Ringing Words From William D. Haywood

Socialist Candidate for Governor of Colorado Speaks to the Comrades of America Through the Columns of the Appeal.

By Telegraph to the Appeal.

Ada County Jail, Boise, Idaho, July 6.--Your congratulations received. I appreciate and accept the nomination by the Socialist party for Governor of Colorado, not for the honor conferred but for the confidence assured. The campaign will be a sturdy fight for industrial liberty. I will lend what assistance an imprisoned man can and will fight for associative political freedom and constitutional liberty in the Centennial state. They are now on the capitalistic rack, being slowly but surely murdered by a perverted Supreme Court.

Gabbertized capital must die that a free people may live! The demarkation of the class struggle is a chasm deepened, washed with tears and blood, which nothing less than the complete uprooting of a system that has disgraced, dishonored and debauched the state can abolish! NO COMPROMISE! The working class in Colorado will undoubtedly say: "There is nothing in arbitration." 

W. D. HAYWOOD

Some Things That The Appeal Will Do

The next monthly number of the Appeal will contain an article by John Reed, a leader of the American Bund. He will write about the Socialist-Republican party and the High Bridge meeting in New York, and from that platform he told the story of the Appeal. The work of the Appeal is described as a "political newspaper" by John Reed, and the subscriber is the only reader who gains from his work. The Appeal's mission is to advance the cause of socialism and to promote the interests of the working class.

Sinclair's New Story

Sinclair's new story, "The Jungle," is not just a story of industrial life in Chicago, but a story of the struggle for workers' rights. Sinclair's story is about the struggle of the working class to gain control over their own lives.

Truth About a Tragedy

High Lights on a Picture of High Life

In the past few days, White has been living in the city of a picture of high life. He has been seen driving through the streets in the most expensive cars, surrounded by a retinue of bodyguards.

Recently, White was spotted at a gala event, wearing a $50,000 diamond necklace. His clothes were said to be worth over $100,000.

SOCIETY DOINGS

Pittsburgh continues to be the social center of fashionable society news. Recently, a high-profile society event was held at the Hotel McAlister, attended by society leaders from all over the country.

Many of the attendees were seen wearing the most expensive clothes and jewelry.

CUT-AND-DRIED.

The report from last week that White had been seen with a mysterious woman in a luxury hotel was unfounded. The woman was later revealed to be an undercover agent for the FBI.

Day and the Dusk

The day started off with a flurry of activity as White prepared for his latest business meeting. However, luck was not on his side as the meeting was cancelled at the last minute.

The evening was spent at a private dinner party hosted by a prominent businessman. White was seen in high spirits, enjoying the company of his guests.

Among the Grafters

The mayor of the city has been accused of accepting bribes from local businessmen. However, the mayor denies the allegations, saying that he has always been in favor of transparency in government.

GETTING READY FOR POLITICAL ACTIVITY

The interest being manifested among the rank and file of the working masses in every state, in connection with the coming period of political activity, is an encouraging indication of the future recovery of political power by the working classes. It is shown in the following figures:

STATES

- Kansas: The Kansas State Federation of Labor has set a goal of organizing 10,000 new members within the next six months.
- Missouri: The Missouri Labor Federation is targeting a membership increase of 15,000.
- Illinois: The Illinois State Federation is aiming to add 20,000 new members.
- Ohio: The Ohio State Federation has set a goal of 25,000 new members.
- Pennsylvania: The Pennsylvania State Federation is planning to grow its membership by 30,000.

The success of these efforts will depend on the active participation of the working class and the support of the trade unions. It is essential that the working class mobilizes its strength and unites under the banner of the socialist movement to achieve its goals.

THE JUNKLE

The JUNKLE is an excellent route for the transport of goods and people through the Northwest. It offers a direct link between the major industrial centers and provides a convenient means of travel for workers and students.

WOMEN'S RIGHTS

The struggle for women's rights continues to be a major issue in the political landscape. While some progress has been made, there is still a long way to go to achieve true equality for women. The Appeal calls on all workers to support the movement for women's rights and to demand fair treatment and respect for all genders.

THE ARMY

In the Army, the working class is fighting for its rights and dignity. The Appeal supports the army's efforts to defend the working class and to ensure the safety and security of all workers. It calls on all workers to join the army and to support its mission.

REAL ESTATE

The Appeal encourages workers to invest in real estate as a means of increasing their wealth and improving their social standing. It reminds workers that real estate is a valuable asset that can provide both income and security for the future.

KEY REVOLUTIONARY LEADERS

- Emma Goldman: Known for her radical views and her advocacy for women's rights, labor, and individual freedom.
- Alexander Berkman: A prominent anarchist and labor organizer.
- Friedrich Engels: A key figure in the development of socialism and communism.

The Appeal encourages workers to study the lives and works of these leaders and to learn from their experiences in the fight for social justice.
