FIRST ANNIVERSARY

THE KIDNAPPING OF MOYER, HAYWOOD
AND PETTIBONE

In the Capitalist Conspiracy to Crush Organized Labor and Russianize the United States.

THE TOILING MILLIONS

EAST AND WEST, NORTH AND SOUTH
ARE UP IN ARMS

Against the Conspiracy to Murder Their Leaders, D-14 Roy's Unions and Seal Their Slavery.

DOWN with the Kidnappers!

That's the slogan of the working class.

From the Golden Gate to Maine

The plot is exposed. The kidnappers are on the defensive. They will soon be on the run.

The working class, from the Pacific slope, from every county and territory, from hundreds of labor unions and thousands of other organizations, will join in the struggle for freedom and socialist democracy. We are faced with a great crisis. The working class must fight to win the freedom of D-14 Roy's Unions and to stop the conspiracy to murder their leaders.

Look at the scheme of the Kidnappers! They will not only murder leaders but also send thousands of workers to prison. They must be fought with all the strength of the working class.

The conspirators, who are backed by the capitalist class, will not be able to stop the revolution. They must be defeated by the working class.
JUDICIAL MURDER PLANNED

BY GEORGE ALLEN

Charles Warren, president of the Colorado Federation of Miners, was murdered last week in a fight with a stoneworker in the works of the Montana Consolidated Co., near Anaconda, the capital of the copper country. Warren was the first man to organize miners in the state, and was a prominent and able leader of the labor movement in the Rocky Mountain states.

The incident occurred when Warren was working about 100 feet away from the face of the mine, with a large gang of men. A heated argument developed between Warren and a stoneworker who refused to work. The stoneworker, named J. M. Smith, struck Warren with a pick handle and Warren fell to the ground. Warren was taken to the hospital where he died later.

The Colorado Federation of Miners has called a meeting of its members to discuss the murder of Warren. The organizers are preparing to organize the miners of the Montana Consolidated Co. and are planning to strike the company.

The Federal Government has been notified of the case and is investigating.

Adams Departs for Washington

S. J. Adams, head of the American Federation of Labor, arrived in Washington yesterday to confer with the United States government on the coal miners' strike.

Adams is expected to meet with President Taft and Secretary of the Interior Burleson to discuss the strike, which is now entering its second month.

The strike is the most serious labor conflict in the history of the country and has been going on for more than three months.

The federal government is investigating the strike and has called for a meeting with the representatives of the coal miners and the mine owners.

The situation is serious and the government is taking all necessary steps to prevent violence and to bring about a peaceful settlement.

The strike is a test of the strength of the labor movement and the federal government is determined to bring about a settlement as soon as possible.
