December 15th is the very last time you can
Join the Red Card Division—and you must secure every
possible pledge at this time! We must have a majority of
the Socialists and a Million in circulation for the little
Appeal to Reason. Do not lose this chance.

A Strike With Socialists in Power

BY JIM EDGERTON

Secretary to the Socialist Party

To Appeal to Workers, Farmers, and Labor

The Socialist Party is appealing to the workers, farmers, and labor of America to support its candidates in the upcoming elections. The party's platform calls for an end to capitalist exploitation and the establishment of a socialist society based on the principles of equality and cooperation. The Socialist Party candidate for President, Miss W. C. Jones, has been working hard to ensure that the party's message reaches the ears of the American people. The party's message is one of hope and progress, and it is the aim of the Socialist Party to work towards a better future for all Americans.

The Better Way Out

BY M. S. W. S.

The American worker has a choice to make: to fight for his rights or to submit to the dictates of his employer. This choice is not a matter of personal preference, but of the very survival of the working class. The worker must choose to stand up for his rights and to fight for a better world, or else he will be driven into the abyss of poverty and despair.

Personal Depravity

BY J. W. H.

The problem of personal depravity is one that affects every society. In recent years, there has been a growing trend towards the glorification of materialism and the neglect of spiritual values. This trend has led to a decline in the moral fiber of society, and it is imperative that we take steps to reverse this trend.

Man Must Be Master

BY J. W. H.

In a recent article in Pennsylvania, the socialist youth movement has called for the abolition of the capitalist system and the establishment of a socialist society based on the principles of equality and cooperation. The socialist youth are working hard to ensure that the message of socialism reaches the ears of the youth of America.

The Strike Act

BY J. W. H.

The law of the land is that there shall be no strikes in America. But the workers are determined to fight for their rights, and they will not be cowed by the threats of the capitalist class. The workers will continue to strike until their demands are met, and they will not be deterred by the police and the legal system.

Who's Who in Socialist America

THERE ARE many books devoted to the study of Socialism, but one of the best is "Who's Who in Socialist America," written by S. L. Day and published by the Socialist National Committee. It is a valuable addition to the literature of the movement, and is well worth the time of every interested reader.

LETS OWN THE ESTATE

A correspondent says we should not be afraid of having to pay more rent. The reason is that we are only getting a fair rent on our property. The rent is only a part of the cost of producing the product. The cost of producing the product is what we should be afraid of.

OCTOBER IS TO BLAME

I am working for a new book about the history of October in America. I am going to show that October 1877 was a momentous event in American history. It marked the beginning of a new era in the country's political and social development.

DON'T FORGET

Lest you forget, remember that Socialism is the solution to all the world's problems. Socialism is the answer to the question of how to distribute the wealth of the world. Socialism is the key to the solution of all the world's social and economic problems. Socialism is the solution to the problem of how to make the world a better place to live in.
