WIDE OPEN, NOW!

If our greatest work is a great work, it cannot be done without open the way for it. The time has come when we can no longer afford to be timid or half-hearted. We must be bold and fearless in our efforts to advance. The Appeal to Reason is the voice of this great cause, and we are determined to make it heard. We do not ask for a majority, but we do ask for a movement that will move the nation forward. We need your support, and we will not rest until we have achieved our goal.

MAY DAY AND THE REVOLUTION

The appeal today is for deeper political conviction than ever before. We are not asking for a revolution, but we are asking for a transformation of our society. We must make a clear and unambiguous commitment to the fundamental values of democracy and freedom.

LET US STAND TOGETHER

By WALTER ABRAHAM MILLER

Working men and women of America, let us stand together in this fight for a better world. We have the power to change our country, and we must use it. This is the moment for unity and solidarity. Let's build a movement that will make a difference.

TO BE NUMBERED ONE

By JAS. W. LINCOLN

May Day is a day to celebrate. It is a day to stand up for our rights and our dignity. It is a day to say that we are going to be number one.

UNIVERSAL PEACE

While we are fighting for a better world, we must also fight for global peace. We cannot have a world of peace without a world of justice. We must work towards a world where all people have the rights and freedoms that they deserve.

COLLUSION BETWEEN ROOSEVELT AND SUPREME COURT

The one point of agreement between the President and the Supreme Court is the separation of powers, which is the cornerstone of our democratic system. But we must not allow this to be used as an excuse to avoid accountability. We must hold our leaders to the highest standards of integrity and responsibility.

ROOSEVELT VS. ROOSEVELT

By EUGENE V. DEBS

I believe that the President is not acting in the best interest of the country. His actions are reminiscent of a dictator. We must not allow him to become a puppet in the hands of a few wealthy individuals. The country needs a leader who is truly committed to the well-being of all its citizens.

Upholders of Law in Their True Colors as Holdups and Outlaws

The white house sent Taft to Idaho to “uphold” the people who were holding up the state. The “upholders of law and order” are now under indictment as holdups by order of the law. The white house is next appealed to to uphold the law. Roosevelt sent Taft to Idaho to elect Borah to the United States senate on a “law and order” platform and now Borah, Roosevelt’s protege, is turning to his patron to save him from going to the penitentiary as a “land and timber” platform. It is an illuminating situation.

American History for the Workers

No. XX—The Rule of the Frontier

We have already noticed that after the war of 1812 the industrial face of society was altered, and that the earth was more or less in a state of revolution. The next, following that of the war of 1846, was so far as our memory goes, more intense than any other period in the history of the country. It was the period of the American Civil War, which took place in the years 1861 to 1865.

The most notable fact in the history of that period was the fact that the North came out of the conflict with a large number of new industries, and with a large number of new industries as well. The new industries included the production of steel, which was then a new industry, and the production of coal, which was then a new industry.

The American Civil War was a period of great change in the history of the country. The war was fought for the preservation of the Union, and for the abolition of slavery. The war was followed by a period of reconstruction, during which the country was gradually brought back to normal conditions.

Deb’s Hard Drinker

Roosevelt says “Debs is an Underdog Citizen.” We can prove he is a hard drinker.

Most of the Appeal Workers will be interested to learn that Debs has been arrested, as a hard drinker, for the second time in his life. Debs was arrested for the first time in 1883, when he was twenty-four years old.
