Haywood Denounces Plot of Democrats

"No Compromise in Colorado" is Still the Slogan Which the Socialist Candidate for Governor of Colorado Sends from His Prison Cell in Idaho to the Loyal Comrades of the Centennial State.

HAYWOOD SHOWS THE WAY.

From his prison cell in Idaho, the Socialist Candidate for Governor, John S. Haywood, has taken the lead in the fight for better industrial conditions and freedom for the working class.

The Socialist party, under the leadership of Haywood, has organized a state-wide campaign. The campaign is being conducted on a state-wide basis, with headquarters in Boise.

Haywood, in a recent letter to the Socialist party headquarters in Denver, said: "The Socialist party must work to build a strong organization in every state. We must fight for better wages, shorter hours, and better working conditions for all workers.

"We must also fight for freedom of speech and press. The government is trying to silence our voices. We must not let them silence us.

"We must also fight for the right to vote. The government is trying to keep us from exercising our democratic rights. We must not let them keep us from voting.

"We must also fight for the right to organize. The government is trying to break up our unions. We must not let them break up our unions.

«We must fight for all these things. We must fight for freedom and justice for all workers.»
