The Red Card Division.

I know that many of you, in these closing days of the campaign, are devoting your time to the sale of Red Cards, which are to be sent to the Red Card House. This is well. I see that you are all of you, even the most timid, are scattering the Red Cards among the people and doing your duty.

Wow! Ruff! Bang!

The New Card Division.

I have been watching the sale of the New Cards, and I see that you are all of you, even the most timid, are scattering them among the people and doing your duty.

"Wanted: Public Swill Troughs."

The fact that the public is so accustomed to the idea of having a public trough for the disposal of garbage is unfortunate. The question is, what can be done to remedy the situation? A recent article in the New York World has suggested a solution which, if adopted, would be of great benefit to the community.

The article suggests that the public should be provided with a public trough at every major intersection. This would not only prevent the accumulation of garbage, but it would also save the community the cost of cleaning up the streets. The troughs would be made of durable material and would be equipped with a mechanism to ensure that the garbage is not removed until it is filled.

The article also suggests that the troughs should be designed to accommodate a variety of waste, including food, paper, and plastic. This would encourage the public to dispose of their waste properly, rather than littering the streets.

The article concludes by stating that the implementation of this plan would require some initial investment, but the long-term benefits would far outweigh the costs. It is hoped that the community will take action to implement this plan and improve the environment for all residents.

Sovereign Splendour.

The recent decision by the Supreme Court to uphold the constitutionality of the Alien and Sedition Acts has been met with mixed reactions. Some have praised the Court for upholding the rights of the citizens, while others have condemned it as a violation of the Constitution.

The Alien and Sedition Acts were passed during the War of 1812 and were intended to protect the country from foreign interference. However, they were widely criticized for their infringement on the rights of citizens.

The decision of the Court has been seen as a victory for those who believe in the importance of the Constitution and the rights of the citizens. It has also been seen as a warning to those who would like to see the Constitution weakened.

It remains to be seen how this decision will affect the future of the country. However, it is clear that the Court has taken a strong stand in support of the Constitution and the rights of the citizens.

DEBS: His Life, Writings, and Speeches.

The life and work of Eugene V. Debs, one of the greatest labor leaders of modern times, are the subject of a new biography. The book, "The True History of the American Labor Movement," is written by Mr. Debs himself and provides a comprehensive account of his life and work.

Debs was a member of the Socialist Party and was known for his opposition to the war in Europe. He was also a strong advocate for workers' rights and was a leader in the labor movement.

The book provides a detailed account of Debs' life and work, including his imprisonment for his political beliefs. It is a must-read for anyone interested in labor history and the struggle for workers' rights.

The book is available in local bookstores and online at a variety of retailers.
