MUNICIPAL OWNERSHIP

"Tell me, sir, Miss Atkinson, do you think that municipal ownership of street railways is, sir, socialism?"

"No, Charlie, not so long as my father can draw $20,000 a year interest on bonds out of it."

"Will Paddy, you're going to vote for municipal ownership of gas, are you?"

"Now! Oh born oil. But you use municipal plant, bread, taters, molasses, coal, tobacco, shoes, on 'overall.'"

Municipal Capitalism Under Socialist Control

The control of a municipality by the people is the first step toward the socialist ideal of Socialism.

The city will be taken over by the people. The government will be the people. The people will own the city. The city will belong to the people.

Do you want to get out of the present system where franchise is the basis of the municipal business? Do you want to get out of the present system where the city's life is in the hands of private individuals?

The municipal capitalists are the same as the private capitalists. They are the owners of the city. They are the ones who control the city. They are the ones who dictate the policies of the city.

Municipal ownership of the city means that the people will own the city. The people will control the city. The people will dictate the policies of the city.

The city will be run by the people. The people will do the work. The people will make the decisions. The people will have the power.

The Invasion of the South

A Plan to Carry the Campaign Into the Land of Cotton—Away Down South in Dixie.

The Secretary—The Appeal has never printed an issue of the paper that has been so enthusiastically responded to as the Anti-Slavery. From all over the country we have received requests for subscriptions, and it is said that the Appeal has been severely criticized. In the main, these subscriptions have come from the southern States of the Union, and the result has been the encouragement of our efforts to extend the influence of our cause in that section of the country. It is the firm belief of those who are interested in this movement that the Appeal has been greatly instrumental in bringing about the results that have been so gratifying.

The Appeal has been widely read in the southern States, and it is said that the Appeal has been greatly instrumental in bringing about the results that have been so gratifying.
