APOLOGY DEMANDED OF PIG ALIOTO

EDITORIAL:
By RAYMOND LEWIS
Deputy Minister of Information

San Francisco's pig Mayor, bald-headed Alioto, has been getting publicity for his racist regime at city hall at the expense of Eldridge Cleaver, George Murray, and the BLACK PANTHER PARTY.

According to the fascist dog Alioto:
- Black Panther Minister of Information Eldridge Cleaver instigated the recent bombing and sniping incidents throughout San Francisco.
- Black Panther Minister of Education George Murray was attacked because he advised the students of San Francisco State College to defend themselves with guns.
- The Black Panther Party of San Francisco is responsible for influencing younger members of the Black community to commit violent crimes.

Earlier this week, Eldridge Cleaver, Minister of Information held a press conference and demanded an apology for the slanderous accusations made by this slobbering hag, Alioto.

But instead of an apology, slick-headed, sneaky-eyed, smart-assed Alioto replied with more false and scandalous charges against Minister of Information Eldridge Cleaver, Minister of Education George Murray, and the San Francisco BLACK PANTHER PARTY; adding, in fact, that he did not intend to sink out an apology.

The BLACK PANTHER PARTY demands again that a public apology, covered by the city hall-controlled racist press, be made in short order.

THE BLACK PANTHER PARTY IS GOING TO GET AN APOLOGY FROM PIG ALIOTO OR THE CITY OF SAN FRANCISCO WON'T BE HERE TO KNOW IT DID NOT!
AFRICANS SAY THEY SHARE FOES, GOALS WITH CHINA

DAR ES SALAAM — An ever-enlarged and coalitioned peoples see the Euro-American nationals hardening in their exploitative and oppressive ways, they are theestablishing chosen friendships with China. CHINESE REVOLUTIONARIES took power only 14 years ago. With colonial and racist diminution still fresh in their memories, they have tended to see support efforts of currently oppressed peoples to free themselves politically and economically.

It is evident this growing alliance among peoples who have a common cause for - a foe who has severely threatened to crush the world in his coils of greed - and a common goal of real independence, two Africa’s revolutionary groups recently declared their admiration for the Chinese people’s revolution.

Meeting in Tanzania’s capital, Dar es Salaam, the Pan-Africanist Congress of Asia ("Aazam") in the real name of the explorer-identified "South Africa") and the Zimbabwe (real name of "Rhodesia") African National Union recently congratulated the Chinese people on Chinese New Year.

AZANIA-PAC is the government-in-exile of "South Africa." its acting president, F. K. Lebofa told the Chinese that their revolutionary struggle "always encourages PAC and the Azanian people in their life-and-death struggle against apartheid and fascism." In his messages of greetings, Chibota, chief representative of ZimbabweAN-CAN told the Chabo people here was "inestimable achievement" under Chairman Mao Tse-Tung in a short period of time. He added that these achievements are "outstanding and valuable contributions to the struggle of all the peoples of the world."

Chibota wished, too, that the "militant friendship between the peoples of Zimbabwe and China will grow stronger with each passing day and that the neighboring areas among forming states headed by the United States (and Britain) and to Soviet revisionism."

KHARTOUM — The Sudanese Chinese Friendship Association recently held a mass meeting to celebrate the 19th anniversary of Chinese independence.

PRESIDENT of the association, Aidar Bhath Zain el-Goldeh, extended Chinese achievements and success in industrial, agricultural and other fields during the Great Cultural Revolution.

The Great Cultural Revolution has strengthened enormously China’s support for liberation movements in Africa, Asia and Latin America.

Grape Sales Down 20%

The Delano Grape Strike and the United Farm Workers Organizing Committee (UFWOC) have announced that the boycott on California grapes has cut drastically into grape sales, especially to the North. Grape markets in many northern cities are completely closed, however, growers are routing most of their grapes to the South.

The grape boycott is beginning to work, and every market which refuses to sell California grapes bears more pressure on the big corporate growers. Pressure can be put on market managers in subtle and not-so-subtle ways:

1) You can request that the managers of your local store not stock table grapes this season.
2) Tell him that there are so many in the neighborhood who will stop shopping at the stores that carry grapes.
3) If he doesn’t cooperate, you can picket — IT’S LEGAL, SIR. Secondary boycott legislation applies only to unions, and local actions can be brought by private citizens who picket on behalf of the grape strike.

Today, more than a million all over the country are helping to make the strike work.

A Demand for a Full Investigation into the Murder of Welton Armstrong

Washington, D.C. (Third World Press) — the strike movement in the United States continues to develop vigorously since the beginning of this year. It has pushed forward the high tide of struggles active in the past few years, especially last year, and has dealt heavy blows to the U.S. monopoly in capitalist countries throughout the bitter struggle, working people and awakening at an accelerated pace.

Under the blows of the strike movement during the past few years, and especially last year, the U.S. power structure hysterically rallied to the defense of this year of the industrial movement of the nation. That the strike will be allowed in the next two years, however, has no chance of being continued to merge in a series. A new storm is on the horizon for the beginning of the year, involving the strikes of 30,000 tax-drivers and 10,000 railroad workers in 23 states, the strike of 90,000 coal miners, the nationwide strike of more than 45,000 tele-communications workers and the strike of 50,000 seamen and 75,000 dockers.

The upsurge of the strike movement is only natural when the pig-infested ruling clique is pursuing policies of war and aggression more than ever before. It is because of this that its violent attack and in its ruthless attacking the workers and black people. The upsurge is a direct reflection of the sharpening contradictions in the country.

The upsurge of the strike movement is also that when working people are awakening rapidly. This is felt from all of its burning mass movement and masses which have become exceedingly strengthened. A movement of such a form and scale took place long last year and this year. An outstanding case is the strike of 40,000 and 50,000 cooperativizing workers which lasted from July last year to April.

On December 10, the Black Panthers hold a demonstration in front of the U.S. Embassy to protest U.S. policies in Vietnam. The Panthers are demanding the withdrawal of U.S. forces from Vietnam and the recognition of the sovereignty of the Vietnamese people. The demonstration was attended by hundreds of people, including students, workers, and members of other opposition groups. The Panthers were met with a heavy police presence, but they refused to be intimidated. The demonstration continued for several hours, with the Panthers chanting slogans and distributing literature. The event was peaceful, and no arrests were made.
CHICAGO — White Eldridge Cleaver draws crowds on both coasts, his running mate, Peggy Terry of the National Organizing Committee (NOC) is taking on the Midwest with its large pockets of Wallace support.

Peggy's campaign got under-way last month when the NOC accepted Cleaver's invitation to join the Peace and Freedom Par- ty campaign as the vice-presidential candidate in the Midwest and California.

The NOC, until recently called the National Community Union, is made up of about 40 movement or-ganizers and "neighborhood people," its constituency is as young white working-class kids, primarily those in the Midwestern and Southern states.

Most of the movement people Cleaver asked to run with him were referred to spend the time and energy on electoral activity, but Peggy and the NOC saw it as an opportunity to mount a movement in the Midwest to reach some of the white working-class people in cities where the NOC has organizers.

Hamish Sinclair, a member of the NOC's collective, said that they make it clear to their audiences that Peggy is not out to get votes. She's trying to reach people who see the value in gaining visibility for the NOC as the working-class alternative to the right-wing movement.

Dear Editor,

It will be interesting to see how many of the black communities in Illinois, Kentucky, West Virginia, etc., will get off their behinds and VOTE on election day — votes for Cleaver, Clinton, People's Party — ANYBODY, but VOTE. Vote to defeat an open enemy of your people like Rafferty — vote to support black candidates.

