**THE REAL JURY.**

BY J. A. WALTZ

May 9th is the date of the Great Trial. The real jury, before whom this trial will be held, is composed of the 15,000,000 voters in America. To influence these millions is now the hope of the prosecution and to that end every resource will be utilized that shrewd lawyers and unscrupulous detectives can manufacture with unlimited capital at their command. Against this aggression is pitted the Appeal.

On the Appeal, more than any other power, our imprisoned comrades are depending.

And the Appeal depends upon YOU. You and I are the mouthpieces through which our imprisoned comrades expect to tell their side of the story to the jury of 15,000,000 voters.

The Appeal now reaches one voter in every fifty.

The placard sheets reach every one of the other 49.

We must change these figures and I am sending you this extra edition to urge you to give a few minutes of your time, and do it NOW, to getting subscribers for the Appeal.

I make no idle statement when I tell you that the result of the pending trial depends upon the efforts you and I put forth between now and May 9th.

Will you respond? Will you be ONE to send in to the Appeal ten new subscribers before this day fades into the eternal past, never again to be recalled, with all its lost opportunity?

You have done much already—and some of you have done more than you should, and some of you have done less than your part.

But today, I ask you all to join in one mighty effort to give the Appeal a circulation that will enable Debs and Shaaf and Ryan Walker to tell their story with pen and pencil of this important and crucial event in Labor's March towards Emancipation!

The still small voice of your own-conscience which will move you to act NOW is stronger than any words I can write. I wish you could have been in Girard last night when the Appeal staff gathered 'round Comrade Debs, and together we talked over the situation and what should be done—

I am quite sure you would not hesitate one minute in revolving your efforts to increase the circulation of the Appeal and help it to carry its story to every man and woman in America.

PLEASE USE THE ENCLOSED BLANK WITHOUT DELAY.

---

**THE DATE FIXED!**

BY EUGENE V. DEBS

May 9th! May 9th, at Boise, Idaho?

May 9th appeals to you for superhuman service.

The fate of your brothers is in your hands; you dare not deliver them up to the bloody executioners.

Now, even now, thirty thousand Paul Revers are leaping into their saddles to carry the news and arouse the people.

May 9th! May 9th!

Comrades, you have worked without weariness or complaint, but only the beginning has been made.

The supreme hour of your lives is striking now.

May 9th appeals to you for superhuman service.

The fate of your brothers is in your hands; you dare not deliver them up to the bloody executioners.

Cast but a glance into the darkened homes of your faithful brothers. The aged parents, the loving wives, the sweet and tender children look to you: entreat you; trust to you.

Shall you deny them?

Woe to you, if you be without soul, for your perfidy shall seek you out and your turn shall be next!

Fellow-workers: Thirty days remain for action. Each of these must count. A hundred thousand people more must read the Appeal the day our comrades step into the dock.

Go out among your people, and go now. You never have and never can do holier work.

We shall be at the front to blast the intrigues; to tear the mask of virtue from the leer of villainy; to lay bare the cold-blooded plot, the satanic conspiracy to break the neck of organized labor, and make a bullpen of the Rocky Mountains.

That will be our duty, the duty of the Appeal: yours to spread the truth among the people.

Every loyal comrade will do his duty as we shall do ours.

May 9th shall find us as the front, and if men are needed to die in this fight to save innocent men from judicial murder we shall be first in line for that privilege.
Accomplished in 30 Minutes.

When the Appeal Army goes after results, the results always materialize. We started after 300,000 bona-fide yearly paid-in advance subscriptions, and, bless your heart, here they are. The poor, old, now well-to-do, and the rich, and tried hard to keep its head, but off it went, and, if you will observe closely, the Socialist flag flies triumphantly in the distance over the dome of the nation's capital. There is really more truth than fiction in this statement, for Socialism hovers menacingly over politics, it is strongest in the states of the northern plain.

Thus far, this holds true. The Appeal Army has succeeded in getting 30 minutes of these time in securing subscriptions for the Appeal. As a result the lists of from one to twenty-five are beginning to arrive, which will give us a fine start for 400,000 subscribers, which will be reached before the end of the year.

The Appeal has many records of which its Army of loyal supporters are justly proud; records for quick and effective service in emergencies; records for special editions and records for regular subscriptions.

This year, closing March 30th, gives us another entry for Appeal records—an entry to be written in red letters, for in all the history of the Appeal there is no achievement to equal it.

For the past two years, nearly 25,000 subscriptions have been received by the Appeal—an average of 25,000 per month. Through the good and the bad, the winter and the summer, the Appeal Army has held up the banner of the Appeal in all weathers and in all temperatures.

But last year the Appeal had just 177,000 actual subscribers, after being trimmed by the postal departments of two big governments.

The Appeal Army has had to struggle harder than ever before, and yet it has gained greater recognition because of these obstacles. This triumph gives the Appeal Army the feeling that the country is not so much behind the Appeal as it is in advance of the Appeal, and that the Appeal Army is doing the work.

A net gain of 123,000 subscribers in twelve months is a very great achievement, and the Army is proud of every one of them. The Army is determined to show that its work is not in vain.

In the box at the head of this column you will find two weeks' report. I know you would have to be a millionaire to find the 200,000 subscribers, because you can find the subscribers in the box at the head of this column.

To the subscribers of the Appeal Army, I will say that the Appeal Army is determined to show that its work is not in vain. We are determined to show that the Appeal Army is doing the work.

Will Never Be Tried.

Under the laws of the state, the following are capital offenses: Subscriptions to the Appeal Army are being sold for less than five cents each. The law provides that no person shall be convicted of a capital offense unless there is evidence of clear and positive proof. The law further provides that no person shall be convicted of a capital offense unless there is evidence of clear and positive proof. The law further provides that no person shall be convicted of a capital offense unless there is evidence of clear and positive proof. The law further provides that no person shall be convicted of a capital offense unless there is evidence of clear and positive proof. The law further provides that no person shall be convicted of a capital offense unless there is evidence of clear and positive proof.

Clarence Darrow.

John Dewey.

Will Never Be Tried.

MAY 9th

Before the battle.

The Appeal Army is determined to show that its work is not in vain. We are determined to show that the Appeal Army is doing the work.

The Appeal Army is determined to show that its work is not in vain. We are determined to show that the Appeal Army is doing the work.

The Appeal Army is determined to show that its work is not in vain. We are determined to show that the Appeal Army is doing the work.

The Appeal Army is determined to show that its work is not in vain. We are determined to show that the Appeal Army is doing the work.
NOT COMMON CASE

Attorney Walker's Agreement Disproven
By Every Fact Connected With the Disgraceful Affair

In the case of the United States against nine men for conspiracy to violate the Espionage Act and the Selective Service Act, Attorney General William J. Donovan, Jr., has charged that the agreement between the defendants and William J. Donovan, Jr., as the reason for their actions. Donovan, acting as an agent for the government, was accused of having agreed with the defendants to furnish them with information on how to evade the draft, thereby violating the Selective Service Act.
