A WORD FROM DEBS

Courtesan Debs was called to the Union office two weeks ago. The latest order from the officers was to return to the picket lines. Since that time Courtesan has been on the job and the duties imposed by the officers have been of the most trying. She has been in the thick of the struggle, fighting against injustice and oppression. From Washington period she wrote me a letter which I have before this issue. In her last letter she informed me of the situation. She is making a brave fight and is doing her best to hold the picket line. I am sure that she is doing her best and I am sure that she will continue to do so until the day she is released.

A WORD FROM A WISE \n
The crisis in the garage industry is not over yet. The workers are still fighting for their rights and the owners are still trying to drive them out of business. The workers are determined to stand and fight and the owners are determined to break them. The struggle continues and the workers are the ones who will win.

WHAT IS YOUR LIP LIP?

Every effort of life is to supply food, drink, and shelter. Goods to eat, clothes to wear, and a place to live. And so it is in life of work. But what are these things without the love of life?

Mackey and Bore are in Washington and it is reported they may bring two liberal cubes.

PREACHING AND PRACTICE.

Why don’t the people preach what they practice? Why don’t the people practice what they preach? Why is it that one class of people is not straight as the other? Why is it that the words of the Bible are not their guide? Why is it that the teachings of the Bible are not their way of life? Why is it that the people do not live as they preach?

Our people have a right to know the truth about the Bible and the teachings of the Bible. We have a right to know the truth about the Bible and the teachings of the Bible. We have a right to know the truth about the Bible and the teachings of the Bible. We have a right to know the truth about the Bible and the teachings of the Bible.

Dealing with Crisis

AFTER THE APPEAL

The Review, organs of the National Labor Committee, whose purpose it is to keep up the toil of labor in America, is unflinching in its denunciation of the excesses of the strikes and its advocacy of arbitration as the best way to settle industrial disputes. The Review declares that arbitration is not an interference by outside individuals, but that it is a means to an end.

The Review notes that the United States has been the scene of a number of strikes in recent years, and that these strikes have been caused by pressures from outside sources. The Review also states that arbitration is a means of settling disputes, and that it is important to keep the labor movement alive.

The Review points out that the United States is in a critical situation, and that it is important to keep the labor movement alive. The Review also states that arbitration is a means of settling disputes, and that it is important to keep the labor movement alive.

ANOTHER SHOVEL NEEDED.

I told you last week that the incinerator report in this city over the garbage muck. Well, now it seems that some sort of problem has developed in the process and that another shovel is needed to clear the way for the garbage to be burned.

The Garbage Incineration Committee is working on the problem and will be making a decision soon on the matter. The committee has been working hard to find a solution to the problem and is currently considering several options.

DO LIKEWISE.

Resolution passed by Local Klamath Falls Lodge

On June 12, 1909, the Local Klamath Falls Lodge passed the following resolution:

"To every production labor is from the soil, and it is the right of every individual to have the fruits of the soil. We, the members of the Local Klamath Falls Lodge, do hereby declare that we will not permit any person or persons to take advantage of our labor without just compensation."

The resolution was adopted unanimously and was signed by all the members present.

LABOR'S SHARE.

"In every production of labor is from the soil, and it is the right of every individual to have the fruits of the soil. We, the members of the Local Klamath Falls Lodge, do hereby declare that we will not permit any person or persons to take advantage of our labor without just compensation."

The resolution was adopted unanimously and was signed by all the members present.

ECONOMIC DETERMINISM.

Writing in the Chicago Record-Herald, J. W. Huxley, a member of the socialist movement, said:

"The economic determinism is a science that studies the material conditions of society and their influence on the development of human thought and action. It seeks to explain the development of society in terms of material factors, such as the production of goods and services, the distribution of wealth, and the organization of labor."

In his article, Huxley argued that the economic determinism is essential for understanding the development of society and that it provides a basis for the socialist movement.

LABOR'S NOR LONGER THE WAGE LABORER.

When some San Francisco workers were on strike, they were told by their employer that they would be fired if they continued the strike. The workers refused to accept this and continued the strike, resulting in a victory for the workers.

The strike was an important event in the labor movement and it showed that workers have the power to fight for their rights.

ORCHARD NO LONGER TRAPPED.

The orchard is no longer trapped by the falling snow. The trees are now free to grow and produce fruit. The snow has melted away and the orchard is once again open for business.

NEW SOCIALIST GAME.

The new socialist game is called "The Only Thing You Can Get." It is a simple game that can be played by anyone.

To play the game, you must have a deck of cards. Each card has a number on it, ranging from 1 to 100. The object of the game is to be the first person to reach 100.

To play, each player takes a card and places it face down on the table. The player with the highest number on their card takes the next card from the deck and places it face down on the table. The game continues in this manner until one player reaches 100.

Once a player reaches 100, they must stop and turn over the cards that are still on the table. The player with the highest number on their card wins the game.