Your Black Panther leaders have done a lot of screaming and shout- ing and posting in their childish "uniforms" of jerseys, dark glasses, and leather jackets — but even in those areas where there is no obstacle to people voting in the South, the black vote will be pathetically low in relation to the black population.

Why? Because it takes a lot less energy and intelligence to yell "Fuck Reagan" than to help vote him out of office when the time comes.

The black people need fewer Black Panthers and more black VOTERS, THAT is where power lies.

RAP TO YOUNG

SAN FRANCISCO — Joanne Johnson, a black teacher, invited repre-sentatives of the Black Panther Party to speak to the students in her classroom at John Muir Elementary School.

Panther members addressed handling the speaking engagement. They also spoke to the young students full participation. It was re-advised to them who founded the Black Panther Party, what it was founded and why: Huey P. Newton and Bobby Seale, Founders. The rules of the party and the 10-Point Program were also discussed.

The students, who were all third-world; were full of questions but still knowledgeable about the Black Panther Party and its community dynamics. During a 3-minute "question and answer" session, students asked:

Student Question: What do you think of the politicians Wallace, Humphrey, and Nixon?

Panther Answer: If Brother Eldridge Cleaver, our Minister of Information, doesn't get in it doesn't make any difference which of those three candidates get in because they are all the same — pigs who want oppression of all black people!

Student Question: Was the Black Panther Party founded with the same ideals that Frederick Douglass, Harriet Tubman, and Marcus Garvey had?

Panther Answer: Yes and no. Douglas, Tubman, Garvey, and Huey P. Newton all had the desire to be free, but the Panther Party was founded to defeat and eventually and the police brutality in the black community.

Student Question: I saw a picture with a lady and her baby in it and the baby was carrying a gun. Who was it?

Panther Answer: The name of that picture is "Hope." The mother represents one generation of freedom fighters. When this generation has been defeated or is killed, then our mother's child and all the other representatives in that child's generation will be educated politically and militarily to pick up the guns freeing the oppressed people of the world.

Student Question: Do Panthers carry guns? Where do they get their guns from? Do you Panther ever hear about guns?

Panther Answer: Well, the gun is a tool. A gun has never killed anyone. It is the person behind the gun that does the killing. A gun is merely a political tool for defense and the liberation of the black people. We cannot let the gun rule us. We must rule the gun.

No, Panthers do not carry their guns all the time and Jr. Panthers get the same training as every other Panther. We buy our guns.

Principal asks: Do you believe what the news media has said pertaining to the Black Panther Party?

Panther Answer: The white racist press has distorted all factual news about the Panther Party ever since the Panther Party organized. They have attempted to present the public with the image of Panthers as a bunch of hoodlums in black berets carrying hoes, just the opposite of the white people's interests in Harlem.

Student Question: Are Panthers proud of what they are doing?

Answer: Right On, Politically and Proud.

The Black Panther members received an enthusiastic response from the students in the audience. Representing the Black Panther Party were sisters Valerie Brown and Eunice Wallace, along with Panther Brother George Black — all of the San Francisco Chapter.

Chicago B.S.U.

CHICAGO (Third World Press) — Black high school students in Chicago have chanted down a number of schools in main protest for courses in Afro-American history and for more black students, counsel- ors and school administrators. At Harrison High a group of black students held a sit-down demonstration against the coldness of a wall. The people will rise and lay to the oppressor up against the wall, up against the wall, up against the wall, mother — black mother.

WANTED DEAD FOR MURDER

S.F. PIG MICHAEL O'BRIEN
4785 - 18th STREET
SAN FRANCISCO, CALIF.

A Lesson Never to Forget
(In remembrance of George Baskeett)

George Baskeett was just another black brother. He wasn't what the police called a troublemaker. He wasn't likely to be named the most popular person around town. In fact, until George Baskeett was deprived of his life by a white racist, murdering pig, he was only known by his friends and close associates, who knew his name in every black person around the Bay Area. He was a young man, just nineteen, and he was marked out for the bullet of a racist pig.

His death should be an unforgettable lesson for all of us. For George and the other sisters and brothers on his black know that the gun was the only thing a pig can relate to.

This San Francisco pig tried to murder George Baskeett, but on the first try he was confronted with a group of together brothers and sisters. Unfortunately for our brother, him and his friends let down their guard too early.

This whole scene, murder and all, were just the result of a brace- less, white, racist pig. George accidentally screwed the finder of a trail which was connected to this stupid pig's car. The pig got out of his car and started searching this area. He might well have the pig was at fault, because his trailer was parked in a position which made people driving by to have to take a little detour. Also the pig was drunk and all he could think of, or say, was I'm going to kill me a Negger. The pig got out of his car with his gun drawn, Mr. Baskeett goes and gets her gun because George is defenseless. George somehow gets the gun from the pig and headed him down, the pig then hides under a car.

We are now at the main lesson of this story. This is also the part in which Brother Baskeett is murdered. After having taken the gun away from the pig and running him under the car, George and his friends began their search. At this point, another uniformed pig arrives on the scene. The pig we have been talking about and who murdered George Baskeett, was not in uniform. George and his friends thinking that this other pig was handling things fairly, began to leave the scene. As they were walking with their backs turned to the pigs, the murdering pig of whom I've mentioned all through the article, called to Baskeett that he was going to kill him. Baskeett turns around and after the pigs' gun go off without firing, he attempts to approach the pig and disarm him. While Baskeett, just in seconds away from handing the gun on to the low-down pigs, he goes off and kills Baskeett.

I hope no one else will make the same mistake. When these brothers and sisters put down their guns and walk away to forget the whole matter, our brother was murdered. We black people have a habit of trusting too much. When it comes to the white racist pig, whatever trust we might want to place in him, will always be misplaced.

I respect the brothers and sisters for arming themselves for self-defense. I have sympathy and love for the Baskeett family for all they have lost something, but we have it, and all black people. We have lost another black brother, and warrior. I cannot however, condone their trusting a racist pig. A pig will never make a fair decision when dealing with another pig and a black man.

Please take a lesson from brother Baskeett's death. Beware of the pig. Beware and never let your guard down first black people, arm yourselves and be ready for the next situation of our race.

May our black brother, George Baskeett, be free of the life. And now let us stand up and revenge this brother and all the other brothers and sisters who went before him.

BLACKS FIGHT REPRESSION

BUFFALO, New York -- A new black struggle against violent re- pression broke out in Buffalo, New York last week.

Large numbers of black youth attended the funeral of a teen- aged black who was savagely killed by the U.S. white racists earlier this month. The community's power structure catalyzed a large bag force to suppress the youth. Police broke and burned at the pig and pig cars, the black youth fought back valiantly and threw the word into a point.

Earlier, young blacks struggles against police violence flared up in the nation's Capital of Washington, D.C. Despite the strict en- forcement of a law prohibiting youths from taking to the streets at night ordered by the Negro Mayor of Washington, mass ar- reatments, and suppression of young black brothers and sisters fir- ing tear gas at them, a great many black youths turned up in the streets for three consecutive nights ending last week and fought with the pigs who interfered with their right to protest.

More than 5,000 black high school students continued to mount in Chicago against racial discrimi- nation. Many black students also demonstrated at the downtown building of the Board of Education and fought bravely with the pigs called out to suppress them.

NOTHING LIKE PIG HONESTY

NEW YORK -- The sick dishonesty with which racist Ameri- can deals with each other is clearly revealed each day in Albert von Eicken's newspaper columns. Typical is a recent Dear Albert letter:

I was the mother of two healthy, normal daughters, whose ages range from 13 to 22, and I would like to advise your readers that every responsible parent is well aware of the control pills because it would be the same as saying, "Go ahead, but if there were some kind of fast-acting powder that accomplished the same thing, it would be the first to buy it and slip it into their breakfast food every morn- ing, (signed) REALITY."
"THE MIGHT OF THE PEOPLE"

By Virtual Moreell

The revolution can only be CONCEIVED by mobilizing and having faith in the masses of the people, I ask you, "What is the, and who is the true strength?" Black people are. Within all the black communities lies the true revolution. Our people have rejected the idea of our institutions. This is our strength that makes us go forth to drive out the racist government that has been established by those who have made our people penetrated. We shall not have a revolution in our black people. There is no doubt in the Black Panther Party that our main source of power lies in the hands of the people, because without our people there is no revolution. One of the primary reasons why the racist state fuck us with it is because we, at this point, have not achieved a true revolutionary perspective to drive the racist state. This is why the Black Panthers have our revolutionary potential, the mere sound of our voices will frighten them. The Black Panther Party is powerful, simple and only because we are a people's party, standing tall on our principles and everyday practice of total liberation for all black people and oppressed people throughout our nation. That is why we are all important. We are subject to.

We are the heroes of the revolution. The real heroes are the people. The people are the heroes of the revolution.

The Democratic Party: OPPRESSOR OF THE PEOPLE

By Bob Avakian

Most people in this country -- including many black people, Chicano, students, and others who are victims of racism and other forms of exploitation -- do not believe that the Democratic Party is the "party of the people," or that at least it is true that the Republican Party for Wallace's American Pig Party, that a little goat is the "party of the people." Abroad, about imperialism in the world, working people, students and right-thinking people generally. This is a fundamentally dangerous misunderstanding of the role of the Democratic Party and the Republican Party. And, second, because the Democratic Party does still serve to confuse so many downawoken people, it is very important to show clearly the racist, decadent nature of the Democratic Party, and pointed out the racist and imperialist capitalist power structure that oppresses and explains literally billions of lives in the world today.

To this, we have to express the lies about the Democratic Party that are spread among the people to trick them.

First of all, the Republicans are the party of big business, that the bankers, oilmen, defense contractors, corporation chief, etc., all bankroll the Republican Party. While the Democrats are in niches and diners, from hard-working, struggling people. THIS IS A CHORUS. Both the Democratic Party and the Republican Party are dominated by a majority of their money from the same class of racist big business men who run the country through their minions in both the Democratic and the Republican Party. In other words, the DEMOCRATIC PARTY GOT MORE MONEY IN LARGE CONTRIBUTIONS FROM THE BIG BUSINESS EXPLOITERS THAN THE REPUBLICAN PARTY. And even this year, Hubert Humphrey has just been遏制ed that he expects to get 10 MILLION DOLLARS in campaign funds from the big businesses, over the past 2 weeks of his campaign. And Humphrey himself said in response, that the big business backers were also kicking in to Nixon's campaign, just to make sure they were in on the action.

Politics in this country is like a big crap game, played by the big business exploiters with money they squeeze out of us through schemes like price-fixing, admission of技师, and so-called "mergers." These international gangsters know that the Democratic Party is in no danger from the Republican Party -- SO WHY SHOULDN'T THE PEOPLE KNOW IT?

This brings up the second lie we are told about the Democratic Party. That it is the party of the people, the one and only party of the people, black people, Chicanos, working people and the people at the bottom as a whole. But, just look at the record of the Democrats.

Over the period they have spent:

- spent over 100,000 troops into the false confidence to put down the legitimate rebellions of the people and protect the property of the racist big business owners who own the Democratic Party. The result has been hundreds of black people killed, thousands wounded, and hundreds of people arrested and harassed by the people's troops, police, working people and the people at the bottom as a whole. But, just look at the record of the Democrats.

- handed over many favors to banks and other credit institutions that the total consumer debt in the country -- the amount of money ordinary hard-working people owe to furniture stores, appliance dealers, savings and loan associations, mortgage holders, etc. -- has gone up by 500 BILLION to $835 BILLION, over the past 5 years.

- created a general economic situation where prices go up much faster than wages. And the people are forced to afford to buy the basic things that any human being needs to live decently and secure.

- raised our taxes; then raised them another too percent, to pay for the criminal war in Vietnam, while cutting back 6 BILLION DOLLARS IN programs that were supposed to create jobs and welfare.

The Democratic Party is in a vicious enemy of the people as either the Republican Party or Wallace's Pig Party. In fact, one of the big reasons of the success of that campaign is a man named Al Long, head of a giant financial corporation called Long-Temos-Vaugh (a multi-billion dollar outfit, eleven largest companies in the U.S., may be switched from the Republicans to the Democratic Party because he believes Humphrey has a better program for dealing with black people and other "revolutionaries." What is in this program, according to multi-millionaire, that is OLD HITTER SOLON. YOU SHOW THEM BY FORCE. (if you don't believe that the racist capitalist businessmen who control Humphrey think like that, check out the article in Chicago Tribune, magazine section, Sunday, Oct. 9, 1966.)

And it makes sense for murderers like LBJ to support Humphrey because Hubert Humphrey who sponsored a law in 1950 that called for the execution of CONCENTRATION CAMPS in time of "national emergency." And this brings up the most important lie of all about the Democratic Party. This is the lie that leader bankers of the Power Structure will use to keep every involvement in the Democratic Party. They say that even though there may be corrupt politicians in the Democratic Party, they, the honest bankers, can still work within the system and get a few crumbs. Any one who makes this argument is like a Jew who would get a job in a German concentration camp as the man who turned on the gas oven to fry the 6 million Jews. What would we think of this man, if he told us he took the job, so that he could reduce the temperature of the gas oven so that the "Jews" death would be less painful.

Malcolm X pointed out that "A Democrat is nothing but a Dicktact in disguise." By this he meant that the political strength of the Democratic Party has come from the south, where bale-headed racists could get elected to Congress, until they drank themselves to death, because black people are still denied the right to vote. And it is these same racists who sit as heads of the key committees in both the Senate and the House of Representatives -- the committees that control the billions of federal dollars, the so-called "Open Opportunity," housing law, will not get to the floor of Congress, unless all the gods are taken out of the bills first. And we can clearly see today that the Democratic Party is now that the white establishment, to the Democrats in favor of Wallace's Pig Party, the Democratic Party has just as much chance as the give up the broadest possible base of support for the revolution.

From all this, it should be perfectly clear to everyone but the dead-\n
hard enemies of freedom, justice and peace, that the Democratic Party is no more the party of the people, than the Pig Party, or any other party of the racist gangster businessmen who run the country. The only party of the people is one that has been built by the people, by the community who have no interest other than joining with their brothers and sisters -- black, white, brown, yellow red -- who have a basic desire and need to end the madness that has been imposed by the present Pig partisan and the decadent, racist system of capitalist exploitation. These parties are the only coalition that every people's support are those who fight to defend the true interests of the people and to build political machinefs for the people to control their destiny and serve their own interests. This means the candidates of the Black Panther Party. Eggbide Cleaver for President, Bobby Seale, for Attorney General, Thomas Hayden, for Vice-President, etc.

