How the American Farmer Has Been Robbed

By W.L. Camp

Public land sold...216,205,396
Total...258,745,034

There are reasons for all this, and they are
not to be found in a physical machine. The American farmer was
not the victim of overproduction, but his crop was
his neighbor's. The farmer had no control over the
price of his product, and the government was powerless
to intervene. His land was not his own, and the
interests of the nation took precedence over his
own welfare.

Since farm machinery has been developed
and it has developed during the
past half century, the farmer has
lost control over his production,
and the larger the farm, the
more he has been affected.

The Way to the Land

The way to the land is out through the back door. It is the way of the common man, the way of the poor, the way of the working man. It is the way of the American farmer, the way of the American worker, the way of the American socialist.

Why You Should Vote the Socialist Ticket

The best reasons why you should vote the Socialist ticket come from the platform, adopted at Indianapolis and ratified by a referendum vote of the Socialist party membership. It is not only official, but it also expresses the views of the rank and file of the Socialists. This is what makes its principles and reasons so strong, what has cemented the party, and what has been the main force in its growth.

Working Program

As measures are brought to strengthen the American Federation of Labor, to further the principles of the Socialist party, and to carry into effect the demands of the working man, the Socialist ticket will offer a platform for the benefit of all workers. This platform will be adopted at the convention of the American Federation of Labor, and will be the basis for the Socialist ticket.

Parties in Disorder

The Socialist ticket is the only ticket that will be adopted at the convention of the American Federation of Labor. It is the only ticket that will carry the principles of the Socialist party into effect. It will be adopted at the convention of the American Federation of Labor, and will be the basis for the Socialist ticket.

The Farmer Can Win

There have been numerous cases of farmers who have won, but there is no law that says they must. The farmer must make up his own mind, and he must vote for the Socialist ticket.

Parties of Robbery

The farmers, the working men, and the people are the voters. They must make up their mind, and they must vote for the Socialist ticket.

Socialization of the Remedy

One of the chief causes of the present day is the exploitation of the workers. The workers are being exploited, and they are being kept down. They are being kept down so that they cannot vote for the Socialist ticket.

Recapitulation

The Socialist ticket is the only ticket that will carry the principles of the Socialist party into effect. It will be adopted at the convention of the American Federation of Labor, and will be the basis for the Socialist ticket.

The Snic Men

How are you? I'm just passing along the news about the Socialist ticket. It's time to vote for the Socialist ticket. The Socialist ticket is the only ticket that will carry the principles of the Socialist party into effect. It will be adopted at the convention of the American Federation of Labor, and will be the basis for the Socialist ticket.
