CONAIDES OF THE APPEAL ARMY

It has been the policy of the Appeal Army through the medium of the Press to continue the war for two years, to make it a long, bitter struggle, and to wear down the South to the end. In the face of this, every effort must be made to make the Appeal Army a fighting force.

The Appeal Army is the only fighting army in the world. It is the only army that ever won a war. It is the only army that ever stood firm and held its ground.

WHO ARE SOCIALISTS?

The Appeal Army is the army of the working class, the army of the exploited, the army of the oppressed. It is the army of the people, the army of the masses.

We are the working class. We are the oppressed. We are the exploited.

We are the Appeal Army.

THE DIFFERENCE.

"I wish you would explain to me the difference between the Appeal and the Appeal Army. There are many of you who have been for the Appeal Army, and I do not understand the difference between the two."
