

# WORKERS VANGUARD

## 1992 SUBJECT INDEX

10 January to 11 December 1992 (Issues Nos. 542-565)

### GUIDE TO THE SUBJECT INDEX

- This subject index covers issues of *Workers Vanguard* published during 1992, from issue No. 542 (10 January) through the end-of-the-year issue No. 565 (11 December). During this time, *WV* was published biweekly.
- The fullest listing is by SUBJECT. Subject headings are arranged alphabetically. Entries are listed chronologically with two exceptions: all entries comprising a series are listed together immediately following the first entry of the series; corrections immediately follow the relevant entry. An asterisk (\*) after the page location of an entry indicates that a correction follows.
- Entries are listed under subject heads. In some cases, subject heads are broken down into subcategories. These subcategories are listed immediately after the initial subject head and preceded by a dot (•). The numbers following each entry headline give the issue number, date and page number(s) for the article. Thus:  
For Free Abortion on Demand!, #548, 3 Apr. (16, 15)  
means the headline of the article, issue No. 548, 3 April, beginning on page 16 and continuing on page 15.
- No entry is listed twice; refer to cross references for guidance in locating the subject head for particular articles. Cross references are of two types: those following the word "see" deal centrally with the subject head; those following the words "see also" are related articles. Subject heads in cross references are separated by a semicolon. Thus:  
Economics—See **U.S.: General; West Europe.**  
means that articles on economics can be found by going to the subject head **UNITED STATES** and looking under the subcategory **General**, and by going to the subject head **WEST EUROPE**.
- Individuals mentioned in articles are usually not listed separately unless the article is primarily about the given person.
- Entries relating to foreign countries are listed under geographical headings and not necessarily under any other subject heading. Unless listed separately for some unusual reason, all foreign political organizations are listed under appropriate countries, while U.S. political organizations are listed under their organizational names.
- For this year's index we have kept the heading **SOVIET UNION**; all articles on Russia, the Ukraine and the present Confederation of Independent States will be found there.
- Articles dealing with the Rodney King case and its aftermath in Los Angeles and around the country can be found by going to the subject head **CIVIL RIGHTS** and looking under the subcategory **Rodney King Case and Aftermath**. Articles on the city of Los Angeles generally are listed under **LOS ANGELES**.
- Articles dealing with the issue of "family values" are listed under **WOMAN QUESTION**.
- Abbreviations used in entries are:  
C: Correction      S: Series  
L: Letter          Sup: Supplement  
R: Review         YSp: *Young Spartacus* article
