Disgusted, Busted Farmers Revolt Against Coolidge

The dispossessed, busted farmers of America's six northern states have been fighting a battle of the utmost importance to the future of the nation. It is being fought not only for their own survival but also for the preservation of the democratic way of life.

Senator Norris Tells Appeal

Senator Norris of Nebraska, long a champion of the rights of the farmer, has come out in support of the farmers' cause. He has called for a special session of Congress to discuss the problem of the farmers, and has offered a bill to provide relief to the farmers in distress.

Readers of True Coal Remedy

The True Coal Remedy is a product of the American Petroleum Institute, and is recommended for use by the Department of Agriculture. It is a safe and effective way to reduce the cost of coal, while at the same time helping to reduce pollution.

Debs' Column

The American Appeal is the publication of the Socialist Party of America. It is a weekly newspaper that promotes the ideas of the Socialist Party and the socialist movement. The Appeal is read by millions of people around the world.

Church Youth Movement Moves

The Church Youth Movement has been an active force in the struggle for peace and social justice. It has played an important role in the fight against war and the establishment of a more just society.

Senators to Probe Billion and Half Dollar Gift to Mussolini

Senator Norris and Senator La Follette have expressed concern over the gift of a billion and a half dollars to Mussolini. They believe it is a dangerous move that could lead to further conflicts.

Opponents of the Senate's Indictment

Opponents of the Senate's resolution are calling for a more moderate approach to dealing with Mussolini. They argue that the gift is not as harmful as it appears, and that a more measured response is needed.

The Appeal's "Coal" Fund

The contract of sale strikes on the 100th anniversary of the American Federation of Labor, the contract of sale signifying the end of the struggle for the 8-hour day.

Chrysler's "Coal" Fund

Chrysler has established a "Coal" Fund to help the workers in their struggle for better working conditions and fair wages.

Tough Weather Ahead

"Yes, and it's going to be bad, just as I predicted. I told you so at the last meeting. The weather is going to be terrible. It's going to be a winter of storms and gales. But don't worry, we'll get through it. You know what I say? We'll make it. We'll make it through this winter. We'll make it through the winter of storms and gales. We'll make it."

NORWICH NAMES COAL COMPANY

(Continued from page 3)

"And that's why we have to be prepared. We have to have enough coal. We have to have enough supplies. We have to have enough food. We have to be ready for anything."

Tough Weather Ahead

Will the weather be bad this winter? Will it be a winter of storms and gales? Will it be a winter of cold and hardship? Will we be able to get through it? Will we be able to survive? Will we be able to make it?"

James Has Done It Again

If you want to know the history of labor in the United States, you need only look at the record of the American Federation of Labor. The American Federation of Labor has been the leading force in the struggle for the rights of workers. It has been the leading force in the struggle for better wages and working conditions. It has been the leading force in the struggle for the protection of workers."

Why aren't the oceans run away from the earth?

Because, though 260,000,000,000,000,000 gallons of water cover the earth, only 25,000,000,000,000,000 are used by humanity. The oceans are the key to industry and power, but the seas are too vast to be tapped. The oceans are the key to industry and power, but the seas are too vast to be tapped.

Because of the ocean's vastness, it does not wash the earth away. The ocean is the key to industry and power, but the seas are too vast to be tapped. The ocean is the key to industry and power, but the seas are too vast to be tapped.
