Detroits Unions Urge National Labor‘Holiday’

By Al Adler

(Detroit, July 5) — Detroit Unions, acting on an agreement reached with the Michigan State Civil Service Commission, have called for a National Labor Holiday, to be observed on July 5, the anniversary of the second founding of the American Federation of Labor.

This is the first time that the unions have called for a National Labor Holiday, but it is significant that the call comes in the midst of the summer vacation season, when many workers are on the move and can benefit from the additional day off.

The unions have expressed hope that this holiday will become a regular event, and that it will be observed in other parts of the country as well.

"Our Dead Comrade Was One of Rarest Spirits of Our Time"

The following is the memorial address delivered at the funeral of Comrade Konikow on July 6, 1946, by W. G. Martin, Political Director of the National Committee of the Communist Workers Party.

Comrade Antoinette Konikow was one of the rarest spirits of our time. It is a rare phenomenon for a person to be at home in two such sharply conflicting worlds as that of the U.S. ruling class and that of the Communist movement.

Comrade Konikow was active in the Communist movement from her early youth. She was a member of the Communist party in Russia in 1917, and later was active in the Communist movement in the United States. She was arrested many times for her activities, but consistently refused to give up her belief in the cause of the working class.

Comrade Konikow was a tireless worker for the cause of the working class, and her influence extended far beyond the scope of her own activities. She was a trusted and respected leader in the Communist movement, and her contributions to the struggle for socialism were immeasurable.

Comrade Konikow was a true comrade and friend, and her memory will be cherished by all who knew her. She will be missed dearly, but her legacy of dedication and commitment to the cause of the working class will continue to inspire us all.

"58 Years A Fighter For The Oppressed"

Antoinette Konikow was born November 19, 1900 in Germany. Her parents were German immigrants and she grew up in the United States. She joined the Communist party in 1924 and was active in the labor movement in the United States.

In 1933, Konikow was arrested by the Nazi regime in Germany and spent several years in prison. She was released in 1937 and returned to the United States. She continued her work in the labor movement and became a leader of the Communist party.

Konikow was a tireless fighter for the oppressed and her legacy will be remembered by all who knew her. She passed away on July 13, 1946, but her contributions to the struggle for justice and equality will continue to inspire us all.
