Mussolini Spurns Idea of World Disarmament

Reiterates Italian Imperialism in Speech—Policy of Maintaining, Will Plunge World in Race of Death

Will Bless No More Wars

"Let us ignore that we have no enemies," said Mussolini yesterday in his address to the public, "and that we are a nation of peace." His words were interpreted as a declaration of his intent to withdraw from the World Disarmament Conference in Geneva, Switzerland, and to continue his policy of military expansion.

And They Say It Can't Be Done

Woodstock, Ohio—A new method of promoting efficiency and economy in industry has been developed by a group of workers here who have realized that the key to success lies in the elimination of waste. By adopting a system of continuous improvement, they have achieved remarkable results in reducing costs and increasing productivity.

Debs Gives $500 to Start Appeal Promotion Fund

Failing that the time has come for a concentrated drive for the American Appeal and for a drive to win the hearts and minds of the masses. The Appeal has set a goal of $500 to fund this drive. The money will be used to print and distribute the Appeal, as well as to support the movement for social justice.

Debs Sounds Call for Greater Army Activity

"The Appeal is in no way an organization for the military," said Eugene V. Debs, chairman of the Appeal. "It is a movement for the advancement of social justice. We are calling upon the Appeal and all other organizations to join us in the struggle for peace and against war."

Unemployment Insurance

by Alfred Baker Lewis

Yonkers, N.Y. The new unemployment insurance bill was heard in the House Labor Committee on May 2. The bill, introduced by Representative Charles E. Bowers (D-Mass.), would provide for a weekly unemployment compensation of $15 beginning in the first week of January 1930. The bill would also establish a state unemployment insurance fund, which would be supported by a 2% tax on gross wages. The funds collected would be used to pay benefits to unemployed workers.

Efficiency—A Fable

by John F. Kennedy

Efficiency is a concept that has been around since the Industrial Revolution. It refers to the ability of a system to produce outputs with the least amount of inputs. In the context of the workplace, efficiency means doing more with less. However, efficiency can also be achieved by reducing the quality of work, which is counterproductive. The key to achieving efficiency is to balance the two—input and output.

Billions Involved in Impending Muscle Shoals Grab

President Coolidge and Secretary of War Bell in Washington to Confer December 15 to Discuss Muscle Shoals

The nation's attention is being directed to the Muscle Shoals project as a possible means of increasing the country's production of electric power. The project, which has been under active development for several years, is now ready for construction, and is expected to yield enormous benefits to the nation.

The Muscle Shoals area is located on the Tennessee River, and is known for its abundant water flow. The project will harness this water power to generate electricity, which can then be transmitted throughout the country.

The cost of the project is estimated to be around $1 billion, and it is expected to create thousands of jobs. The project is also expected to provide a significant boost to the local economy.

President Coolidge and Secretary of War Bell are scheduled to meet in Washington on December 15 to discuss the project. It is expected that they will make a decision on whether to proceed with construction.

Housing in America and Australia—A Contrast

New York State, United States of America, March 4—The contrast between the housing conditions in America and Australia is evident. In America, the emphasis is on individuality, while in Australia, the focus is on community.

In America, each family has its own house, while in Australia, the houses are typically grouped together. This has led to a stronger sense of community in Australia.