All of these candidates -- including Bobby Seale, Huey Newton, and others -- will have a clearcut program to end the war and stop the bombing and the exploitation of the majority of the people in the world. Mario Savio, State Senate (119th) D-P; Paul Jacobs, U.S. Senator Dave Dellinger, etc.

"Why Destroy The System and Lose Your Gig?"

By Dynamite

Many brothers and sisters are asking the question, "Why should we destroy the system if we can save our gig?" They already know that the racist system is our right and should be changed. They know that the basis of this system is founded on exploitation. But, the destroy them to save our gig. For the sake of a good job, a NIGGER will stay on a plantation and kill the white people. In the 1950's, they will stay on a plantation and kill Black people. The justification is too excessive for this article: it is what I call my job. He will throw his own grandmother out of the window to keep his "gig." The wage-earner, especially the black wage-earner, has no access to the very means of production in a society of generalized commodity production. He, the wage-earner, is forced to under-sell labor power. In exchange for his labor, he gets a wage. This wage the worker receives is in no way regulated to fit the extent of his needs or the level of his consumption. The wage, in its high or low, never does enable the worker to free himself of selling his labor power.

One of your friends. If the work-er needs a new car, he is forced to give up part of his earnings for a number of years; while at the same time, he has no hope of becoming a maker of cars. The manufacturer is allowed to set down the value of the worker's car. The manufacturer can also dictatue when the car can be made available to the work-er. And, due to the position of the manufacturer, he can even deter-
ne the resale value of the car. This type of system is only a form of legal robbery. The American system has so far enforced the will of the few, and has certain rights and values. Harry P. Newton teaches that every man lives a right to live, i.e., a man must work. If conditions are such that a man cannot work, then he is still unlimited in the absolute standard of living that specific conditions. Their answer is that the American capitalist system has to be changed because this standard of living is not provided. This change is going to be the expense of a great many people. This is the end of the line. A GIG AINT SHIT! Harry P. Newton and the Black Panthers have even laid their lives on the line to bring about this change.
BLACK PSALM

By Enoch D. Jones

The Lord is my shepherd; I shall not want.
My flesh, I shall provide for all of your worldly needs. So long as I survive, you have no reason to fear for lack of necessities. I will wash you in the water of my presence.

Our house is the pasture of our family. We must keep it secure, so you may rest there with a serene state of mind.

He leads me beside still waters; I will always lead you to the place of least turmoil. Not because I feel the need to protect you, but because I want you to grow strong in a safe environment, and then use your strength to combat the inevitable turbulence of life.

I remain your soul.

Yes, I will give you knowledge of the heritage you are certain to be denied in establishment-oriented institutions. You must realize that I have been suffering with mental and physical bondage, but now I am free and full of the knowledge of millions of oppressed people. The common denominator of your relationship to them is soul.

We board into the path of righteousness for his name’s sake.

I will give you the meers and philosophies that have cost me a large portion of my life. I will give them to you, not to squander, but to glorify in greater awareness. You must elaborate upon them and relay the improved version to those who are to carry our souls of biological immortality through eternity.

Yes, though I walk through the valley and shadow of death, I will fear no evil; for thou art with me.

No matter how far we may stray, the valley of oppressive shadows we go or how strong our opposition, you have no reason to fear. For just as I am with you, you are with the people; and the people have the power to conquer all evil.

 Thy rod and thy staff, they comfort me.

Yes, my child, you can take comfort in our relationship with the people. You can rest with the knowledge that we are protected by the steel rod of our self-determination and the unbreakable stuff of protective measures that we have with the people. Thou preparest a table before me in the presence of my enemies.

My child, your enemies are mine, and I will not let their presence deter me from my worldly duties. In return I ask that you make the enemies of our people your enemies, and let that presence deter you from your revolutionary duties.

Then anointed my head with oil.

The oil of knowledge is a necessary lubricant in this world of class friction. I give you this knowledge, not to make life easier, but to make you more efficient in our battle to obtain a classless society. My eye cometh over.

Your ability to attain all that I may now appear to be overtaken, but experience will expand your cup of intellectual receptivity, and in time you will seek more than I have to offer. You must be all that I give you and all that you gain to serve our people.

Surely goodness and mercy shall follow me all the days of my life.

You must live your life in such a manner that goodness is in all tracts of all of your actions and thoughts. If you are good and just with the people, there will never be any need to ask for more.

And I will dwell in the house of the Lord forever.

Our house must always be one that seeks justice for the people, and whenever justice is not being dealt to the people, our house must become revolutionary. Our house is our home, and you are always assured of a place to dwell in the name of justice. This I promise to you because as a revolutionary, I AM THE LORD.

White Community Support

Members of the San Francisco Peace and Freedom Party have formed a community to bring Kathleen Cleaver’s Campaign to the white community. In the 19th Assembly District where Kathleen is running, well over 500 of the people are white. We view our job as reaching white people and beginning to show them that it is necessary to work together with the black community to defeat our common enemy, the power/power structure.

The man wants to divide us to conquer us ... for the past 400 years he has instilled fear and hatred into the minds of the people of this country.

If we are to build a true revolution to meet the needs of all the people, we must give “Power to the People” ... we must unite to build towards the common goal of regaining our self-respect.

The emphasis of the Cleaver campaign is to educate the people by bringing the Panther 10 Point Program into the white community and show the relationship between these demands and the needs of all the people. To show that in supporting the Black Liberation Movement we are supporting the movement of all the oppressed peoples of the world and therefore supporting oneself--unless you are a member of the oppressor class—you are oppressed.

Besides explaining the 10 Point Program, the campaign will place heavy emphasis on the exposing of the cruelty of the pigs. Preparations for pig control initiatives will be completed around the first of October. This campaign will not only be for the S.F. Tactical Squad and the Army orders which give early discharges to soldiers who agree to become cops. By doing this, we hope to take advantage of the widespread disgust with the brutality into the campaign as the racist ruling class is bringing the war heavy to our borders.

We must build our base in order to survive. The next 5 years are going to be very crucial years. A man named Wallace and his backers are fighting to bring an end to this so-called “war.”

The system is about dead. It is a matter of who will pick up the pieces, the reactionaries or the people. In order for us to win we must organize and unite.

THE PEOPLE WILL WIN --
POWER TO THE PEOPLE!

PIGS BOMB: BLACK BLAMES BLACK

OAKLAND (Third-World Press) -- At 5:00 A.M. Wednesday morning, October 30, Panther attorney Donald Ward's law office was bombed. Investigating pigs based their investigation in and throughout the black community of Oakland -- giving the impression that the blame fell within the black people within those communities, however, strongly believe the "pigs" committed this foul act.

Oakland pigs are known to be bombing any area or group that shows any signs of growing up. They are always trying to blacken their image on their victims, but informed sources have presented strong evidence, in the bombing of Ward's office, that these communities are at fault.

U.S. IMPERIALIST MUST BE REMOVED FROM THE GHETTO, FROM AFRICA, ASIA, LATIN AMERICA, BY WAY OF THE GRAVE.

The U.N. sanctions against the racist illegal Rhodesian regime won the overwhelming support of the peoples of the whole world. Because of the need to maintain a "good public image" of U.S. imperialism and capitalism was forced to go along with the sanction. The entire world with the exception of Portugal and S. Africa have condemned the racist regime of Ian Smith in Rhodesia and their guerilla warriors are fighting to free the black population from the brutal racist ruling white minority. The Ian Smith regime is that creature and with it the cause for the total liberation of the Southern part of Africa and the gold mines of Johannesburg will be opened. Ian Smith knows it, Volster of S. Africa knows it, and you can be sure that U.S. imperialism and capitalism knows it. Portugal, S. Africa, and Rhodesia exchange military hardware and technical assistance. Behind the scenes the U.S. military industrial complex backs it all up.

