A FINAL WORD!

The following five columns are made up from reports from the daily papers showing, on the one hand the tremendous enthusiasm and crowds which greet the Socialist speakers, and on the other hand the apathy which reigns in the ranks of the old party voters. Politicians are alarmed at the rapid threadse being made. There is enough enthusiasm in these five columns to make every Socialist redouble his efforts between now and election. Remember, it will be four years before another such opportunity presents itself to strike a blow for freedom.
