Federal Troops Wink as John D. Imports Scabs to Operate Mines

The officers of the Colorado National Guard, who have been ordered to the mines, have been unable to control the mine owners, who have imported scabs to operate the mines.

The scabs are working under conditions that are considered unsafe and unhealthy. The miners are demanding better working conditions, but the mine owners are refusing to improve them.

The mine owners have also been encouraging the miners to return to work, threatening them with the loss of their jobs if they continue their strike.

The situation is tense, and it is hoped that a peaceful resolution can be reached soon.