Portugal, Rhodesia and S. Africa all enjoy the graces of the U.S. because of the need to maintain the U.S. capitalism and imperialist plans for containment of communism in Europe and wars of national liberation in Africa and Asia. U.S. racist imperialism and capitalism use the threat of an invasion by Red Chinese soldiers and communist guerrillas as a weapon to intimidate the world and as a weapon to restrain the progressive people of the entire world and the black revolutionaries of BLACK PANTHER PLOW PACT OF VANGUARD

TWO THOUSAND THOUSAND PEOPLE "NO PASS" ARRESTS

JOHANNESBURG, South Africa — A mob of some 2,000 black Africans were prosecuted in a single year here for failure to produce compulsory identity papers they are forced to carry in their own stolen pocket.

Police sources said the figure showed an increase which they attributed to the supremacy hysteria brought on by guerrilla forays which are undermining the area. In the last year, some 10,000 black leaders have built into the real owners of the land.

Witsenrussie University's annual "survey of South African Law" said the "inadam" law was established under the law represented an increase of 66.2% over the previous available figure for one year.

Support for Palestinian Commandos

DAMASCUS (Third World Press) — A number of Palestinian people's organizations and trade unions, after a meeting held last week, sent a cable to the Palestinian commandos organizations expressing support for the joint statement issued in Amman last year, "The Palestinian People's "political solution" for the Middle East question and rejecting the "realization project" of the U.N. Security Council on the Middle East question, according to the Arab Syrian News Agency.

The cable said that the Palestinian people's organizations and trade unions meeting in Damascus opposed all "peaceful solutions", stressing the illegitimacy of the Palestinian cause and the sacred right of the Palestinian people to all of their lands, and pledged to continue the struggle until the complete liberation of Palestine, regardless of how long it will take or how great the sacrifices may be.

The cables requested the Palestinian commando organizations to overcome all obstacles at this critical moment in their long struggle until victory.

Several Palestinian commando organizations and Palestinian people's organizations held a meeting in Amman, after receiving a joint statement issued the next day they strongly denounced the scheme of the "peaceful solution" for the Middle East question that is being pushed forward in the U.N. General Assembly.

Modern Coal Mine in China Starts

CHONGQING (Third World Press) — A modern coal mine with an annual capacity of several hundred million tons has been sunk and started production, according to the Shanghai Daily, an official newspaper of the city.

The mining complex is the largest in China, with an annual output of 2.5 million tons.

Modern coal miners have been trained and equipped with state-of-the-art technology to ensure safety and efficiency. The mine is designed to produce coal for various industries, including power generation, steelmaking, and chemical production.
Appeal for Panther Power

Most brothers and sisters know by now, that brother Ray D. Newton has been moved from California to Mississippi, at Vicksburg, the guidance center pig pen, to California State's College at Los Angeles, at 1141 S. California Ave, is no more effective a communist pig pen than is Harlem. Brother Eldridge Cleaver has approximately twenty-five to fifty days until he is to be released back on trial. The brother stands to do forty years in the loser's pig pen if he is found there. We cannot allow the brother to be returned; therefore we have our work cut out for us.

Brother Bobby Seale is going to have court on the 15th of November; of the 3,000 or so of the pigs that have definitely committed themselves to sending the brother home, we have had no word.

Here again we have our work cut out for us.

What we must do is present a united front, a brotherhood of black power.

That pig albino is going to try and move on Brother George McDonald, and the brother is in leadership position of the Black Panther Party.

We are going to try and do systematically eliminate the leadership of the Black Panther Party, particularly the Central Committee. The pig power structure is marching against Panthers all over this decade and decaying minorities. They want to contain or kill the leadership. They prefer to kill them. They have identified their targets against black people.

So—brothers and sisters, we have approximately twenty-five to fifty days left. During this period, let us do what we have done so many times before, let us validate all political and legal means to stop this shit and educate the people. Let us not allow the pigs to pull the wool over our eyes, to pull the wool over our minds. We have been a target for this type of service, window dressing.

In the last place, the sky is still the limit if there is not one now. But we have not yet exhausted all political means which is necessary in our defense. In my mind, we could possibly go to the opposition of black people, see what is the situation, the opinion of the pigs, the power structure and the man, how they are going to pull us down. I don't mean to say that we are going to lose, but if we are willing to sacrifice ourselves, it is possible for us to come up with a solution. Let us discuss it, it is a matter that we have to come to the inevitable conclusion.

We must pick up the gun.

We must stand against the death of all freedom fighters, men like Galván (Prower), Danish Venezy, Nat Turner, Marcus Garvey, Malcolm X, Martin Luther King, and all brothers and sisters. We must be the intersection of black people. We have learned from previous revolutions—the Cuban revolution, the Haitian revolution, the Russian revolution, and all revolutions that have taken place in Africa, Asia, and Latin America.

So a good look at history, for history is the best teacher, and the brotherhood of black power is the best teacher. And to them, I say, be united. They are the ones that have written the books.

AWAKEN AND WALK TALL, BROTHERS!

Awaken, my brother! Listen to my plea,
Awaken, my brother! Let your eyes see.
Our sisters have been raped, it is still done today.
Awaken, my brother! Let us make them pay.
Move a little, brothers! It can’t do any harm.
Move a little, brothers! And wipe out Uncle Tom.
They’ve taken away our pride, and kept us on our back.
Move a little, brothers! It’s our turn to attack.
Choose your weapons, brothers! Learn to use them well.
Choose your weapons, brothers! Send them all to hell.
For too long we’ve sat idle, getting our heads beat in.
Choose your weapons, brothers! (Undated) that disgraceful sin.

Walk tall, my brothers! You’ve finally seen the light.
Walk tall, all my brothers! We’ve got the pigs up tight.
They almost know the awesome power of our full PANTHER POWER.
Walk tall, all my brothers! For the bell tolls their last hour.

THEIR TIME HAS COME!

A shout, a shot, a molotov,
Their pale ashes faces we shall carve.
Upon their knees they will beg for mercy.
For it was they who claimed racism was beauty.
When we were asking for compassion,
Their screaming whites were only laughing.
The backs were calloused, and wore it all.
But the time has come for them to fall.
No longer shall we weep and wail,
Before being lynched by a sheriff-led mob.
To turn the other cheek, and pray to God.
Has become, at last, much too hard.

It is now time for the other half of this nation.
To chew and digest the agony that comes with humiliation.
Yes, they taught their lessons very well,
And now they’ll burn in their self-made Halls.

REVOLUTIONARY CHILD

Born with no stigma of wretchedness,
simply black and elite,
created with bile.
A potential warrior to our struggle
for ultimate liberation.
He will be raised by a compliant mother
with a gun in one hand, and
the red book in the other.

PANTHER POWER

For in the black masses
Awaits a new cry,
The cry of Black Power.
This cry is in Watts,
That burned in West Oakland and that burns in Blackman’s souls.
Our fight is for Freedom and for Liberation.

For any necessary means.

REVOLUTION

There once was a BROTHER
Who was black and cool
But this one BROTHER didn’t
Think about what was going on.

When I met this black brother
And told him the news, now this
BROTHER is in the revolution
So find a black brother or sister
And tell them the news.
So they can help you and you can tell
The black people to get with the grove.

LISTEN BLACK PEOPLE let’s not only lay down but
pick up our guns, and show the world
What has to be done.

WHY BLACK

White
Trees, streams, little rose faces
Prefaces, flames, beautiful country places
Bicycles, tricycles, wind-blown hats
Roadsides, saddles, and boy scouts like animals
Leaves, leaves, arms that speak of love
Angels, gods, basking from above
Mothers, fathers, happy and gay
Watching children at play.

BLACK

Winestocks, bearcats, little black faces
Politeness, respectful boats.
Kneelings, darkenings, piercing screens
Away, away, away.

Stoves, devils, demons, laugh at the show
Smiles, smiles, aint whole no more
brother’s a plum, stow’s a whine
Discrimination, segregation, the white man’s scheme

Denounce racism’s law

HATE YOU NO LESS

You robbed me from my jungle root
And cast me into this hellishness
This alien, this just this
And I hate you no less.

I fought to be your favorite son
Yet you made me the bastard one
I bravely died to defend you
On foreign soil to stake your claim
For this I owe you just.
You left my mother wide in the fields
She saw my son with his brother’s gun
You hang my father from a hungry oak tree
For this my country I do hate thee.
I know you as slave know master
I watched your hands shape chapter
Now to rebel in my only mast
You possessed me with bitterness
For this my country I hate thee.
Oh, I hate thee no less.
In this brief treatise it is not my objective to teach and advocate the violent overthrow of the U.S. government. This is not meant to be a blueprint for revolution, but to mean to lay on the thought into the minds of those individuals who so arrogantly join the myth of American invincibility. I want to explore America's weakness and to advance the study of the potential of a minority revolution.

The capitalist system was predicated on the abuse and dehumanization of black people. It was partially designed and fashioned to glorify white supremacy and to liberate the European from feudalism at the expense of colored people. . . . Yeah, poor whites are exploited, too, but the supreme white authority has been careful, even from the beginning, to afford them escape hatch built into the system.

American racism is inherent in its economic and social system. This inherent social evil cannot be drastically rejected without completely altering the political, economic and social structure of the nation. Revolution is a final spark of hope that flares in the ashes of despair and the devastated faith in the institution of parliamentary bolshevism and demagogy, revolt is a natural human response to brutally sustained tyranny. The subjugated colonial attitude of the racist, imperious american power structure leaves the Afric-American but one of two choices: he must either meekly submit to tyranny and risk ultimate extermination or invoke the natural law of survival and resort to revolutionary resistance. It is not beyond the realm of possibility that he will turn to revolution and be determined to obtain victory at any price.

Theoretically, if the black man in America should elect to pursue the final course, what would be have to do in order to overturn tyranny? America's strength and weakness should be carefully analyzed. Strategically speaking, America is a mighty giant with an exposed Achilles heel. This key to America's strength is its almost unlimited industrial capacity. Its staggering production is its life blood. From a military point of view it is also its greatest weakness.

The American society is the most automated society in the world. It has become
OPEN TO
GUERRILLAS

By W. WILLIAMS

PART I: OF TWO PARTS

Urban guerilla warfare is the prerequisite for the black man's survival and liberation in racist America. There must be a vast network of communications and central planning. No matter how primitive, black freedom fighters must establish their own coded and clandestine communications system. There must be central planning and a national supreme command. Afro-American revolutionary forces must create a top-notch security agency. This agency must be responsible for the establishment of an efficient and extensive intelligence network. It must infiltrate the armed forces, the National Guard, the police, the FBI, the CIA, the public utility services and all political groups, right, center, and left. The power structure's facilities must be utilized to advance the cause of Afro-American liberation.

Such a revolutionary organization would require many facets. Armed defense guards would have to be organized within the confines of the law. Their function only as defense units to safeguard life, limb and property in the ghettos and communities. A tightly organized and highly mobile underground guerilla force would have to be clandestinely organized. This well disciplined force would play a more aggressive role. It would be well versed in handling explosives and deadly accurate when deployed as snipers. Its mission would be retaliation, to visit attrition upon the enemy and to pin down and bring about a demoralization of his concentrated forces. This guerilla force must operate in small bands and know every inch of the city where it is to operate. It must control its fire and use its ammunition sparingly. It must have a perfect understanding of its mission at all times. When operating in full view of great throngs of people, its members should cover or mask their faces to prevent revealing their identity. It should handle its weapons with gloves, especially the captured ones, so as not to leave incriminating finger prints on weapons that may later fall into the hands of repressive authority. These groups, while supplying and performing other missions of sabotage, should be extremely careful in avoiding death and injury to the friendly black population. Friendly property should be diligently protected and safeguarded. The guerilla forces must be so organized, coordinated and equipped as to prevent the power structure from putting reinforcements to stricken and crush other defense groups engaged in the defense of the people. Such a corps should serve to build morale, encourage and educate the people to support the resistance fighters of the uprising and to maintain tight security about what takes place in the ghettos and in what role are played by certain individuals. It should create a huge preparation for legal defense for those who fall into the vicious clutches of the kangaroo white supremacy law.

I DO NOT KNOW HOW ANYONE CAN REFUSE TO ACKNOWLEDGE THE RIGHT OF MEN TO BE FREE

No man is born a criminal; society makes him so, and the only way to change things is to change the social condition.

Wherever there is the possibility of conflict arising out of discriminations and the refusal of human rights, the peace of the world is threatened.

Mass movements are well and good but they cannot act with purpose unless they are led and guided by a vanguard political party.

The Black Panther Party is as strong as the integrity and the sense of discipline and dedication which the membership displays, the example shown in the leadership is reflected in the discipline demonstrated by the rank and file.

Without discipline true freedom cannot survive.

No section of this country should be left unorganized; no individual person should be without membership in some organization... We must organize as never before, for organization decides everything.

The right of a people to govern themselves is a fundamental principle and to compromise on this principle is to betray it.

It is far better to be free to govern, or misgovern yourself than to be governed by anybody else.

History will never forgive any nation which, for its own ends, has gambled with the life of mankind.

If armed militias are not organized the masses cannot manifest their power in the struggle against the enemy.

In a revolutionary situation it is a crime against the people to forgive those who have betrayed them.

Our war is not a war of conquest, it is a war of revolutionary liberation. We fight not only in self-defense but to free, unite and reconstruct.

Capitalism is but the gentleman’s method of slavery. Capitalism at home is domestic colonialism.

Colonialism is the policy by which a foreign power binds a nation to itself by political ties with the primary objective of promoting its own economic advantage.

The Black Panther Party has always been the party for black people whose welfare has ever been our overriding cause. We have always been close to the people, for we have come from the people.

The demonstrators marched from Hyde Park to the Ministry of Defence Square shouting slogans. Speakers at the rally strongly condemned the reactionary regime in Northern Ireland and their suppression of the people. They also pressed angrily against the Wilson government’s policy to the Northern Ireland government.

Northern Ireland is the poorest place in the British Isles. The Nationalist people have been oppressed too long. The government, business, and the people have been treated with cruelty for too long. The government has become stronger and stronger while the people’s suffering is multiplied.

The government has always been supported by the reactionary forces and by the powerful people who treat the people cruelly. The government has not been interested in the welfare of the people. 3. Party of Oppression

Since the very beginning of this country the American mind has been constantly plagued with the question of what to do about the maintenance of law and order and to find a solution to the problem of the effect of the law and order on the working class of the country. Some people think the answer is to maintain law and order. Others think the answer is to have a strong working class movement. But the solution to the problem is neither law nor organization.

In 1775, the order was colonization and the colonists and the colonists’ families were to be maintained by the British. Women were to be maintained by the British, too. Colonists were to be maintained by the British, too. But the colonists were not men and women. They were colonists and they were supposed to be maintained by the British. They were to be maintained by the British, too. Colonists were to be maintained by the British, too.

Later on for the law

The American colonists faced with this problem had two choices: (1) submit to the Law and Order and live as they would live in King George, or (2) create their own society. They chose to create their own society. This is why the American colonists maintained their own law and order system and why the American colonists maintained their own law and order system.

In 1850, the first African slaves were imported from Africa and brought to the cotton fields. Those who performed labor in the cotton fields were not free and were not allowed to maintain their own law and order system. Those who performed labor in the cotton fields were not free and were not allowed to maintain their own law and order system.

The slaves were faced with two choices: (1) submit to the law and order and remain as slaves or (2) resist and be branded as law breakers. The people who resisted the law and order were branded as law breakers. The people who resisted the law and order were branded as law breakers.

The government has always been supported by the reactionary forces and by the powerful people who treat the people cruelly. The government has not been interested in the welfare of the people. The convention started at 11:30 a.m. and ran half hour behind schedule. The convention lasted until 7:30 p.m.

Next we went into group discussions. There were about 5 groups. Each group was in a different room. They discussed subjects like: What each school was doing to start up, should we have similar demands so that when it is time to strike we can go down together. These discussions lasted for an hour.

Coffee Break - half hour: Everyone got to meet each other.

We reconvened at 2 sharp and discussed many matters. Many group there were students from Poly-Tech, Washington, Sacramento, Fremont, and Berkeley High. We discussed what each school was doing.

A group of students from Poly-Tech said they are going down to the board of education Monday and that they want other East San Francisco schools to go down and show their support. They say to get an informal Black history course at 8 a.m., and that their black literature teacher was white. They are looking for black teachers. Poly had a delegation.

George Washington. There was a sister from that school in our group. She said that Washington was 20% black and that they only had 3 black students. Roosevelt is a small school (300). Judy Hayes, secretary.

The sister from Roosevelt said that there was another sister came to the meeting because they had forced a black student union but didn’t know what it was. They then discussed the ten point program and how it affected each school.

Lunch - hour and a half 12:30 to 1:30. Well, we all assembled in the auditorium and saw a movie entitled Here! Brother Gregory Harrison talked with us about the making of a representative from each school, and told us why the assembly was formed.

Break - The time now is 1:30 to 2:30.

Everyone came to the auditorium to see the second movie, “The Black Panthers.” After the movie the chairman from each high school attending spoke and told us what their school was doing, and what their final school was for the day.

Fremont: A brother was assasinated by a devil (who calls himself a human) but the brother defended himself with pole, the teacher immediately contacted the police, and the student (Gregory Philip) put in juvenile hall for three days and had him kicked out of school until 12th grade. He had the pole and one eye and one eye closed. He had reached the verdict before the brother even entered the courtroom. He was found guilty. They went before the court Monday. (Can’t say what happened to the charges after, wanted to drop the charges. They are going to hold a demonstration on about 3 weeks, and they will ask all black students to come and show their support.

Poly Technic: Friday morning ten representatives met with the board of education. The board didn’t want to do anything. Now when over the students want to meet with the head man he says he can’t.

Friday when they came back from the board meeting they had a school assembly and $40 checks were given out. The students Poly said to be pimping and prostituting for their lunch money.

Reedwood: They presented their demands to the Board of Education:

1. connectors (black)
2. black teachers
3. tech courses
4. overall courses
5. black history
6. using (big lay up a brother and a sisters were arrested)
7. they are going to have a board told them that housing was a housing problem. They are pretty well organized.

David Harkins is speaking on the education of black students, and stressing the point for equal performance for Gregory Philip. He said that we should try to unify all Black Students from all schools. He said that brother Gregory Philip is out of jail, but that we should try to get him back again.

Reedwood (South Campus). They are in a big uproar over natural colors. They want the color they make with hair (natural color) to be legal, and black suits have been blacked out.

Sacramento: Their school is only 15 black. They form a black students union, but didn’t know how to function. The reason they came to the meeting was they want a black student union. They wish there could be another so that they could learn more about the function of a black student union.

Washington: They’ve been waiting the moral down for 2 1/2 years and if it’s not down by this semester they’re going to take it down by any means necessary. In its place they want a unity of majority groups in America. Such as, Indians, leaders, etc. Wednesday the board had a meeting with three representatives. The board put it off until a meeting in the fall.

Search for Better Teachers

NEW YORK — Whitney M. Young Jr., executive director of the National Urban League, declared that black parents and children in the stormy Caesar-Hill-Brownsville school district were reacting against teachers "who didn't care."

He said that "if you're going to try and experiment in the Chicago Hill-Brownsville honesty, you must remember that it's an experiment and we're going to have to wait 10 years to get the results.""
CONCESSIONS AT NORTHWESTERN UNIV.

EVANSTON, ILL.—After years of struggle and protests that fell on deaf ears, Black students at Northwestern University have forced officials to grant several concessions.

JAMES TURNER, spokesman for the Black Student Alliance, labeled the agreement which now is being implemented, "the beginning of the most significant development for Black people and their students and the most constructive recent innovation for American institutions of higher education."

The agreement covers such areas as admissions, financial aid, housing, counseling and facilities for Black student organizations.

Roland J. Hlas, vice president for student affairs and dean of students, said new courses in Afro-American studies are being added to the curriculum this year and that visiting professors will teach some of them.

Lerone Bennett Jr., senior editor of Ebony magazine and author of four books on black history, and Prof. Margaret Walker Alexander of Jackson State College, will join the faculty as visiting professors.

In addition, Black students will be permitted to live together — away from whites — and a Black student counselor will be appointed. The Black Student Alliance and other Black organizations have been granted sole use of special university space and facilities, and the financial aid requests of Black students will get special attention.

Hlas said that last spring the university's 14 Black students performed above the median average, achieving a 2.5 average.

During the spring quarter, almost all of the university's Black students took over the university business office for 24 hours to protest conditions Black students faced at the school. The protest led to the new agreement.

TO HUEY AND OUR PEOPLE IN THE PIG'S PEN

It is the ushered fate of every revolutionary to be captured by the oppressor and cast away into one of her pig pens. But even those whose bodies are dressed in pigskin and whose spirit and souls are free and exist in the hearts of the people, which we have to inspire with collective revolutionary egoism.

Those of us who have that vital courage will survive, insulate and win, while those who have not once again for the time being spread counterrevolutionary, sowing discord and division, will be benefitted not only by our failures, but also by those who look in our minds, our skills and our resources. How many of our brothers and sisters have the initiative to build our strength instead of justifications? If we lose the chance, we make away our doubts away completely, and that will take time and effort.

The strength of the Black Nation has the power to prevent the wheels which imprison us. We have not forever, just collaborating our strengths to get all of us.

POCKET LAWYER OF LEGAL FIRST AID

This pocket lawyer is provided as a means of keeping black people up to date on their rights. We are always the first to be arrested and the racist police forces are constantly trying to pretend that rights are extended equally to all people. Cut out your brothers and sisters, and carry it with you. Until we arm ourselves to righteously take care of our own, the pocket lawyer is what’s happening.

