(YSp)" after the headline of the entry.

• This year also, *WV* has published "Class-Struggle Defense Notes," a regular column written by the Partisan Defense Committee, including biographies and updated information on class-war prisoners. This column is listed in the index under **PARTISAN DEFENSE COMMITTEE: Class-Struggle Defense Notes.**

• Abbreviations used in entries are:
