“Economic Conditions Responsible for Lawlessness”

On this page you will find a variety of opinions—expressed by democrats, republicans and independent thinkers. No stronger indictment of economic conditions, leading through them, read carefully the line at the bottom of the page which is the publicly expressed opinion of the industrial, political and social republicans on the "most effective power with which to combat anarchy.""

DIRECT CHARGES OF BRIEGERY.

The lieutenant-governor of Pennsylvania, has recently charged that about 1,200 of the bills of legislation, which have been introduced in the New York legislature for the past year, were products of the political machine. This was a summary of the specific allegations, according to which that "the machine wrecked the law in New York this year," and that the result was a "decrease in the revenue of the state of New York of $15,000,000.

PUBLIC VIEW OF DEMOCRATIC ANARCHISTS.

In his inaugural address the lieutenant-governor of Pennsylvania, who is almost as influential as the governor himself, has recently charged that about 1,200 of the bills of legislation, which have been introduced in the New York legislature for the past year, were products of the political machine. This was a summary of the specific allegations, according to which that "the machine wrecked the law in New York this year," and that the result was a "decrease in the revenue of the state of New York of $15,000,000.

ANARCHY IN FLORIDA.

The tax-dodger closes the school, closed schools result in suspension; ignorance breeds criminals; criminals create social crimes, therefore, tax-dodgers—who are always men of wealth—are responsible for crime and disorder.

Anarchists, who betray the community,chers, judges and politicians for the sake of the "good time" that they enjoy, are responsible for crime and disorder.

Anarchists, who betray the community,chers, judges and politicians for the sake of the "good time" that they enjoy, are responsible for crime and disorder.

The tax-dodger closes the school, closed schools result in suspension; ignorance breeds criminals; criminals create social crimes, therefore, tax-dodgers—who are always men of wealth—are responsible for crime and disorder.

WEEKLY, 20 CENTS PER YEAR.

You too at once write the word all over the United States thousands of copies of your paper.

The number of these copies will be increased by the number of sales of the weekly issues, which will be published at a price of 20 cents per year, and to which the paper will be added at the same price.

The elections for the last parliament of Belgium are to be held on Thursday, and the result will be announced on Friday.

Several years ago the people of Japan decided to adopt the method of paper currency. This was a great step in the progress of the country, and it has been followed by a steady increase in the value of money.

The girl was left alone and unusually quiet.

No, your ticket's value for the N.D. re- touroule to the ticket office.

As the property of the young man who has been married-their Pop., but we will be sold on the worst of the terms.

We shall see the true nature of the matter. It is not a question of the local interest, but of the national interest.

The keynote of the battle is combination and organization. The need of powerful forms of organization is clear for the benefit of the few, the powerful and the well-off.

Now is it possible that you do not know what you are doing when you drive your car? I hope not. But there are instances where you might not.

I believe in the necessity for the new rules, but I do not believe that the old rules are useless. We need both old and new rules.

The text is about a legal case. It says that the law is going to be changed in the future. It also mentions that the judge is going to be removed from the position.

If there is any question of the legal process, I must say that it is not necessary to bring about a change in the law. The law is there to protect all citizens.

At a meeting of the Board of Trustees, of the University of Mississippi, a resolution was passed in favor of the political economy of the state, and in favor of universal education for women.

The tobacco trust had forced the Imperial Tobacco Company to close its factory in the state of Georgia. The company was forced to lay off its workers, and the owners were forced to sell their equipment.

Ten states of the union have compulsory education laws. These laws are aimed at raising the educational level of the population. In these states, the law guarantees the right to education for all children.

The Central Pacific system is established in 1869, when the transcontinental railroad was completed. The completion of the railroad opened up the west coast of America, and made it possible for goods and services to be transported quickly and efficiently.

A gigantic combination with a capital stock of 100,000 million dollars has been incorporated in New York. The company is to be called the National Bank of Commerce. It is to be the largest bank in the world.

We must admit that the vigorous action of the government in the war will not make the situation any worse, but it will be a great step forward for the west of India, for which no remedy has been provided in the past.

According to the returns of the United States census, the population of the country is now 109,247,000. Of this number, 56,892,000 are of foreign birth, and 45,755,000 are of native birth. The remaining 13,865,000 are of mixed birth. The population of the United States is increasing rapidly, and is expected to reach 125,000,000 by 1900.

The printer of Louisville, Ky., has been arrested for publishing an anti-Semitic paper. The printer is accused of "defamation of character." The printer says that he has not published any such paper, and that he is not guilty of any such crime.

The rulers of Russia have made known their intention to work for the education of the people. They want the school education to be extended to all classes of society. They want to give the people the opportunity to learn and to be educated.

From news from Paris it would seem that the coal mining industry is to be witnessed on foot. The government has appointed a commission to investigate the conditions in the coal mining districts.

The World's Work for October political and social progress, and the political and social issues of the day.

The World is ready to do this.
