When the war comes, the American people will have the option of choosing between the Republicans and the Democrats. The two parties have been fighting for the same principles for many years. The Republicans have been fighting for the principles of the American Revolution, the principles of the Federalist Party, the principles of the Republican leader. They have been fighting for the principles of the American Revolution, the principles of the Federalist Party, the principles of the Republican leader. They have been fighting for the principles of the American Revolution, the principles of the Federalist Party, the principles of the Republican leader. They have been fighting for the principles of the American Revolution, the principles of the Federalist Party, the principles of the Republican leader. They have been fighting for the principles of the American Revolution, the principles of the Federalist Party, the principles of the Republican leader. They have been fighting for the principles of the American Revolution, the principles of the Federalist Party, the principles of the Republican leader.

But it is not the mere fact that the American republic is made to exist in a part of the world that is the source of many of our troubles. It is the mere fact that the American republic is made to exist in a part of the world that is the source of many of our troubles. It is the mere fact that the American republic is made to exist in a part of the world that is the source of many of our troubles. It is the mere fact that the American republic is made to exist in a part of the world that is the source of many of our troubles.

The history of the American republic is the history of the American republic. The history of the American republic is the history of the American republic. The history of the American republic is the history of the American republic. The history of the American republic is the history of the American republic. The history of the American republic is the history of the American republic. The history of the American republic is the history of the American republic.
CAPITALISM AND ITS POLLUTING SORE.

Pulverizers and Wave Millers, of the Union Labor party, in an address to the Kansas State Labor convention, declared that the free trade and protectionists were the enemies of the workingmen, and the advocates of higher duties were those who would burn the barns and pass the law to help the rich. They expressed the determination of the labor party to fight the protectionists, and to win the war for the workingmen.

The workingmen must not only be able to pay for the free trade, but must also be able to support the protectionists. The free trade is a dishonest system, and the advocates of higher duties are those who would burn the barns and pass the law to help the rich. The labor party is determined to fight the protectionists, and to win the war for the workingmen.
