
Circular to All Organizers of the Communist Party of America from the Central Executive Committee, September 30, 1921.

Photostat in DoJ/BoI Investigative Files, NARA collection M-1085, reel 938.

Sept. 30, 1921.

To all DOs, SDOs, SOs, BOs, and GOs.

Comrades:

This is the day limit by which every member is expected to have paid into the Party treasury ONE DAY'S WAGES.

Your most important and immediate task is to compare the returns you have received from the One Day's Wage assessment with the membership reports of every one of your affiliations, and then see to it that those that are short make up 100 percent of their quota.

This means that every member must put in ONE DAY'S WAGES. *No one* is excused. Those that are unemployed shall put in one day's time collecting for the Party, and turn these funds into the treasury in lieu of the one day's wages.

Every Group Captain must see to it that each member of his group actus upon this call AT ONCE, if he has not done so already.

Every Branch Organizer must see to it *personally* that each group in his Branch accounts for every member.

Every Section Organizer must get 100% returns from each Branch in his Section.

Every SDO must make it his business to follow this up until every affiliation in his territory is accounted for.

Every DO must make this his special work until the collection is completed.

You all know of course WHY this special collection is made. You know that the language conferences cost the Party many thousands of dollars more than was received from the conference assessment. You know also that our activities for famine stricken Russia has diverted to that channel many thousands of dollars which would otherwise have come to the Party. You know furthermore that we have no "Rich Uncle," and that our organization MUST STAND ON ITS OWN FEET.

Besides, the very condition of unemployment, that cuts down the regular receipts of the Party, means a tremendous opportunity for propaganda and organization, if we but have the necessary funds with which to make an energetic campaign this Fall.

Leaflets have been planned. It will cost money to get them printed. Pamphlets are needed, but we must have funds to get them out. Our publications must be kept up, but we must have special funds for that purpose. Speakers must be toured and meetings arranged for, but this takes a good deal of money.

The CEC has surveyed the field, has eliminated every unnecessary expense, has estimated what we MUST have to measure up to the opportunity for activity that the coming Fall offers, and decided that the only way to accomplish this is to call upon the membership for the ONE DAY'S WAGE assessment.

The CEC requests every member to answer this urgent call. It <illeg.> every Organizer help prove that ours is a Party of... <bottom of document missing>