1. If you are stopped and/or arrested by the police, you may remain silent; you do not have to answer any questions about alleged crimes, you should provide your name and address only if requested (although it is not absolutely clear that you must do so.) But then do so, and at all times remember the fifth amendment.

2. If a police officer is not in uniform, ask him to show his identification. He has no authority over you unless he properly identifies himself. Beware of persons posing as police officers. Always get his badge number and his name.

3. Police have no right to search your car or your home unless they have a search warrant, probable cause or your consent. They may conduct no exploratory search, that is, one for evidence of crime generally or for evidence of a crime unconnected with the one you are being questioned about. (Thus, a step for an auto violation does not give the right to search the auto.) You are not required to consent to a search; therefore, you should not consent and should state clearly and unequivocally that you do not consent, in front of witnesses if possible. If you do not consent, the police will have the burden in court of showing probably cause. Arrest may be corrected later.

4. You may not resist arrest forcibly or by going limp, even if you are innocent. To do so is a separate crime of which you can be convicted even if you are acquitted of the original charge. Do not resist arrest under any circumstances.

5. If you are stopped and/or arrested, the police may search you by putting you on the outside of your clothing. You can be stripped of your personal possessions. Do not carry anything that includes the name of your employer or friends.

7. Do not engage in “friendly” conversation with officers on the way to or at the station. Once you are arrested, there is little likelihood that anything you say will get you released.

8. As soon as you have been booked, you have the right to complete at least two phone calls—one to a relative, friend or attorney, the other to a bail bondsman. If you can, call the Black Panther Party, 454-2003, and the Party will post bail if possible.

9. You must be allowed to hire and see an attorney immediately.

10. You do not have to give any statement to the police, nor do you have to sign any statement you might give them, and therefore you should not sign anything. Take the Fifth and Fourteenth Amendments, because you cannot be forced to testify against yourself.

11. You must be allowed to post bail in most cases, but you must be able to pay the bail bondman’s fee. If you cannot pay the fee, you may ask the judge to release you from custody without bail or to lower your bail, but he does not have to do so.

12. The police must bring you into court or release you within 48 hours after your arrest (unless the time 7’s on a week-end or a holiday, and they must bring you before a judge the day after your arrest is in session.)

13. If you do not have the money to hire an attorney, immediately notify the police to get you an attorney without charge.

14. If you have the money to hire a private attorney, but do not know of one, call the National Lawyers’ Guild or the Alameda County Bar Association and they will furnish you with the name of an attorney who practices criminal law.

for real, I mean that love for real, the struggle would move along and your life would be right on. Right now the uneasy feeling which keeps throbbing in my soul becomes stronger. The ones that say they love you but don’t know what in real going on inside them. I only wish Allah would allow me to possess the gift of mind reading, but he has given me signs not only in the above above but right down here, but not until I see another sign will I move on wherever comes to my mind.

To a martyr, you’re just another biggie gone or maybe the best generation will read about you in their history books. Whatever you stood for, whatever you did and all your accomplishments. Sometimes I feel like saying fuck it and I don’t care if I die but brothers and sisters remember this: boosting your revolutionary life will only be your death to Matlah.

THE PROGRAM IS USUALLY DIVIDED INTO ONE SECTION OF TEN POINTS
ENTITLED "WHAT WE WANT" AND THEN TEN PARAGRAPHS EXPLAINING
THESE POINTS IN A SECTION ENTITLED "WHAT WE BELIEVE." FOR THE
SAKE OF CLARITY, WE HAVE PUT EACH ONE OF THE TEN POINTS IN "WHAT
WE WANT" IMMEDIATELY ABOVE ITS CORRESPONDING PARAGRAPH IN
"WHAT WE BELIEVE."

1. We want freedom. We want power to determine the destiny
of our Black Community.

We believe that black people will not be free until we are able
to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and
obligated to give every man employment or a guaranteed income.
We believe that if the white American businessmen will not give
full employment, then the means of production should be taken
from the businessmen and placed in the community so that the
people of the community can organize and employ all of its
people and give a high standard of living.

3. We want an end to the robbery by the white man of our
Black Community.

We believe that this racist government has robbed us and now
are demanding the overdue debt of forty acres and two mules.
Forty acres and two mules was promised 160 years ago as restitution
for slave labor and mass murder of black people. We will
accept the payment in currency which will be distributed to our
many communities. The Germans are now aiding the Jews in
Israel for the genocide of the Jewish people. The Germans mur-
dered six million Jews. The American racist has taken part in
the slaughter of over fifty million black people; therefore, we feel
that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent
housing to our black community, then the housing and the land
should be made into cooperatives so that our community, with
government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true
nature of this decadent American society. We want education that
teaches us our true history and our role in the present-day
society.

We believe in an educational system that will give to our
people a knowledge of self. If a man does not have knowledge of
himself and his position in society and the world, then he has
little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that black people should not be forced to fight in
the military service to defend a racist government that does not
protect us. We will not fight and kill other people of color in the
world who, like black people, are being victimized by the white
racist government of America. We will protect ourselves from
the force and violence of the racist police and the racist military,
by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and
MURDER of black people.

We believe we can end police brutality in our black community
by organizing black self-defense groups that are medical, and to
defending our black community from racist police oppression
and brutality. The Second Amendment to the Constitution of the
United States gives a right to bear arms. We therefore believe
that all black people should arm themselves for self defense.

8. We want freedom for all black men held in federal, state,
county and city jails and prisons.

We believe that all black people should be released from the
many jails and prisons because they have not received a fair and
impartial trial.

9. We want all black people when brought to trial to be tried
in court by a jury of their peer group or people from their black
communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States
Constitution so that black people will receive fair trials. The
14th Amendment of the U.S. Constitution gives a man a right
to be tried by his peer group. A peer is a person from a similar
economic, social, religious, geographical, environmental, his-
torical and racial background. To do this the court will be forced
to select a jury from the black community from which the black
defendant came. We have been, and are being tried by all-white
juries that have no understanding of the "average reasoning man"
of the black community.

10. We want land, bread, housing, education, clothing, justice
and peace. And as a major political objective, a United Nations-
supervised plebiscite to be held throughout the black colony to
which only black colonial subjects will be allowed to participate,
for the purpose of determining the will of black people as to
their national destiny.

When, in the course of human events, it becomes necessary
for one people to dissolve the political bands which have con-
ected them with another, and to assume, among the powers of
the earth, the separate and equal station to which the laws of
nature and nature's God entitle them, a decent respect to the
opinions of mankind requires that they should declare the causes
which impel them to the separation.

We hold these truths to be self-evident, that all men are
created equal; that they are endowed by their Creator with
certain unalienable rights; that among these are life, liberty,
and the pursuit of happiness. That, to secure these rights,
governments are instituted among men, deriving their just
powers from the consent of the governed; that, whenever any
form of government becomes destructive of these ends, it is
the right of the people to alter or to abolish it, and to institute
a new government, laying its foundation on such principles, and
organizing its powers in such form, as to them shall seem
most likely to effect their safety and happiness. Prudence,
indeed, will dictate that governments long established should
not be changed for light and transient causes; and, according
to all experience hath shown, that mankind are more disposed
to suffer, while evils are sufferable, than to right themselves
by abolishing the form of government which they are accustomcd.
But, when a long train of abuses and usurpations, pursuing
invariably the same object, evinces a design to reduce them under absolute
despotism, it is their right, it is their duty, to throw off such
government, and to provide new guards for their future security.
