Voter rights are nearly always
Socialism is sleeping and at the same time growing thicker. It is the disease of the people, the disease of the nation, and the disease of the world. It is the disease of the men, women, and children of the world.

Socialism is the most powerful weapon that has ever been devised by man for the destruction of freedom, liberty, and democracy. It is the most dangerous enemy that man has ever faced. It is the most dangerous enemy that man has ever met.

Socialist societies are now in control of the United States. The United States is a Socialist state. The government is Socialistic. The people are Socialistic. The economy is Socialistic.

Six Months in Jail for Not Guessing Correctly

FRED D. WARREN were not a militant Socialist, or even a Socialist in the ordinary sense of the word. They believed in a republic of the United States in which all the people were to have an equal share in the government of the country. They were, however, members of the Socialist party and were active in its work. Warren was arrested for not guessing correctly on a government exam. The exam was to test the intelligence of the people. Warren failed the exam and was sentenced to six months in jail. He was released after six months.

The tariff bill has passed and the country has been saved again. By the time the bill had passed, the tariff had been raised so high that it benefited no one but the merchants who could afford to pay the increased costs. In fact, the tariff bill had the effect of raising prices and making it more difficult for the working class to make ends meet.

The coal strike has ended. The miners have won their demands for a raise in wages and better working conditions. The strike was settled after a long and bitter struggle, and the miners can now look forward to a better future.

The World Court was established in 1920 to provide a forum for settling international disputes peacefully. It has since become an important institution in the world order, providing a means for nations to resolve their differences without resorting to war.

The United States entered World War I in 1917 as one of the Allies. It was a conflict between the Allies (including the United States, Britain, France, and Russia) and the Central Powers (Germany, Austria-Hungary, and the Ottoman Empire). The war lasted from 1914 to 1918.

The United States declared war on Germany in 1917. This was a response to Germany's unrestricted submarine warfare, which had sunk many neutral ships, including American vessels. The war was fought on multiple fronts, including Europe, Africa, and Asia.

READERS OF THE APPEAL!

Here is a wonderful offer. An offer to aid Socialism, and gain an intimate knowledge of the world and the crises of Socialism at the same time. An offer made through the offices of Mr. E. C. Howe. All true Socialists should read this tremendous defense offer. Every true Socialist will rally to this cause.

Socialists everywhere consider that the Great Movement is in danger—and that principles upon which their faith has been based have been assailed. That the TIMES WHICH TRY MEN'S SOULS HAVE RETURNED. Most Socialists believe that white hot history is in the making before their very eyes—that a great crisis has come—that the shadows are hanging over them—and that there must be a gigantic forward march at once—toward the light—toward the truth—toward justice to all.

The opportunity is before you today to join the Defense of the Twentieth Century—The Twentieth Century Warren—The libraries, you remember another Great Warren, America's history that should be known, proving history. Joseph Warren gave his life in the defense of his principles, in the first battle of the American Revolution. And there was a second Joseph Warren who lived to complete the Revolution.

Mr. E. C. Howe intends to publish a history which will be a contribution to the advancement of Socialism. No one has given a better history than he has, and no one can do a better one. He has been a faithful servent of Socialism, and he will now publish a history that will be a contribution to the advancement of Socialism. His work will be a contribution to the advancement of Socialism.

THE OFFER:

Mr. E. C. Howe will grant to those who will become members of the Library of Universal History, the only general history which is true to socialism, for a political free subscription to the work, $3.00, which will be paid in six equal payments of $50 each. Mr. Howe will also give a free copy of the work to any member who will subscribe for six months at the rate of $1.00 per month.

THE FIRST PAYMENT GOES TO THE WARREN DEFENSE FUND.

Your first payment will be paid into the Warren Defense Fund, and the balance of the subscription will be paid to Mr. Howe.
