APPEAL BY FREIGHT

ONE HOSS PHILOSOPHY.

A few weeks ago the Appeal, referring to the newspaper's efforts to raise the freight rates for the transportation of its papers, stated that the cost of these rates would be passed on to the customer. The newspaper's efforts to raise the rates would be a signal victory for the labor unions, who have been fighting for higher wages and better working conditions.

The newspaper believes that the increased cost of these rates will be a necessary step in the development of a stronger union movement. It is the newspaper's goal to provide better wages and working conditions for the workers who produce its papers.
