Two Cases from the County

Roosevelt and Prize Fighting

At Chicago, Ill.

A recent decision in a criminal case
referred to the State Court of Appeals of
California is of interest to those who
have been following the controversy
between Theodore Roosevelt and the
prize fighters. The case in question
involves the question of whether
it is constitutional to permit prize
fights to be conducted under the
state laws. Roosevelt, as a former
Governor of New York, has been a
popular leader in the movement to
abolish prize fighting, and his
opposition to this form of fighting has
been well known.

Things Are Being Done in California.

A recent report from California
indicates that the state is making
considerable progress in the
abolition of prize fighting. The
report states that the authorities
are taking积极 measures to
suppress the practice, and that
measures have been introduced into
the legislature to prohibit the
conduct of prize fights.

Agitation League

Colored and White Workers

In South Carolina, an agitation
league has been formed by colored
and white workers to combat the
ploy of Southern states to keep
people of color from participating
in the state's political life. The
agitation league is composed of
members of the labor movement,
who are working to secure equal
opportunities for all citizens.

Roosevelt Insane!

Within the few days, our President, Theodore Roosevelt, has been denounced and pilloried in the most unmerited manner by Republican politicians and newspapers. The President is not only a man of great ability, but also one of the greatest statesmen the country has ever known. The attack on him is not only unwarranted, but also unjust. The President has always acted in the best interest of the country, and his policies have been beneficial to the nation as a whole. The attack on him is simply a political maneuver by those who wish to gain power at his expense.
