DRIVEN TO INSANITY AND DEATH

By GEORGE B. HARRIS.

Very early on the morning of May 10, 1897, with the nation, through the medium of the United States Government, American forces were perishing by the hundreds in the streets of Frankfort, Kentucky. Colonel Harlan, a former member of Congress, was found dead in his room. The cause of death was determined to be a suicide by hanging. When the body was removed from the room, it was discovered that the colonel had been murdered.

The coroner's jury, in their report, stated that the colonel had committed suicide by hanging. However, the coroner's jury was later found to be a biased group.
